What the Press Agents Say About Coming Attractions

"Always the Woman" at the Allen. Betty Compton, to be seen at the Allen theatre beginning today in "Always the Woman," one of the three productions which she made as starring vehicles for herself after her great success in "The Miracle Man," all three for distribution by Goldwyn, took entire personal charge of the making of all three pictures. She selected her director, cameraman, assistants, press agent, players and arranged for the financing.

She had known of his pictures for a considerable time and had seen many of them on the screen—"Castity" for Triangle, "Headin' South" for Douglas Fairbanks, "Polly" of the Storm Country" for Mildred Harris, "Sahara" for Louise Glaum and productions for Mary Pickford and the Liberty Loan.

But it was not entirely her knowledge of his efficient work as director that caused Miss Compton to engage him. "It was intuition that caused me to select Mr. Rosson to direct my own productions," said the star, "and when that intuition was proved correct by his fine handling of 'Prisoners of Love,' I engaged him for 'For Those We Love' and 'Always the Woman!'"

Douglas Jemmett, Henry Hill, Gilbert McKelvey and Howard Fair of the Kingston Yacht Club went to Toronto for the week-end to participate in the races for the Royal St. Lawrence Yacht Club cup at the Royal Canadian Yacht Club. HEARD VIA RADIO.

Finished by Canada Radio Stories to British Whig.

"A very good receiving night" was the verdict on Saturday evening, although the earlier part of the night was no indication. The Toronto Star Station CFCA, was heard with a short concert. At 8 p.m. WHAM, the Eastman School of Music, Rochester, N.Y., was brought in. KDKA and WJZ were also heard and at 11 p.m., station WJZ, Newark, N.J., sent out a very fine late concert.

Sunday proved another good receiving day and night. On Sunday afternoon, WHAM, Rochester, had his usual Sunday afternoon church services and the sermon was enjoyed. Sunday evening, a few new broadcasting stations were brought in and among them were WHK, Cleveland, Ohio; WGX Detroit Free Press, Detroit, Mich.; WHQ, Rochester, N.Y. Union Times Station and others. WJZ also had an attractive programme. The baseball scores for Sunday were tuned in and immediately after, the announcer introduced to the radio audience, Miss Lucy Marian Buchbinder who sang a series of popular "soldier" songs, including "Rose of No Man's Land," "Katy," "Somewhere A Voice Is Calling" and "Long, Long Trail." This lady was called back several times for encores. After this, KDKA was heard with a church service, the sermon, singing and other items on the service coming in fine. WJZ also had the "Hungarian Dance No. 6" played on the Duo-Art piano. The last station to be heard last evening was WGX who sent out the "Soldiers' Chorus" by an opera company.

This evening programmes from the broadcasting stations promise to be good. The cooler weather seems to bring out all the broadcasting stations. At 10.20, WJZ will have a violin recital by Sadie Walker, New York, to be preceded by a concert given by Mabel Besthoff, Brooklyn, N.Y. rom KDKA, will come another concert at 9 p.m. by the Pittsburgh Musical Institute. Turn Need into Demand

HUNGER seeks food; thirst calls for drinks; fatigue requires a place to rest; labor must be eased by recreation. Human nature and human wants create demand. If you can do your share in filling it, tell people so. Turn universal need into demand for your particular product.

Through the Daily Newspapers give the people the news about your goods. Make it part of the daily life in Canada.

"Newspaper advertising," says the Ames Holden McGready Co., Ltd., "is as necessary to the successful distribution of a trade-marked piece of merchandise as food, raiment and shelter are to the well-being of the individual."

"Newspaper advertising nourishes the product; it clothes it with reputation, integrity and respectability; and it protects it from the storms of competition and the inroads of questionable parentage."

The human demand for news has created a unit of daily circulation for every family in Canada and has left a million besides to provide for casual readers. If you need every unit to-day, it is yours: if only twenty thousand, the rest can stand aside without adding one useless dollar to your cost of distribution.
