

### NEW LADIES' STORE SUCCESS FROM START

#### Opening Day of J. A. McNabb Company Indicates Successful Future.

From the very time that the doors of the J. A. McNabb Company's new ladies' exclusive ready-to-wear store opened at nine-thirty this morning until the time of closing this afternoon the ladies of Kingston kept it filled and were loud in their praises of the offerings shown.

The new business is unique in many ways and is a mark of acquisition to Kingston's downtown shopping section. Every corner of the establishment speaks of quality and service and the fair shoppers lost time in getting acquainted with its many fine points to-day.

The appointments of the McNabb store are the highest in good taste and attractive display. The beautiful show windows are so constructed and arranged as to show the many beautiful lines of Indian and misses' wear to the very best advantage and they are brightly illuminated for the right for the inspection of the waiting and pleasure-seeking crowds.

Beginning with the superficial work on the exterior and continuing throughout the store there is a finishing in soft French Gray and gold, which harmonizes in pleasing manner with the lighting system and the colors of the wearables offered.

Speaking to a Whig representative this morning Mr. McNabb said: "There is one point about our new store which should be impressed upon the people of Kingston and that is that our aim is to satisfy customers. No sale is considered successful by us unless the buyer is pleased and satisfied in every detail."

"The goods which we are offering are the very best that can be secured, are manufactured by the most reputable companies and carry an absolute red-rock guarantee. If a garment sold by us fails to give satisfaction or shows any signs of unreasonable wear or faulty construction within a period of time not consistent with first-class goods, then the customer has only to return to our store and select another garment without any obligation whatever."

This policy of pleasing the customer is another indication that the McNabb store will be very popular here. The goods shown there are certainly of the very best quality

and range and the prices are so moderate as to be amazing.

Another feature of the store is the arrangement of the stock. Everything is enclosed, and all garments are on hangers suspended in wardrobes ranged along the walls. There are no tables or counters on which articles may become soiled or rumpled, no possibility of garments lying on the floor and all stock is arranged so as to be immediately accessible. The stock will be under process of change constantly with new goods coming in daily and therefore a fresh range of choice for the ladies every day.

At the rear of the store are two very complete dressing rooms where garments may be fitted and tried with complete privacy and every convenience to customers. Alterations are made in quick order and without any additional charge.

The wonderful patronage which this store received to-day and the unstinted and genuine admiration accorded it by all those who visited it augur well for its future popularity among the lady shoppers of the Limestone City.

### DISTINCTION SHOWN TO KINGSTON TALENT

Out of twenty-five competitors for the Canadian National Exhibition piano contest held in Toronto, Harold Packer, well-known young local musician and teacher, is one of the three chosen to play in the final test. This young Kingstonian up to the present has received his musical education from Miss Grace Clough, also of Kingston, and has distinguished himself many times at concerts and recitals.

What the Press Agents Say About Coming Attractions

"Domestic Relations" Is Feature. In her latest Associated First National photoplay, "Domestic Relations," which will be shown for the first time in this city at the Allen Theatre to-day, Friday and Saturday, Katherine MacDonald is supported by a company that includes William P. Carleton, George Fisher, Lloyd Whitlock, Frank Leigh, Gordon Mulen, Barbara La Mar and others just as widely known as capable screen players. B. P. Schulburg, president of the company, when he read Miss Clarke's story and scenario, expressed the opinion that she was one of the most promising, as well as most brilliant, of modern school of young women scenarioists, and accordingly indicated the well-known dotted line, as he proffered his fountain pen. The pictures of the Georges Carpentier-Kid Lewis fight will be shown together with the regular programme.

At the Strand. May McAvoy will commence to-night on a three-day engagement at the Strand Theatre in one of her best pictures so far distributed in Canada. "A Private Scandal" is its name and it is bound to be an attraction that will please many in Kingston. The theme is an absorbing one. It will fascinate and will make you talk. You will be thinking about the story when you go to bed. That is the type of picture people like and when the leading role is played by such a captivating star as Miss McAvoy the combination is excellent. Then there will be Episode 11 of "The Secret Four." Followers of this serial have declared their pleasure in seeing the Strand continue it until its close, when "Robinson Crusoe" will commence. "A Male-a-Minute Mary" is a comedy that is as speedy as its name and it's brimming over with good hearty laughs. Come early.

### To Compel Elimination Of Nauseating Grain Odor

Dr. W. A. Marcellis, chairman of the Board of Health, is instituting action to compel the elimination of the nauseating odor of damaged grain about which there has been universal complaint. When interviewed to-day, Ald. Marcellis said: "We have given the company, about which complaints have been made, three weeks in which to stop the nuisance, and I am going to take action at once to compel compliance with the laws contained in the Public Health Act."

**Verdict of Accidental Death.**  
At the inquest into the death of Frederick Hill, held at Newburgh Thursday morning, a verdict of accidental death was given. There was very little evidence given and the impression with the villagers is that the unfortunate man was walking in his sleep at the time he was struck.

Nova Scotia miners reported voting three to one for acceptance of coal company's offer.

**NO BID WAS MADE ON CHEESE BOARD**  
Only 55 Boxes Offered and the Buyers Would Not Bid.

There was no price made at the Frontenac cheese board on Thursday, because the buyers were disappointed when only two factories boarded 25 and 30 boxes respectively. The Wolfe Island factories that are the mainstay of the board were not represented, as they are reported to be selling their whole output to American buyers for an advance of one cent on the Canadian price. The only factories to board cheese were Thousand Islands and Glenburnie. The buyers present were George Thompson, George Smith, John Gibson, R. Hamilton and L. W. Mur-

phy. The board adjourned without transacting any business.

**Steamer Was On Fire.**  
The steamer Maplebrook, of the Canada Steamship Lines, was on fire on Tuesday afternoon, while lying at the Port William docks. The blaze was extinguished by the ship's own equipment and by hose attached to the railroad fire lines. The damage was slight, and none of the cargo was injured.

Mr. and Mrs. Frank McNulty, Oswego, N.Y., are in the city attending the funeral of the late George Hanley.  
Notification has been received by A. Raymond, Cornwall, postmaster, to be prepared to heat the Water-town, N. Y., office with soft coal during the coming fall and winter.

### DID YOU EVER STOP TO THINK—

THAT time spent reading the advertisements in your newspapers is time well spent.

THAT the shortest route between the buyer and the seller is via the advertising columns of your newspapers.

THAT it is not what some people think, it is what they do, that counts.

THAT if you intend living your life out in the present generation, replace your affairs on the new basis of operation, then get busy. KEEP UP TO DATE.

THAT to own your home is a pleasure you owe yourself, and a protection you owe your family.

THAT you should keep your eyes wide open. You know not when opportunity will come. In fact it is in your city now, for those who can see it.

THAT some cities need more attention to business and less oratory, more application of business principle to affairs concerning their city and less devotion on the part of some of its citizens to self-glorification.

THAT some citizens need to boost their own cities more than they do. Many times they take too much for granted, and in many cases carelessly ignore them. They rush miles away in cars and by train for a holiday, and then come home and tell their friends about the wonderful city they visited.

THAT to appreciate nature and its wonders, they need not travel farther than the district surrounding their own home city. Know your city and county better, then BOOST YOUR OWN CITY AND COUNTY FIRST.
