STOLEN CAR RECOVERED, TWO MEN WERE ARRESTED

Claimed That Party Disposed of Spare Tire to Secure Gasoline.

The police were notified that an automobile stolen from Col. E. D. Flynn, in Belleville, on Friday evening of last week, had been recovered at Tamworth on Monday, and that two young men had been arrested, charged with the theft of the car, which was taken from in front of a Belleville theatre.

It is stated that trace of the car was found by the changed numbers which, it is alleged, the motor had. It is stated that the men were in Kingston with the stolen car on Friday last, and that while in the city the men sold a spare tire to a party for \$5, in order that they could buy gasoline. It is also alleged that they disposed of a buffer on the car. When the local police were notified they got busy on the case, and succeeded in securing the tire and the buffer and they are being held for the owner.

Mr. Swaine, piano tuner, orders received at 100 Clergy street w Phone 564w.

If you are looking for work for any member of your family—look in the classified ads.

There will be two days of auto racing and one week of auto polo at the Canadian National Exhibition.

Judge Lavell, who was in the city Saturday, has left for his camp again and will probably be gone two weeks.

Capt. E. W. Skinner acting as inspector on the provincial highway, Smith's Falls, was a week-end visitor at his home.

M. G. Johnston left Monday night for Toronto to attend the international convention of the Life Underwriters of America.

J. E. Vallilee, general superintendent for Ontario of the Automobile Legal Association of Canada was in Kingston for several days.

The band of the R.C.H.A. has also left Petawawa camp for Nova Scotia to play music that may cause a settlement of the coal strike.

Mr. Gundy, representing the Toronto Star, was in the city Tuesday and attended the U.F.O. picnic at Glenburnie. He was a visitor at the Whig office.

Theodore Roosevelt O'Neil Melghen, a son of Hon. Arthur Melghen and Robert Couillard Minnes, a son of Dr. Minnes, Ottawa, enters the Royal Military College this year.

The annual club luncheon of the Thousand Islands Yacht Club was held on Friday. There were about sixty-five persons present, and Commodore James H. Hammond presided.

The most brilliant affair given this season at the Thousand Islands Yacht Club was the costume party on Friday night. There were many picturesque and interesting costumes.

"When it rains pottage you must hold up your dish," at our store you must read the ads.

Duncan McArthur, London, appointed head of the department of history in Queen's University, is a Dutton boy, where he spent his early days, and graduated from the high school.

The young people of Sydenham street Epworth League spent a jolly time at a corn roast held at Robinson's point Monday evening. Corn was roasted over a fire built on the shore and songs sung in the freight passed an enjoyable evening.

A Sports Show is one of the innovations at the Canadian National Exhibition this year. It will occupy the former Poultry building for the present, but it is hoped later to erect a new building of large dimensions.

At the court house Tuesday morning before County Magistrate W. J. Bradshaw, Eugene De Forrest, pleaded guilty of stealing from W. A. Amey, Sydenham, and was sentenced to three months at hard labor. He is on remand for sentence for a Mount Chesney robbery.

HEARD VIA RADIO.

Furnished By Canada Radio Stores to Daily Whig.

To hear as many as twelve different cities via radiotelephone was the experience of many Kingstonians last evening. Certainly it was a splendid evening for receiving.

First to be heard was the Toronto station, CFCG with a very attractive programme of vocal and instrumental music. Next came WGY with his regular transmission of stock reports, baseball scores and a record or two.

WHAM, the Eastman School of Music, Rochester, N.Y., offered a bedtime story for youngsters and a few records. With another turn of the dial WJZ of Newark, N.J., brought in with an exceptionally attractive programme. This was by

IN MARINE CIRCLES

The barges Mary P. Hall and the Mary Daryaw, of the Donnelly Salvage and Wrecking Company, left Tuesday to salvage the last of the wire cargo from the steamer Atlasco, near Long Point.

The schooner Maple Leaf, recently purchased by Mr. Ferguson of this city, arrived from Toronto on Monday evening.

The steamer Brockville cleared for Belleville and Picton with package freight on Monday night.

The steamer Kingston arrived Tuesday morning from Toronto and Rochester and cleared for Prescott.

The schooner Granger arrived on Tuesday morning with grain from Amherst Island, and is unloading at Richardson's elevator.

The steamer Dardanelle arrived Tuesday afternoon with freight from Rideau canal points.

The steamer Maplehurst arrived up from Montreal on Tuesday morning with freight for the head of the lakes.

The steamer Advance arrived up from Montreal on Tuesday morning and was entered at the Collingwood Shipbuilding Company's drydock for repairs.

Operations in Lachine Rapids.

Preparations for the attempt to release the steamer Rapids Prince from her position on a ledge in the lower Lachine Rapids are being completed as fast as possible by the Donnelly Wrecking Company of Kingston.

The erection of the pulling engine and boilers on the small island 1,800 feet above where the steamer is stranded, will be completed this evening, it is expected.

The next move will be to provision the ship with coal so that her engines may have power for any contingency when the attempt is made to float her. This will be no easy task as it has been found impossible so far to bring a scow alongside of her.

The salvagers may find themselves obliged to transfer the coal from a scow in a slack water to the ship by bags, using a lifeboat like the one which figured in the rescue of passengers on the day following the stranding. It is expected that the completion of preparations will take most of the week.

HIGHER STANDARD OF UNIVERSITY ENTRANCE

Is to Be Required by Queen's Arts Faculty Next Session.

It is likely that as a result of the change in the regulations governing matriculation, by which a student gets credit for the examinations as they are passed, that a larger number of students, than has been the case in other years, will be writing the supplementary examinations conducted next month by Queen's.

This year is also the last in which the university will take students in the faculty of arts unless they have higher standing than pass matriculation. Starting next year a student for admission must either have obtained fifty per cent. at honor matriculation or have obtained seventy-five per cent. at pass matriculation examinations in each of four of the twelve papers required or sixty-six per cent. in each of any six of the twelve.

This raise in the standard required is somewhat similar to that carried out by the science faculty last year when honor matriculation was made the entrance standard. As a result, a number of prospective students took first year arts to give them the necessary requirements. In medicine, the course was lengthened and arts subjects taken in the first years, thus raising the standard of the graduates.

Salvaging the Wire.

The work of salvaging the wire cargo from the steamer Atlasco, which foundered in 43 feet of water off Long Point last year, has been under the charge of Miller Donnelly, son of Capt. John Donnelly, Kingston. After bringing about 215 tons of the wire to Kingston on Saturday, Mr. Donnelly returned to the scene of the wreck, whereabout 250 tons still remain to be salvaged.

The surest way to get what you want when you want it is through the classified advertisements.

H. A. Richardson, Brockville, is visiting in the city.

Mabel Bestoff, with several selections on the piano, followed by a violin recital by Sadie Walker, New York.

KDKA, Pittsburg, Pa., was also heard with weekly survey of business conditions; a lecture on "Good Vision" by Dr. A. Goldstein, and at 9 p.m., a fine concert by the Pittsburg Musical Institute. At 11 p.m. the Arlington time signals were relayed by both stations WJZ and KDKA.

Among the many other stations heard during the evening were: 3XW, Parkersburg, Penn., (testing station) KSD, the broadcasting station of the St. Louis Dispatch, St. Louis, Mo., (operatic music) WHAS a station in Kentucky (concert) WOO, station of John Wanamaker, Philadelphia, (temporary station-music) WCX, the Detroit Free Press (concert) and WHK, Cleveland, Ohio, (music and vocal selections). As there is on the average, two or three broadcasting stations being erected every day, it will soon be an easy matter to hear many cities not previously heard from.

For this evening, starting at 8.45 p.m., Schenectady (WGY) will send their regular Tuesday evening programme piano solo, "Magic Fire Scene," "Lullaby," vocal solo, Fox Trot, "Blue Danube Blues" and a couple of dozen other popular airs. KDKA, Pittsburg, will offer at 8 p.m. a popular concert by the Harrison Players of Pittsburg, Pa., which will include "All That I Need Is You," "Twelfth Rag," "Sapphire Sea," "Dancin' Fool," "Mary Dear" and others from latest song list. At 9 p.m., a classical concert will be given by Paul Sladec, violinist. F. Robert Coe, baritone, Fred Lotz, pianist and Thomas E. Edstrom, tenor.

WJZ will be on the air at 7 p.m. with stories, lecture and a musical concert. WBZ, Springfield, Mass., will also have an attractive programme at 8 p.m. This station is being heard regularly and usually puts on good programmes. CFCG, Toronto, and other broadcasting stations have equally as good programmes scheduled.
