Injured by an Explosion.
At Alexandria Bay, N.Y., Ben-
jamin Wilbur and Daniel Massey
were badly burned by the explosion
of a basket of firecrackers. A wound
nearly as big as one's fist was torn in
Wilbur's left side near the lung and
pieces of his coat and shirt clung to
the rib. Both men were given anti-
toxin and it is not believed that the
accident will result seriously.

All Kingston on Six Ocean Liners.
Some splendid photographs of the
world's six largest ocean-going liners
have proved interesting at present on
display in the window of the Cana-
dian National Railway uptown of-
fice, opposite the Grand Opera House.
These magnificent liners are truly
called cities of the sea, as the whole
population of Kingston numbering
22,234 could be placed on these six
liners with the utmost comfort and
luxury of their surroundings.

Has "Growing Pains."
Queen's summer school has now
grown to such a size that it has
reached the stage of having "growing
pains" as one of its professors de-
scribed it. In some subjects the ac-
commodation, which is ample for the
winter sessions, has been found in-
adequate to provide for the larger
class of summer students. In one
class there are about half as many
again taking the course this summer
as at the winter session. This shows
the extent to which the summer
school has become a part of the uni-
versity.

Churches Should Advertise.
This city has several churches, all
of them good. Do you realize that
every Sunday there are strangers in
this city, who would like to go to
"their own" church. Then too,
there are new comers who are mak-
ing their homes here and almost the
first thing they want to find is "their
own" church. A notice in the
classified ad would bring those people to
"their" church. Now a day the
church that wants to do the most

good must make itself known. It
can be done in the classified adver-
tisements.

Apply to Enter Medicine.
Although the course will not start
for three months, a number of ap-
plications have been received at
Queen's medical school from students
desiring to take a medical course.
The first of these was received in
April before the last year term
was over. This augurs well for the
next year's freshman class. As soon
as the matriculation results are an-
nounced, many more applications are
expected.

Engagements Announced.
Mr. and Mrs. Peter J. Noonan,
announce the engagement of their
daughter, Mary Veronica to James
John Heney, Fort William, son of
Mr. and Mrs. P. J. Heney Ar-
prior, the marriage to take place
early in July.
Mr. and Mrs. R. J. Wallace,
Prescott, announce the engage-
ment of their daughter, Luella Kathleen,
to Stuart J. Holmes, Spencerville,
Ont. The marriage will take place
in July.

Fodder Will Be Plentiful.
A. W. Sirett, who has been attend-
ing the annual conference of agricul-
tural representatives held at Co-

bourg, returned to the city Saturday.
Matters affecting the agricultural in-
dustry generally were discussed.
There was general satisfaction re-
garding the crop outlook. This year
the moisture has been of great bene-
fit to grain and root crops, and vege-
tation is luxuriant. Live stock will
thrive, and there will be no scarcity
of fodder next winter.

Lyndhurst Locals.
Lyndhurst, July 5.—Mrs. G. S.
Rooney, Kingston, and daughter and
son, have returned to their home
here to spend the summer. Mrs.
John Cardiff has gone to Smith's
Falls to see her aunt, Mrs. Pope,
who is ill. A. C. Brown is over-
hauling his residence, adding a ver-
andah, etc. Mr. and Mrs. J. Barrie,
Kingston, are visiting at Mrs. W.
Johnson's. Miss Constant Harvey
has returned home from White River
where she has been teaching.
George Roddish and son have gone
on a trip to Cobourg. A severe elec-
tric storm passed over here last
Tuesday doing a lot of damage to
Robert Scott's house, breaking a
number of the windows. Mr. and
Mrs. Clyde Green of Oak Leaf,
were visitors at Mrs. W. Webster's.
E. Harvey and his friends from Ot-
tawa visited at his brother's cot-
tage at the Red Horse. Born to Mr.
and Mrs. Clifton Sheffield, a son, on
July 4th.

to the public. Price's Dairy does that—and more. Daily hundreds of
Kingston families are benefitting by the service that our dairy renders to them
—our second service—but not the least by any means is the process that
our milk undergoes before leaving the dairy.
