BUSINESS ACTIVITIES IN CITY OF KINGSTON

Installing Woollen Machinery. William Collic, Stratford, is in the city in connection with the establishment of the woollen mill here for the manufacture of cloth for men and women's suitings. Mr. Collic has had a life-long experience in the practical work of weaving and his past record is a guarantee of the success of his new enterprise. The work is well advanced and all that is now necessary is the installation of machinery and equipment in the new plant, which will begin production as soon as the mill is ready. The company has purchased the building formerly occupied by the Frontenac Moulding company.

After leaving triplets on his first trip we imagine the Stork gets a pretty frosty reception when he calls next time.

SWAGGER — that's the only word to adequately portray this new Brown Fall and Winter Walking Oxford for Women. Nothing of comfort has been sacrificed, either; its very looks, the easy heel, medium broad toe and well-balanced arch, betray its comfort. \$7.00 Ask to see No. 863 ABERNETHY'S SHOE STORE

PREMIER MASSIE Of New Zealand, who was the first of the Dominion premiers to assure Britain that any needed assistance in the Turkish crisis would be forthcoming.

Married at Flinton. At Flinton, Miss Helen Champagne and Monte Ferraro were united in marriage on Wednesday last by Rev. Father Piesche. They were attended by Miss Pearl Ferraro, sister of the groom and Norman Champagne, brother of the bride. After the ceremony they repaired to the home of the bride's parents, where a sumptuous breakfast was waiting for them. They left for Tweed to take train for Toronto. On their return a kitchen shower will be given at the groom's home where they will reside. The reason so few girls care to be classed among the high-brows is because 999 men out of every 1,000 men prefer the flappers. Personally we'd rather see the long trains come back on the railroads than on the ladies.
