

PANIC REIGNS IN SMYRNA NOW

The City Bombarded By Turks—Evacuation Amidst Scenes of Disorder.

Athens, Sept. 9.—Smyrna is being evacuated amidst scenes of great disorder, according to refugees, 22,000 of whom have arrived here. Panic reigns as the Turks approach town, it is said, and Greek soldiers are contending with civilians for places on the outgoing ships.

Rioting is reported among soldiers in the Brusa sector, in the north where the Greeks are embarking at Mihanis. Smyrna is being bombarded by Turkish nationalists.

M. Kalogeropoulos, premier designate, is expected to announce the names of the ministers tonight. General Hadjanests, former commander-in-chief of the Greek army in Asia Minor, has arrived here. He declared that the defeat of the Greek army is inevitable and fatal. He would speak when the moment arrived and show that he was not responsible for the defeat.

THE TURKISH OFFENSIVE IN ASIA MINOR.

The Turks are right on top of Smyrna, having captured Bergama (ancient Pergamus), 50 miles to the north, as well as Akhissar and are pressing on to Manisa. These places are all marked on the above map. The original line was along the Bagdad railway and the arrows show where the Turks started their drive. The dotted line indicates the Smyrna zone of influence given the Greeks by the treaty of Sevres.

300,000 miles which can be seen only when the sun is completely hidden by the moon.

The Canadian astronomer was joined at Perth by the New Zealand government astronomer and by a party under W. W. Campbell, director of Lick Observatory in California, the latter a very experienced eclipse observer.

ASTRONOMERS GATHER ON AUSTRALIAN COAST

To Observe the Phenomena of Eclipse on the 21st September.

Montreal, Sept. 9.—Leading astronomers from all parts of the world, many of whom have travelled many thousands of miles, have assembled on the northwest coast of Australia to observe the phenomena of eclipse which occurs on September 21st.

Professor A. Chant, Professor of Astronomy at the University of Toronto and Dr. R. K. Young, astronomer in the Dominion Astrophysical Observatory at Victoria, B.C., are the Canadian scientists who will make observations during the few brief minutes of the eclipse. They arrived at their destination in the latter part of July. The chief instrument Professor Chant has taken is a camera with a lens of six inches aperture and a focus of eleven feet mounted equatorially like a telescope and driven by an astronomical clock.

Great interest is being taken in the eclipse this year owing to the opportunity presented to obtain conclusive evidence either for or against what is known as the Einstein theory of relativity.

By the aid of the specially constructed telescope it will also be possible to study the corona, the remarkable solar appendage of pearly white color extending out some 200,000 or

The northwest coast of Australia is astronomically, the best point from which to observe the eclipse and to make the photographs of the light rays from the stars beyond the sun, because the duration of totality there is longest, five minutes eighteen seconds the altitude of the sun above the horizon is greatest, 58 degrees; and the weather conditions are the most favorable, the coast of the Great Sandy Desert being virtually rainless and cloudless during September.

Dr. W. A. Kingsley, professor at the National Medical College, Mexico City, is visiting Canada, and is the guest of his brother Rev. Dr. Kingsley, Pittsburg. Dr. Kingsley is a specialist in eye, ear, nose and throat, and in 1913 was knighted by the King of Roumania for his work in science.

Horticultural exhibition (Flower show) will be held in Island Market, City Buildings, on Tuesday and Wednesday, 13th and 14th inst. Members can compete for prizes offered free. Get prize list from the secretary, 91 Clarence street.

TWO YEARS IN THE PORTSMOUTH PENITENTIARY

For David Stansfield Who Was Found Guilty of Bigamy.

In the police court on Saturday morning, David Henry Stansfield, about forty years of age, was found guilty on a charge of bigamy, and sentenced by Magistrate Farrell, to two years in the Portsmouth penitentiary. Stansfield was arrested in Kingston, on Labor Day, by Constables Thomas Mullinger and Thomas Garrity.

J. L. Whiting, crown attorney, conducted the prosecution, and Eleanor Pearl Convery, wife No. 2 in the case, was the only witness called.

"Do you know the prisoner?" asked Mr. Whiting, of Eleanor Convery.

"I certainly do, and too well," replied the witness, who added that she was married to Stansfield in Kingston, on January 24th, 1906, by Rev. Dr. John Mackie. Witness said that she was a daughter of Peter Convery and Margaret Doucet, of Storrington township.

Mr. Whiting submitted a copy of the marriage certificate for this ceremony, and also submitted another marriage certificate, showing that the prisoner on January 3rd, 1901, was married to one, Almira Clapper. This marriage took place at Belleville, Rev. Joseph Locke officiating. The accused did not deny the charge, and when asked for an explanation said to wife No. 2: "Did not your father force me to marry you?"

"Not that I know of," replied the woman giving evidence against him.

The prisoner declared that he was intoxicated at the time the second ceremony was performed, and that he did not know anything about it. He said he was asked to get into a rig and drive to Kingston. It was stated that wife No. 1 is now living at Point Anne, Ont.

St. Andrew's Church, Picton. A very impressive induction service took place in St. Andrew's church, Picton, on Friday evening, Sept. 1st, when Rev. C. L. Cowan, B.D., became the minister of St. Andrew's congregation. Mr. Cowan was called on his record and on the recommendation of those who knew his worth. The Kingston presbytery was represented by Rev. Mr. Craig, Demorestville, clerk, Rev. Mr. Richardson, who was recently inducted into the Presbyterian congregation of Deseronto, and Rev. R. A. Cranston, Trenton, who was moderator of St. Andrew's session during their vacancy. Mr. Richardson presided at the opening devotional exercises, then preached the sermon of the evening. Mr. Craig took charge of the induction service, then very fittingly addressed the minister, Mr. Cranston giving words of counsel and advice to the people. During the evening Mrs. Clair Newman rendered very sweetly a solo suitable for the occasion. A quartette "Good Night" was also very pleasingly rendered by Messrs. Newman, Clow, Allan and Hooper. The church was very artistically decorated with flowers in season by young ladies of the congregation.

A feature of the service was the baptism of Donald Edward, the infant son of Mr. and Mrs. Snellgrove of Regina, which was the first pastoral duty devolving on the new minister of St. Andrew's.

Napanee Fair, Sept. 12th, 13th, 14th Trotting and running races daily. Several Kingston horses are entered, and fourteen runners are coming from Toronto. The Royal Military College riding academy will give a grand exhibition of horsemanship daily, consisting of fancy drills, hurdle jumping, etc. Splendid ball games daily. Tuesday, Deseronto and Tamworth. Wednesday, Picton and Sydenham. Thursday, Point Anne and Tweed. Cadet drill competition, Wednesday. Kingston cadets will compete. They won last year. If they win this year they own the cup. Concerts in the palace Tuesday and Wednesday nights. Master Albert Gratka sings Tuesday night. Big community dance Thursday night in the Armouries.

Hard Coal Will Arrive By Water in 10 Days In conversation with the Whig Saturday morning, a local coal dealer stated that anthracite coal will commence to arrive by water in the city in the course of eight or ten days. Coal will arrive at Oswego five days after it is mined, and the boats will be waiting there to bring it across.

Horticultural Exhibition. Flower show opens in Island Market, City Buildings, Tuesday, 12th inst. Send your entries for fruit, plants, flowers and vegetables to the secretary, A. W. McLean, 91 Clarence street. One dollar makes you a member and entitles you to exhibit any of the above articles free, and compete for the prizes offered. School children's competition in sakers and sizzles free.

Stolen from Toronto. Chief of Police Robinson found on Saturday morning that the McLaughlin car, which was deserted on the Gananoque Road, several days ago, belonged to Toronto, having been stolen from that city on September 2nd. The car is being held here awaiting the owner.

At Brockville on Thursday 1340 boxes of cheese were sold at 16c per lb.

SPORTING NEWS

Bowling Games.

Skip W. Linton's rink is the winner of second place in the bowling club series as a result of a game played last evening, when he defeated Skip E. Green's quartette in a game that went an extra end to decide the winner. Skip Linton was the winner of first prize last year.

Scotch doubles results as follows: J. M. Elliott and J. Lackey defeated N. Munie and J. Hawkey; H. Angrove and F. W. Harrold won from E. Walsh and W. Chapman.

National. Philadelphia 8, New York 4. Chicago 10, Pittsburg 7. St. Louis 6, Cincinnati 1.

Michigan-Ontario. Hamilton 3, London 1. Hamilton 6, London 7. Port Huron 7, Flint 3. Saginaw 10, Bay City 0. Kitchener 10, Brantford 3.

PAPER MILL MAY START

J. Glacier, Kalamazoo, Mich., Considers Possibilities of Kingston.

Although no definite negotiations have yet been started, Kingston is being considered as a site for a large pulp and paper mill. J. Glacier, Kalamazoo, Mich., was in the city on Friday morning and went on to Montreal in the afternoon. He is expected back in the city on Monday, and unless something unforeseen occurs, he will discuss the project with members of the industries' committee.

The company, which will be floated with complete outside capital, is asking for twenty years' exemption from taxation and for a site of twenty to thirty acres along the waterfront. After a site has been chosen a large factory will be erected and it is expected that it will be constructed in nine months from the time it is started.

Mr. Glacier is considering the availability and suitability of sites along the river as it is desired to have the factory at a place where export can be carried on with facility. He has an interest in fourteen paper mills in the United States and is anxious to open up Canadian mills. He stated his conviction on Friday that distance from the forests would not prevent the establishment of the concern in such a place as Kingston as there were many mills in the United States in just such sites.

Incidents of the Day. Interesting Items Picked Up By Our Busy Reporters.

Harold Keech, Frontenac street, has returned from Edmonton.

Lake the medical health officer's advice and boil your drinking water.

Margaret Cochrane, aged nine years, daughter of Mr. and Mrs. Martin Cochrane, Bedford, passed away at the Hotel Dian on Friday.

As a result of the continued warm weather, the favorite bathing places along the water front are being well patronized. On Friday quite a number enjoyed a fine "dip."

Mrs. E. S. Randolph, Emporium, Pa., reached the city on Saturday on her annual visit. Mrs. Randolph is a daughter of the late John Randolph, former proprietor of the Randolph hotel.

The funeral of the late Richard Foley, who died as the result of a kick from a horse, took place from his parents' residence, Howe Island, at St. Philomena's church, on Saturday morning under the direction of M. P. Keys, undertaker.

T. J. Lockhart has returned after a visit for three weeks with his brothers, Dr. George D. Lockhart, King, Ont., and Dr. A. H. Lockhart, Toronto. Master Randolph Lockhart, King, accompanied his uncle home and made a short visit before returning with his sons, Mrs. Lockhart and Mrs. Chew.

SENATE WANTS REPORT ON COAL NATIONALIZING Washington, D.C., Sept. 8.—The senate by a decisive vote has instructed the fact finding commission, to be appointed under the Borah bill to include and report upon the advisability of nationalizing the coal industry in the United States. This does not commit the senate to public ownership, but indicates a willingness to investigate the question. The vote came after a long debate, in which the foes of public ownership vehemently denounced the proposed investigation.

Boil Your Drinking Water. The public should follow the medical health officer's advice and boil their drinking water until further notice, while the Department of Public Utilities is testing the suction pipe. See notice on Page 18 of this paper.

Importation. Medicine meeting, 3 o'clock Sunday afternoon.

Notice to Water Consumers

The general public's attention is drawn to the Medical Health Officer's Notice in another column warning the Water Consumers to boil the drinking water. The Department is anxious to take the first opportunity of testing the suction pipe.

Kindly take notice that all drinking water should be boiled immediately, until further notice.

R. F. ELLIOTT, Chairman, Public Utilities Commission.

OBITUARY

The Late Mrs. Ann Field.

Mrs. Ann Field passed away at the General Hospital on Friday after an illness of three weeks. The deceased was seventy-four years of age and was the widow of the late Arthur E. Field, for many years a well known barber in this city. She is survived by an adopted daughter, Mrs. Oscar Dillon, 16 Durham street, and two brothers, Alexander Scott, and Joseph Scott, Lindsay. The funeral takes place Monday from 16 Durham street, to Cataragui cemetery, Rev. Dr. Torrance officiating.

GOOD HOTELS IMPOSSIBLE. Ontario Temperance Act Not Popular in Port William.

Fort William, Sept. 8.—That a tyrannical government was responsible for the condition of hotels in Ontario and should at once restore to them the rights to which they were entitled was the opinion of Mayor Edmeston who appeared before the Hotels commission at its session here yesterday. Asked by the chairman what he meant by tyranny, he referred to the Ontario Temperance Act against which the people of this district had voted. This city had been establishing good hotels, but their ability had been restrained by the present laws. He objected to exemption from taxation, declaring that the hotels should pay full taxes like any other business.

The mayor said it seemed to him late in the day for the government to come and ask for advice on something it should have considered long ago. The government had taken away the rights of certain citizens and the injury to the hotel business was patent to anyone.

Canadian Cottons Up. Montreal, Sept. 9.—A demand which involved the transfer of only 415 shares yesterday carried Canadian Cottons up five points, the greatest gain of the day to within a point of its recent new high of 110 1/2.

Yesterday's action was evidence that this drop represented no loss of confidence on the part of holders of this security, and revived talk of increased dividends which, in some quarters of the street, are expected with much confidence.

At Vancouver seven chiropractors were found guilty of violating British Columbia medicine act, and fined fifty dollars each.

NOTICE

Owing to necessary testing of suction pipe, shore water will be pumped beginning SUNDAY, SEPT. 10th, and until further notice, and the use of unboiled water for drinking purposes during that time will be extremely dangerous.

A. R. B. WILKINSON, Medical Health Officer. Kingston, Sept. 8th, 1922.

"BLESSED MOUSE!"

By Juanita Hamel

History is full of incidents which prove that big events may hinge on little happenings. And what is a brave deed anyway, but leaping to meet dire need no matter how small may be the cause? There is, for example, the need which the sudden appearance of a wee mouse brings wide his arms to receive her for the very first time. And his heart—perhaps hers, too—murmurs "Blessed mouse!"
