### TWENTY-FIVE PER CENT. INCREASE THIS YEAR

#### The Students' Organization is Aggressive and Doing Splendid Work.

"Registration over 350 and still growing" was the information given at Queen's summer school Monday afternoon. This statement would indicate that the professors of the school who suggested 330 as a probable final figure for the attendance were modest in their estimate. This will mean that the school will duplicate its performance of last year and again make a twenty-five per cent. increase over the previous years attendance.

The history of the school is an interesting one, starting with but a few scholars until now in its thirtieth year it has almost outgrown the highest ambitions of its founders. The rapid growth of the school may be credited to two factors, the students and the university. Both are equally striving to advance the school year by year.

The students organizations are very energetic in their campaigns, following the example set by the late J. K. Curtis, Ottawa, who in the darker days of the summer session spent time and money to organize students and assist the university to hold it together, and in whose memory a memorial scholarship fund is being raised, are very energetic in their campaign. An organization, of which an army commander would be proud, has the whole dominion from Nova Scotia to British Columbia under survey and every winter the students of the school are ordered to "preach Queen's" and the results show the kind of work they do.

The university and its professors are no mean support to this organization for as every advance is made the university is meeting the students and at their request giving them the courses they wish to take, supplying their needs with as great an interest as they do those of the winter courses. The university finds that these students do very well on examinations as in the majority of cases they are older than the ordinary winter students and bring experience into their work as well as memory.

#### DOMINION DAY, 1867.

#### Picture Recalls Gruesome Find of Capt. James Dix.

Capt. James Dix, meeting a Whig representative said, "On June 30th you had a picture in the paper of the first celebration of the Confederation of the Dominion in Kingston. The picture was taken of the crowd on the Market Square. I was one of the persons present. July 1st, 1867, is greatly impressed on my memory. I was a small boy living on Garden Island and my father was to take part in a yacht race in Kingston on Dominion Day. The yacht was being built at Portsmouth and early on the morning of the race I started to row up to Portsmouth to see if the boat was ready. About 6 a.m. I crossed under the bows of the schooner Chieftain and looking up saw a man hanging from the bowsprit. His face was as black as tar. He had hung himself there and none of the crew knew it. For that reason I remember very vividly the first Dominion Day in Canada."

#### Charged With Assault.

Brockville, July 11.—Accused of having held up with a revolver a young woman named Beatrice Thorpe, who was picking berries near his farm, and of having attempted to assault her, Thomas Collison, a Dundas county farmer, is being held at Winchester. It is also alleged that Collison threatened to shoot the parents of the girl if they took the matter to law.

The fire situation is still menacing in British Columbia.

#### A Divorce Granted

After many years of patient suffering, you can be divorced from corns, you can get rid of them completely by applying Putnam's Corn Extractor. This wonderful old remedy acts in 24 hours, and never fails. Refuse a substitute and remember "Putnam's" is the only Painless remedy. 25c. everywhere.

### HEAD COVERED WITH PIMPLES

#### Itched Badly. Baby Cried At Night. Cuticura Heals.

"My baby's head was covered with hard, red pimples. They itched so badly that she scratched them until they developed into raw eruptions. Her hair began to fall out, and at night she cried and kept me awake. I tried different remedies without relief until I started using Cuticura Soap and Ointment. After one week's use I saw a great improvement, and after using two cakes of Cuticura Soap and three boxes of Cuticura Ointment she was completely healed." (Signed) Mrs. M. De Stefano, 75 French St., Bridgeport, Conn., May 11, 1921.

Use Cuticura Soap, Ointment and Talcum exclusively for every-day toilet purposes.

### BOY, 11, ENDS HIS FIRST YEAR IN HIGH

#### Joseph Houghton, of Alexandria Bay, Excels in Studies—Also Likes Athletics.

Unusual credit is due to Joseph Houghton, the young son of Mr. and Mrs. Norris Houghton, Alexandria Bay, N.Y., who has just completed his first year high school, although he is only eleven years of age.

He was not only the youngest member of the first grade of high school, but he received the highest general average, for which he was given a prize of \$10. He received three other prizes for \$10 each, one in mathematics, another in science, and the other in history. He is not only a prodigy in his studies, but is generally popular with all of his school associates. He is planning to go to Syracuse university when he has finished the course at Alexandria Bay high school, where his sister, Miss Houghton, who is also a brilliant student, has just completed her first year.

While Joseph is of necessity studious, he likes to play ball and other games, just as much as the boys who play too much and study too little. He remembers the admonition of his principal, Prof. Radley that nothing in this life is accomplished without some sacrifice, and Joseph prefers to sacrifice some of his play time so that he may excel in his studies.

LATE W. H. BIGGAR, K.C.

#### Formerly Mayor of Belleville and Member of Legislature.

The late W. H. Biggar, K.C., vice-president and general counsel of the Grand Trunk Railway System, who died in Montreal suddenly Friday night in his sixty-ninth year, was the son of J. L. Biggar, formerly M.P. for East Northumberland. He won first honors in scholastic and athletic fields at Upper Canada College. Called to the Bar in 1880, he entered into partnership with John Bell, K.C., of Belleville, General Solicitor for the Grand Trunk Railway System, under the firm name of Bell & Biggar.

Mr. Biggar was elected mayor of Belleville in 1888-89 and was elected to the Ontario legislature in 1890 in the Liberal interest as M.P.P. for West Hastings. Although offered the Speakership of the Ontario Legislature, he retired from active political life after two terms, to attend to his railway and legal duties. He was made a Q.C. in 1899. In 1903 the late Charles M. Hays, President of the Grand Trunk Railway, brought Mr. Biggar to Montreal as assistant general solicitor to the system on the inception of the Grand Trunk Pacific plan. He was made General Counsel of the system in 1910.

Mr. Biggar was regarded as having the most accurate knowledge of the whole proceedings connected with the building up of the Grand Trunk Railway System and of the Grand Trunk Pacific. He appeared before the Privy Council in 1911 in the important implementary case of the Grand Trunk Pacific versus the Dominion government, arising out of the guarantees in connection with Grand Trunk Pacific bonds, and won a victory that aroused widespread comment. He was Chief Counsel for the Grand Trunk in connection with the arbitration proceedings held here last year for the valuation of Grand Trunk stock, a case that will be decided by the Privy Council in London.

The funeral took place in Belleville, Tuesday afternoon, and so numerous were the parliamentary, business, railway and legal friends of the deceased counsel, that a special train was run from Montreal to Belleville to accommodate them.

George C. Biggar, of Canessa & Biggar, stock brokers, Toronto, and H. P. Biggar, Archivist for the Dominion government in London, Eng., are brothers. Mrs. George F. Burton, Toronto, and Mrs. R. A. Bull, Belleville, are sisters.

Major-General James Lyons Biggar, another brother of the deceased, died during the present year after long and distinguished service in the military forces of the Dominion.

#### Priest Eludes Holdup Man.

Sudbury, July 11.—An attempted hold-up on the Sault road, near Thessalon, on Friday night last has just been reported here. Bandits in autos and on bicycles stopped an auto coming from Father Bruneau's picnic at Thessalon, and searched it, hoping to find the proceeds of the afternoon's outing. They were disappointed, for Father Bruneau, in an auto following, was carrying the money, and when he noticed the leading auto stopped ahead of him, he sensed the trouble and turned back. The bandits gave chase, but he eluded them.

Maurice Kernaman, Toronto, tried to swim in the Humber after a meal and was drowned.

Troops are ready at Chicago for any emergency in the rail strike.
