## Wasapika West Tree Moneta

The mining market is active and spectacular moves are looked for, particularly in the above stocks.  
 It is said the mining market is fairly bare of stocks. We would advise the purchase of these shares.  
 We give quick and efficient service in all markets.  
 We buy mining stocks for cash or on a sufficient margin.

Telephone 821.

## Select Laxative Medicine With Great Care

In debility and weakness, medicine should be mild and far reaching. Many pills and purgatives are too hard, are drastic instead of curative. Excessive action is always followed by depression, and knowing this Dr. Hamilton devised his pills of Magna-drake and Butternut so as to mildly increase liver and kidney activity, so as to flush out the system by toning and regulating the bowels. Thus do Dr. Hamilton's Pills eliminate poisons from the body, thus do they restore clearness to the skin, thus do they renew health and strength. To keep your system in healthy, good working order, regulate it with Dr. Hamilton's Pills. 25c, all dealers, or The Catarhose Co., Montreal.

ilton, 33; Kingston, \$1.25; London, \$1.50 to \$1.60; Peterboro, 75c a peck; St. Thomas, \$2 to \$2.25; Woodstock, 65 to 85c a peck.

## Lunchers Now Must Not Litter Church Yards

New York, July 14.—No longer do throngs of stenographers and bookkeepers perch upon the tombstones marking the historic graves of St. Paul's and Trinity churchyards and drop the ruin of ham sandwiches on the long-gone Knickerbocker fathers.  
 The graveyards, the only open spaces located in the midst of the city's financial district, are always filled by noonday crowds, but now with sextons on watch, all sit in the prescribed benches or around the base of the churches. When luncheon hour nears its end the dinners at fresco, neatly folded their lunch wrappings and place them in rubbish cans set for the purpose. The old days of hilarity are over and the city's founders rest in peace.

# Independence

Independence is not an indefinite something which just comes. It is a success quality which very very few—in fact only four men out of every hundred at 65, have attained.

A Manufacturers Life policy is not only a stepping stone to independence; it is the very foundation upon which it can be built. Systematically setting aside a part of your income year by year will bring you well-earned independence in later life. Should you not live to old age your life insurance will create a fund that will help to maintain your dependents.

Build NOW for independence. Send for information regarding our Double Maturity Endowment Policy.

## Participating or Non-Participating Which?

THE following diagram shows diminishing premiums of a policy under Mutual annual dividends, and represents the actual experience of policy No. 1270, now in force in the Mutual Life of Canada, the irregular line showing how annual dividends have reduced the premium year by year, until in 1922 the assured paid only \$2.92.

The straight line represents the lowest non-participating rate in 1872 of which we have any knowledge.

Had the man taken a non-participating policy, \$976.65 he would have paid to date.

Having taken a participating policy with annual dividends, he has to date paid 523.34

Saved by taking a participating policy 453.31

This policy is not an exception—it is typical—and a company that can show such results over a period of fifty years can safely be trusted with the business of to-day and to-morrow. The surest guarantee for the future is the indisputable record of the past. Send for our leaflet "Life Insurance at Cost."
