MINERS REJOICE AT RETURNING

Screeching Whistles From 300 Mines Summon the Men to Work.

Kansas City, Mo., Aug. 24.—Miners throughout the southwest were beckoned back to work today by screeching whistles from nearly 300 mines. The workers, idle since April 1st, rejoiced at the opportunity to again go into the pits and were impatient while the maintenance men pumped water and otherwise prepared the mines for production. Actual digging of coal will be under way before the week-end, operators and union officials declared today, following an agreement yesterday.

Rail Leaders Parleying.

New York, Aug. 24.—Members of the big five brotherhood of rail strike mediators met today at an uptown hotel and then left hurriedly for a secret conference with representatives of a small group of rail executives who yesterday were ready to take up as individual roads further negotiations.

COLLINS WAS BUTCHERED SAYS NEW YORK WORLD

Which Makes a Scathing Attack Upon Followers of De Valera.

New York, Aug. 24.—The World, in a strong editorial to-day, declares that Michael Collins was "butchered" by members of the irreconcilable minority, and deals upbraidingly with the followers of de Valera, whose supporter it was at one time. The rebels are blind to everything but their own unworkable theories and unrealizable ideals, it adds.

Had Premonition of Death.

London, Aug. 24.—Michael Collins had a premonition of death, says a Belfast despatch to the Evening News to-day. Recently while parleying with Belfast friends, he said: "I will say good-bye, because I don't believe I shall ever see you again."

TO FLY DIRECT FROM QUEBEC TO CHICAGO

Quebec, Aug. 24.—Col. R. R. McCormick, owner of the Chicago Tribune, who has just returned from an inspection trip of the company's timber limits in this province, announces that he intends returning to Chicago by airplane. This will be the first direct trip made from here to the middle states by airplane.

ARTILLERYMEN ARE HOME

Balance of Units Return From Petawawa Camp on Thursday Morning.

One hundred and eighteen members of the Royal Canadian Artillery, composed of detachments from "A" and "B" batteries, R.C.H.A., and No. 3 Company, R.C.G.A., under the command of Lt.-Col. A. F. Harris, arrived in the city Thursday morning with their horses, guns and other equipment from Petawawa Camp. The party of artillerymen comprise the remainder of the permanent force at Petawawa after the main body had left for strike duty in Nova Scotia.

The men left Petawawa Camp at ten o'clock on Wednesday night, by special troop train, and arrived at the city C.P.R. station about eight o'clock Thursday morning. The train was delayed along the route, and as a consequence the men and horses had a long restive night to put in on the train. Immediately upon their arrival here, the horses were detrained and taken to their stables in Tete de Pont barracks to be fed. As soon as the animals were looked after, the officers and men made a hasty retreat to their own quarters for a much-needed breakfast.

Among the officers who arrived with the party were Major R. P. Lafferty and Capt. R. L. Forte. All but fifteen members of the R.C.H.A. band were also on hand, as well as a number of warrant officers and N.C.O. instructors on the regimental staff.

Needless to mention, there were few members of the units who were not "tickled to death" to get back to Kingston and the comforts of barracks life. The permanent force units were kept busy all through the summer months on instructional work and firing practice, as they had the training of detachments from practically every non-permanent militia battery in Canada to look after during their camp period. The officers and men are all tamed to perfection and have the appearance of being in the "pink" as a result of their open-air life.

It is not known when the main body of the R.C.H.A. will return from the Nova Scotia mines, but in the meantime the men left in Kingston will have their hands full looking after the horses and equipment here, in addition to their regular duties.

25 Years' Imprisonment.

New York, Aug. 24.—Found guilty of robbery of two and a half million dollars from a mail wagon on Broadway last October, Gerald Chapman and George Anderson were yesterday sentenced to twenty-five years' imprisonment by Justice Holmes.

The U. S. administration bill for creation of a federal commission to obtain all facts possible relating to the coal industry and on which miners and operators were denied representation, was passed Wednesday night by the house, 219 to 55.

The Frontenac County Mother's Allowance Commission Committee will meet Mrs. Adam Shortt, vice chairman of the Mother's Allowance Commission on Monday next.

At Vancouver, Hon. W. J. Bowser, leader of the Conservative opposition in the British Columbia legislature, was re-elected leader of the party at the provincial Liberal-Conservative convention.

DAILY MEMORANDUM.

Hear Hon. W. A. Coote on Irish conditions, Memorial hall, to-night. Free. British mail will close at the Kingston post office on Thursday, August 24th, at 9 p.m.
