

KINGSTON GIVES WELCOME TO WATERTOWN VETERANS

Britishers From Popular American City Paid a Visit Here Saturday.

The British Great War Veterans of Watertown, N.Y., held their excursion to this city on Saturday in spite of the inclement weather, and through the splendid co-operation of the local branch, G.W.V.A., at least some part of the expected enjoyment was derived from the visit. Addresses of welcome, a visit to the main points of interest in the city, including the historic Memorial Hall in the city buildings, a dance in the G.W.V.A. club-rooms, and finally a ball game between the Watertown Knights of Columbus and Kingston, were the features of the entertainment possible in spite of the rain.

The excursion party arrived on the steamer Waubic about 12.30 p.m. and the visitors, who numbered around two hundred, were met at the wharf by Dr. D. A. Volums, president of the local G.W.V.A., members of the Veterans' executive, Ex-Mayor H. C. Nickle, and other prominent citizens. The pipe band of the Princess of Wales' Own Regiment was also on hand to greet the American returned soldiers and their friends, and the pipers led the party to the Memorial Hall.

Arrived at the hall, Dr. Volums gave a very cordial welcome to the visitors, and in his address he expressed regret that much of the programme planned for the day would be curtailed on account of the rain. He remarked concerning the appropriate setting for a welcome to returned soldiers, as this hall, and the memorial windows, was a tribute to the supreme sacrifice during the Great War. He welcomed the party on behalf of the local branch, G.W.V.A., and assured his audience that a good time would be spent by all in spite of the unfortunate weather. Dr. Volums then sketched the programme for the afternoon, and invited one and all to visit the club-

A Modern Newspaper Building

The above drawing shows the handsome newspaper building that will be erected in Windsor, Ont., by Mr. W. F. Herman, publisher of The Border Cities Star. The exterior will be done in Bedford stone and the building, throughout, will represent the latest view in construction ideas. Provision is made for the installation of twenty linotype machines and, ultimately, two great presses. One of these, a 48-page Hoe, printing in four colors, is now being manufactured. Freight and passenger elevators will be ready for occupancy early in 1922.

rooms of the veterans, where dancing would be held, and tea served by the ladies of George Richardson Chapter, I.O.D.E.

Brig-General Hill expressed his pleasure at being asked to welcome the party on behalf of Kingston military headquarters, and remarked that no more fitting place for such a gathering could be selected. The Canadian and American returned soldiers were brothers in the truest sense of the word, not only due to the fact that their ancestry was the same, but because they had fought side by side during the recent great conflict. Even the weather was sympathetic of the storm which engulfed the British Empire in the turmoil of

war from 1914 to 1918. The general stated that the American soldiers were welcomed in the dark days of 1917, and they were equally welcome to-day.

Continuing, General Hill remarked that Kingston was rich in military traditions, and that no place in the city had more memories attached to it than had the Memorial Hall. He referred to the significance of the windows, especially the one bearing the name of Vimy Ridge, which battle had given to our present Governor-General his title. The speaker outlined something of the importance of this great battle which had been the turning point of the war. In conclusion, the speaker mentioned the general regret concerning the weather, which would mar the visit to some extent, but he assured the party that they would always receive a warm welcome in Kingston, whether the sun was shining or not.

W. F. Nickle, M.P.P., extended a warm welcome on behalf of the mayor, who was unable to be present, and the citizens of Kingston. He humorously referred to the wet days in comparison to the "dry" laws in effect, but hoped that the general hospitality of the citizens here would more than make up for the unpleasant weather. He sketched something of the city's history, which he described as lending itself very happily to fine weather. As an educational centre, this city ranked high in the Dominion, as being the seat of Queen's University and the Royal Military College. The latter institution came in for high praise from the speaker, who stated that it was the West Point of Canada, and that should explain itself to any American. He hoped that the visitors would have time to inspect both of these great institutions, and concluded by wishing everyone a very, very hearty welcome.

In a very eloquent address, Ex-Mayor H. C. Nickle gave the history of each of the memorial windows in the hall, which had been donated by prominent citizens of Kingston to perpetuate the deeds of our gallant soldiers who had laid down their lives France. His address was listened to with rapt attention by the audience, and the windows were later minutely inspected by the party. Mr. Nickle invited the audience to visit the hall at any time in the future, and upon their return to their own city to tell their friends of the beauty of the memorial, that they might visit it as well.

J. B. Gribbin replied on behalf of the Watertown veterans, and thanked the speakers and the local association of returned soldiers for their many kind words and the hearty welcome which had been extended to them. He stated that Mayor Cahill was unable to accompany the visitors, otherwise a more eloquent address might have been given to convey the pleasure of his friends. The visitors then proceeded to the G.W.V.A. club-rooms where they were guests during the afternoon. Salisbury's orchestra was in attendance, and dancing was held for the younger people. Refreshments were served by several ladies of George Richardson chapter, I.O.D.E., and a

very enjoyable time was spent. Later in the afternoon, when the rain had cleared, the members of the local association brought their autos into use, and the R.M.C., Queen's University, and other places of interest were visited. Many of the visitors attended the ball game at the cricket field, which was finally staged about 6.15 o'clock.

Every member of the party was delighted with the hearty welcome tendered them, and the splendid programme arranged for their entertainment during their stay here. Before leaving to take the return steamer at 8.30 in the evening, Mr. Gribbin and other officials of the Watertown organization extended the local veterans a warm invitation to pay a return visit to their city at any time in the future, and preliminary plans were discussed for the excursion.

HIGHER FIGURES.

Were Quoted for Unlisted Securities During Last Week. Toronto, July 1.—The unlisted securities as outlined in A. J. Pattison Jr. & Co.'s report were for the most part quoted at higher figures on more active trading. Buyers are still in the majority at present levels and all dividend payers continue to steadily advance without meeting any large volume of selling. Investors show an inclination to sell bonds which show a profit and to replace the funds in stocks bearing a higher yield.

The oil stocks rallied from the low point of the week on news of a general increase in prices. Imperial Petroleum 23 1/4 to 23, and Mutual 10-11. Massey Harris under strong demand moved up to 54 bid without change. This issue appears to be headed for materially higher figures. Cocksutt Plow was offered in large blocks in a market bare of bids, easing 2 points to 46-49 without creating interest. Holders of Massey Harris, save in exceptional cases, are not interested in disposing of their holdings at anywhere near present levels, with the result that quotations change 4 or 5 points without any stock coming out while Cocksutt Plow appears to be under steady liquidation by English shareholders. The demand for Westinghouse moved this issue to 115 bid, a rise of 4 points without bringing out stock. Great Western, which lacks any kind of support, was offered down to 55—no bid was obtainable. Durant Motors were quite active at 9 3/4 to 10 1/2. Alberta Pacific Grain Preferred lost a point to 54-58, while the Common widened slightly to 103-112 1/2. Cuban Canadian Sugar Preferred gained 7 points to 39 bid on rumors of the improved position of the company, which it is stated has now turned the corner. Mattagami Debentures gained 5 points for the week to 40 bid, with none offered. Whalen Debitures made their appearance for the first time in weeks, being offered at 65. Home and Sterling Bank were both in demand in a market practically bare of offerings.

TAMWORTH INTERESTED.

In Chautauqua at Kingston — Look for Pleasant Week. Tamworth, June 28.—The village and vicinity are looking forward to a pleasant week to attend the Chautauqua at Kingston, July 1-7th. Mrs. Wolf and children, Syracuse, are visiting her mother, Mrs. Phil McKim. L. Clark and friend, of Peterboro, spent the past week at his father's, Rev. Mr. Clark. William Hunter, Manitow Island, is visiting his mother.

The strawberry festival held at the rectory lawn, Saturday last, was well attended. The Tamworth band made its first appearance and gave splendid music. Mr. Lloyd, Tweed, was visiting his cousin, Miss Helen York, the past week. A Whig representative was here on Tuesday. The Women's Institute was held at the assembly hall on Tuesday last. It was well attended. A. B. Carscallan was awakened on Sunday morning by an early caller announcing that his dynamo had caught fire. A disastrous fire was thus averted.

Serfdom existed in Russia as late as 1863.

NEWS FROM THE DISTRICT

Culled From the Whig's Many Bright Exchanges—Brief Items Full of Interest.

Thomas Breen, Tweed, on Wednesday, before Magistrate Masson, pleaded guilty to a charge of selling liquor. A fine of \$200 and costs was imposed. In the very severe storm of last week, besides accidents of minor importance, Charles McNamee, Toledo, was so unfortunate as to have three cows killed by lightning. A very pretty wedding was solemnized at St. Charles' church, Read, on June 14th, when Mary, eldest daughter of Mr. and Mrs. B. McGinnis, became the bride of Martin Kehoe. The death is reported of Henry Odel Cole at the home of his son, W. M. Cole, Rednersville. He was born in Prince Edward in 1847.

DID YOU EVER STOP TO THINK—

THAT it is not what you make, but what you **SAVE** that counts.

THAT the man in whom the fires of ambition burn to become rich in worldly goods is in a better position to paddle his own canoe in life than a man who sails the uncertain seas of life without a guiding star as a beacon light.

THAT to see your city a Bigger, Brighter, Better and Busier City is a laudable ambition and one that every man, woman and child in your city has a right to cherish.

THAT you should back the ambitions of your city to the limit.

THAT your newspapers are **BUILDERS OF BUSINESS.**

THAT to get better business in shorter time, at smaller cost, **ADVERTISE.**

THAT the right kind of publicity attracts both business and population from the country over.

THAT you should build a reputation for your city as a progressive, forward-looking community that sets the pace for your neighboring cities.

THAT your city will only be as great as your citizens make it. **MAKE IT GREATER.**

THAT there are many attractive homesites offered for sale in your city. Look them over—you might find one you like.

THAT these are competitive times. Your business will be what **Vision, Determination, Effort and GOOD HORSE-SENSE** makes it.

Be Your Own Skin Specialist

New Treatment Brings Fresh, Youthful Complexions. Clear away every pimple, every black-head and every other skin blemish almost like magic! Exchange muddy or rough skin for a clear, smooth, velvety one. It is delightfully easy to do. Just take two pleasant-tasting tablets of Ironized Yeast three times a day, and, in an incredibly short time, blemishes will have vanished. Ironized Yeast supplies you with certain vital elements now lacking in your food—the very elements needed to keep your skin clear and your cheeks rosy. Get a box of these remarkable tablets from your dealer today. In a short while your envy and admiration of your friends. Get Ironized Yeast today. To try it free, mail postcard for Famous Day Trial Treatment. Address Harold F. Ritchie & Co. Ltd., Dept. 89, Toronto. Ironized Yeast is recommended and guaranteed by all good dealers.

Jobs Depend on the Safety of the Forests

DON'T take any chances with fire in Ontario's forests. **DON'T** throw away cigarette or cigar butts, pipe "heels" or burnt matches until you are dead sure they are out. **DON'T** neglect to drown out your fire with lots of water. **DON'T** build your camp fire against a rotten log or stump; nor on windy points; nor near moss patches; nor at the base of a tree. Build it in a former fireplace, or on a flat rock, or on a spot cleared down to the true soil below, or by the edge of the water. **DON'T** forget that the upper layer of ground in the forest consists of partially rotted wood which will burn.

RIVER DRIVERS, shanty men, pulp loggers, and all men who work in the lumber woods, on the river or at the mill—get this: Your job depends on keeping forest fires from burning up the bush. Every time you leave a camp fire or a smudge burning you are taking chances on a forest fire that will do you out of a job. Every time you throw away a burning match or a cigarette, or drop the "heel" of your pipe on the ground, you are taking a chance. In summer time, moss, dead wood, dry leaves or the regular wood-fibre soil of the forest are all ready to burn. Millions of feet of timber and pulp are being burnt up that way every year.

Ontario's forests are not growing fast enough to keep up. Forest fires will do you out of a job if they keep on a few years more. Watch yourself.
