Fabric Is Suitable for Graduation and Party Frocks.

May Be Had in Wide Range of Colors, Plaid or Stripe: Popularity Assured.

Colored dimity dresses make their oow in the girls' dress sections of many stores. These frocks are much softer looking than organdie, and they are to be had in the same wide range have been staying there for the past of colors. In addition, they have the charm of a plaid or a stripe, formed

> One dainty dress was made of p box dimity. The short puff sleeves were trimmed with square appliques of white dimity stitched with black wool. The full skirt was decorated in the same way. A bit of the white fabric stitched in black finished the neck, while a black ribbon sash defined the rather high waistline.

Rev. J. D. Ellis and family, turesque. The neck was bound with

A specialty shop showed a child's olives and radishes). dress of flesh-colored dimity, with tiny old-fashioned flowers printed in each of the boxes. The round neck was softened by a one-inch frill of cream point d'esprit, picoted with delft blue. A narrow blue grosgrain ribbon was drawn through a slit high at the front of the frock, from that point down to other slits placed low at the sides, then around to the back in a small bow which hung lower yet. The stits were buttonholed in blue

White dimity dresses are being offered for girls of all ages. They are appropriate for graduation and party frocks, as well as for general summer wear. Dimities are expected to be very active as soon as the weather is warm. It is said their popularity will Mrs. Alan H. Jones and Miss Helen be greatest among children of from
