CONTRACT TO RELEASE STEAMER RAPIDS PRINCE

Has Been Awarded to the Donnelly Salvage and Wrecking Company.

The Donnelly Salvage and Wrecking Company has been awarded the contract to release the steamer Rapids Prince from her perilous position in the Lachine Rapids, near Montreal. The salvaging operations will be exceptionally difficult, owing to the strong current of the rapids, and to the position in which the stranded steamer is placed. It is understood that the steamer will be refloated by cables running from an adjacent island.

Very little information could be obtained by the Whig Saturday morning, owing to the fact that Capt. John Donnelly is in Montreal on business concerning the present contract. It was learned, however, that the tug Frontenac will probably leave tonight, for the scene of the operations, and cables and other necessary salvage equipment will be taken along. A large scow will be used in the work alongside the Rapids Prince, while it is the intention of the salvage crew to run a cable from an island, several hundred yards away to the steamer.

The Rapids Prince is securely placed on her position between the rocks of the rapids, but it is thought that she is in no danger as yet. No time will be lost, however, as almost the full force of the current is now playing on her side. She is nearly broadside of the current, and it is only from the lower side of the vessel that she can be approached.

It is considered that the present contract is one of the most difficult that the Donnelly has ever handled, and local marine men will watch the result of the work with great interest.

AN ADDITIONAL GRANT OF \$25,000 DESIRED

In Order to Get Work Started on New Isolation Hospital.

If the city council approves of the decision of the finance committee reached on Friday evening, work will be commenced immediately on the new isolation hospital.

A request was presented to the committee to recommend a further grant of \$25,000 for the building. It was pointed out that the tenders had been higher than anticipated, and that if new plans and tenders were called for, the work would be delayed and the building would not be so well appointed. The committee believed that it would be desirable to have the edifice erected this year to provide employment during the winter. A recommendation will be presented, therefore, that a grant of an additional \$25,000 be made towards the construction of the hospital.

Present at the meeting were Mayor Corbett, Aids, Kent, Graham, Angrove, Chown, O'Connor, Sargent, McCartney and Richardson, H. C. Nickle, Elmer Davis, J. M. Campbell, W. F. Nickle, K.C., M.P.P., Dr. J. C. Connell, and Dr. A. E. Ross, M.P. The city council has been called for next Wednesday night to deal with the matter.

CAN REMAIN ANOTHER YEAR

In Hope That She Can Be Permanently Cured.

Washington, Aug. 5.—Mrs. Hanna Chaplin, mother of Charles Sydney Chaplin, will be allowed to remain in the United States for another year to take special treatment in the hope of effecting a complete recovery from a severe case of shell shock, suffered in London during German air raids. An order to this effect has been issued by the Department of Labor.

Canadian Pacific Services.

180 Wellington street reports arrivals and departures of their steamships:
Empress of France, arrived Quebec, Aug. 3rd, 2.10 p.m.
Melita, due Quebec, Aug. 10th.
Metagama, due Glasgow, Aug. 6th.
Minnedosa, due Southampton, Aug. 10th.
Montcalm, due Liverpool, Aug. 4th, 9 p.m.
Montrose, due Quebec, Aug. 4th 6 p.m.

Passed Away in Ottawa.

By the death on Friday, in Ottawa, at the age of ninety-two years, Emily Offerd, widow of Jonathan Offerd, who was associated with the Dominion Methodist church, a few decades ago, the city loses one of its oldest citizens. The family had moved to Kingston in the eighties but Mrs. Offerd returned to Ottawa seven or eight years ago. She was the mother of Mrs. Charles Powell, Raglan Road. The remains will be buried here.

The personnel of the British royal commission, which will deal with the conferment of honors, is described as "highly respectable and eminently capable." The commission has to merely recommend ways and means to be used in the bestowal of future honors, so they may be free from any unworthy taint.

With wheat cutting already under way in the south central districts of Saskatchewan, and harvesting to become general within the next two weeks, the crop reports issued indicate that a good yield will be threshed.

LIFE'S SOCIAL SIDE.

Mrs. W. A. Jones, University Avenue, was the hostess of a small bridge on Thursday evening.

The social evening given in Grant Hall on Friday evening, by the students of the summer school of Queen's University, was an exceedingly bright event. The guests were received by Dean McClement, Prof. and Mrs. John Macgillivray, Messrs Lapp, Ault and Sine. A splendid programme and the presentation of the prizes won in the tennis tournament filled the earlier hours and an orchestra provided music for the dancers until one o'clock. Refreshments were served, and everyone enjoyed this delightful informal party.

Mrs. W. H. Macnee and Miss Nora Macnee, Union street, will return from Metis Beach early in the week.

Miss Mary Ross, Alfred street, has returned from Sixteen Island Lake, in the Laurentian Mountains.

Mrs. Herbert McIntyre, who has been spending a few weeks with her sister, Mrs. Richard Cartwright, University Avenue, left for Toronto Friday.

Mrs. J. Benor, Toronto, is a guest of Mrs. Charles Simmons, Frontenac street.

Miss Millie Ferris, Albert street, left to-day to spend a week at Baltersea.

TO-DAY'S GOOD MARKET

Farmers in conversation with the Whig on Saturday morning stated that the crops in this section of the country are very good this season. One man has one hundred loads of hay in his barn and expects to thresh a thousand bushels of grain.

The market easily backed up these opinions. It was not quite so large as last Saturday's, but there was an abundance of everything at quite reasonable prices. Prices were: Veal, 10c to 15c a pound; mutton, 15c a pound; lamb, 25c to 30c a pound; chickens, \$1.25 to \$2 a pair. Eggs were much in evidence at 33c to 35c a dozen; butter sold at 40c and 45c a pound.

Sweet corn was much in demand and accessible to all at 15c and 20c a dozen; tomatoes came down a little to \$3 a bushel, and new potatoes were offered generally at 75c a bushel, a very reasonable price.

Thimbleberries and raspberries sold at 20c a box; huckleberries at 25c a quart and apples from 25c to 50c a peck.

There was the usual line of cut flowers and greens, with few novelties except a few wicker baskets.

To Fight Issue Out.
Winnipeg, Aug. 5.—Justice Adameon has ruled that the insurance company is liable for the full amount of policy when the insured succumbs, following non-payment of a note given and accepted in payment of premium. An appeal to the appeal court and to the privy council is forecast.

To Have Doctors' Offices.
Winnipeg, Aug. 5.—Work has been started on a four storey office building to be used solely for doctors' offices. The commutation of future rentals cost the physicians \$21,000, every cent of which has been subscribed and paid.

Under the trades and labor act of 1921, the Ontario government has established a provincial employment service council. The chairman is Professor Gilbert Jackson, University of Toronto.

Come to Rotary Club moonlight to Clayton, Monday, Aug. 7th, 7.30. Orchestra on board. Str. Waulic.
