

New Paradise of the Rockies

JASPER PARK LODGE IS A REAL HOME AMONG THE MOUNTAINS

Jasper Park, embracing 4,400 square miles of the most magnificent virgin mountain scenery in the world, has long been known to the sportsman, alpinist and tourist, but this summer it calls to holiday seekers with a new voice. It now offers ideal accommodation in Jasper Lodge, the first of a series of Alpine chalets to be built in the Jasper and Mount Robson districts, and was formally opened to the public on June 15th.

The lodge is beautifully situated among the singing pines and cedars on the shore of Lac Beauvert, while towering in solemn grandeur on all sides rise the rugged, snow-capped mountains, sometimes gleaming like opals in the shimmering sunlight and sometimes lost amid the low-hanging clouds. It consists of a group of log rustic buildings blending with the rugged surroundings. A spacious lounge building with an ample stone fireplace, an airy dining-room, a dance pavilion and a number of separate sleeping cabins, each containing four

bedrooms and a sitting-room, are electric-lighted and fittingly furnished throughout.

Here in the Northern Canadian Rockies the tourist will find all that makes a worth-while holiday. The joy of adventure in exploring and mountain-climbing, boating on Lac Beauvert, fishing in the wild mountain torrents, riding through the valleys with the fresh mountain breezes in your face, dancing with the guardian purple mountains keeping watch—all offer a most interesting variety of recreation. The best of accommodation has associated with it congenial companionship and scenery rivalling even that of the Swiss Alps.

These lodges not only tend to make Jasper Park one of the great travel centres of the Dominion thereby increasing the revenues of our Canadian National Railways, but also add their share toward ultimately placing Canada on the map as one of the outstanding meccas of the world traveller.
