SAFE MILK FOR CHILDREN

Only the cleanest, purest milk is good enough to go in baby's bottle.

For the larger children, too, the wise mother insists upon pasteurized milk from Price's Dairy.

Milk from Price's Dairy is SAFE milk.

Hundreds of healthy, thriving, growing, happy babies get their dinners from Price's Dairy every day.

Your doctor will recommend this modern, sanitary dairy. He'll tell you, too, that growing children need plenty of good milk.

RADIO EXPLAINED

By LIEUT. JOHN R. IRWIN
INSTRUCTOR U. S. AIR SERVICE

Modulation of a Transmitting Tubes Output.

A common method of modulation employed in a vacuum tube radio transmitting equipment utilizes a tube as a modulator in addition to the oscillator tube, the plate current for these two tubes being fed through an audio frequency reactor. In a radio telephone transmitting equipment the degree of modulation is of equal importance to the amount of antenna current

Locating the Key in C W Circuits.

as far as the strength of the received speech is concerned. The antenna ammeter does not usually indicate whether the output is being modulated in a normal manner. One very simple and inexpensive method of keeping a check on this is to insert a miniature lamp in the plate of the amplifier.

This will flash up when the microphone is spoken into and acts as an operating indicator of the microphone and modulation circuits. A type of lamp should be chosen that will show a low degree of brilliancy with the plate currents obtained on the tube being used. Automobile types of miniature lamps are recommended as they are ruggedly constructed and adaptable for this purpose.

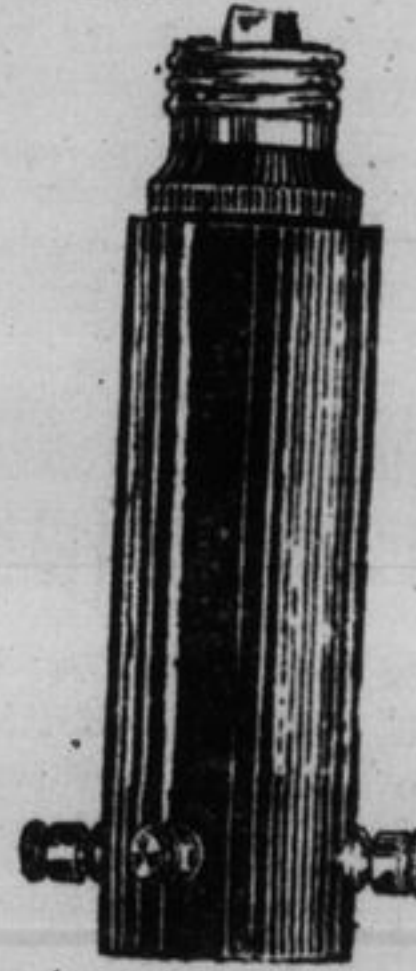

The two accompanying diagrams show circuits for the proper location of the telegraph key in C W transmitting circuits. These are recommended by the manufacturers of the "Radiotron" power tubes and determined by the type of tube employed. In circuits utilizing one or more U. V. 202 radiotrons satisfactory keying can be obtained by placing the key, as shown in Fig. 1, in series with the grid leak resistance. If, however, one or more type U. V. radiotrons are used better results would be obtained, as per Fig. 2, using a one microfarad condenser in series with the parallel circuit containing the grid leak resistance and grid condenser, and the key shunted around the one mfd. condenser.

APPARATUS AND DEVICES

By RALPH BROWN, RADIO ENGINEER

Electric Light Antennae.

The electric light antennae has attained quite a degree of popularity, especially in places where antennae are prohibited. This type of plug described below after its first appearance on the market has been redesigned and a new dielectric used in its construction, which makes it very good in its present style. Fourteen connections are allowed so that the proper condenser capacity can be obtained in series with the line. Mica dielectric used has a guarantee of standing a voltage up to 2,500 volts. Complies also with the requirements of the Board of Fire Underwriters. Polarity is reversible.

Will readers interested in these radio articles kindly communicate with the editor by mail?

THRESHERS AT WORK.

Once Again at Camden East—Several Picnics are Held There. Camden East, Aug. 16.—The sound of the threshing machine is heard in our midst once more. A number attended the picnic at Varty Lake given by the Rebekahs on the 9th.

Mrs. Perry and daughter, Mrs. Hill, returned home from Watertown on Thursday last. Miss Nellie Burgoyne, Kitchener, is spending a month with her brother and sister, Mrs. Stanley Sigsworth, Harrow. Mrs. Smith, spent Friday of last week with her sister, Mrs. Charles Histed. Rev. Mr. Dickinson and family have returned home from their cottage at Rice Lake where they have spent the past six weeks. Mrs. Claude Finch was a recent visitor at the home of her sister, Mrs. Harold Huff. Miss Muriel McGinnis, Omemee, was renewing old acquaintances in the village Friday last. Mrs. Card has returned home after spending at Marbank and Kingston. Marsha Hinch is sporting a new runabout. Miss Smith, Adolphustown, is visiting her friend, Miss Maud Dickinson. Mr. and Mrs. Lewis Hartman spent Sunday at Mr. and Mrs. George Miller's, Kiver Road. Mr. and Mrs. Sexsmith, Selby, and Mr. and Mrs. Everton Peters and family spent Sunday at D. K. Sauls.

The Mission Circle held their monthly meeting at the home of Robert Lewis. While coming out of Mr. Riley's store on Monday morning, Mrs. Hogboom made a misstep and fell off the step on the pavement. It is not known whether any bones were broken or not. Her son, Ed. Hogboom, Conway, took her to his home. We hope for a speedy recovery.

The annual picnic of the two churches and the Orangemen was held in Selbury's grove on Wednesday.

day and was well attended. Mrs. Charles Davison, Watertown, N.Y., is visiting her parents, Mr. and Mrs. John Skinner for a couple of weeks. Mr. Ford Walker is visiting his parents, Mr. and Mrs. Fred Walker.

Notes From Selby.

Selby, Aug. 14.—Threshing is the order of the day around here and the grain is turning out well. R. Ballance, who had been ill for some time, passed away on Thursday morning. Rev. Mr. Anderson and family returned home on Friday last from Smithfield. Mr. and Mrs. H. Abbott spent a day recently at Mr. Bell's, Emby Hill. Mrs. P. L. Amey entertained a number of the W.C.T.U. ladies on Wednesday afternoon. A number of young ladies spent last week camping at Varty Lake. Bradshaw Bros. are painting the school house. Visitors: Dr. Lucas at C. Lucas'; Mrs. Cornell and baby at R. Paul's; Miss Rose Wood at J. Armstrong's; Miss Fox at W. Dridge's; Misses Sharpe and Reid at Mrs. D. Weese's; Miss Eileen Gou at F. L. Amey's; Miss Stella Lapum at J. Rose's; Rev. Dr. and Mrs. Smith and Mrs. Aylesworth and baby at R. Ballance's; E. Tunnon at A. Tunnon's; G. Anderson at I. Anderson's.

At Poole's Resort.

Poole's Resort, Aug. 16.—Miss Augusta Purcell, Athens, is engaged to teach in the school the coming season. Mrs. Alfred Salter visited her sister, Mrs. B. E. Poole, Caintown, last week. Mrs. John Senecal, Alexandria Bay, and Mr. and Mrs. Stephen Andrews and children, Lvd., were recent guests of Mr. and Mrs. Walter Williams. Miss Alma Turner and Asalee Campbell, Lansdowne, are guests of Mrs. J. T. Weeks. Mrs. Katharine Williams is visiting her daughter, Mrs. S. A. Guld, Mallorytown. Miss Hilda Morley, Montreal, is holidaying with her sister, Mrs. Arthur Davis. Master Harold Poole, Caintown, is visiting relatives here. A large number of people attended the annual harvest dinner held in Mrs. Cornwall's grove, Rockport, today.

Merrickville Reports.

Merrickville, Aug. 14.—The lawn tennis courts are well patronized. The government's carpenters have completed the work at the wharf and gates at the locks here. Allen Stewart left for Detroit, where he has secured a good position. A number of young men of Merrickville and vicinity left for the west Friday. Merrickville Junior baseball team went to Troop town Wednesday to play at a picnic against the North Augusta team. B. Webster, St. Catharines, is visiting Glen McCabe. Miss Bessie Clarken, Toronto, is spending a week with her mother, Mrs. B. Clarken. Miss Nellie Clarken left for Toronto, where she will visit for three weeks. James Brennan has gone to North Bay to visit his daughter.

Corns Go
Just say
Blue-jay
to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plasters. The action is the same.

You Just Try NR For That Indigestion
Get your organs of digestion, assimilation and elimination working in harmony and watch your trouble disappear. NR does it or money back.

One Day's Test Proves NR Best
The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver. It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome. This fact also explains why sufferers from indigestion, also suffer more or less from headaches, biliousness and constipation. If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it. Give it a trial for a week or two and just see how much better you feel. See how quickly your sluggish bowels will become as regular as clock work, how your coated tongue clears up and your good, old-time appetite returns. See how splendidly your food will digest and how your energy, "bop" and "ginger" revive. Just try it. You take no risk whatever for Nature's Remedy (NR Tablets) is only 25c a box, enough to last twenty-five days, and it must help and benefit you to your entire satisfaction, or money returned. Five million boxes are used every year—one million NR Tablets are taken by ailing people every day—that's the best proof of its merit. Nature's Remedy is the best and safest thing you can take for biliousness, constipation, indigestion and similar complaints. It is sold, guaranteed and recommended by your druggist.
