KINGSTON RETAIL MARKET PRICES

Kingston, Sept. 23rd.

Trading was very brisk at the local retail stores all week, owing to the Kingston Industrial Exhibition and out-of-town visitors, and the fruits boomed especially. Fruits and vegetables have never been more plentiful than at present and the market is flooded with all varieties. The prices have dropped during the week to correspond with the quantities coming in. California pears disappeared, but Bartlett have taken their place, and sold at 90 cents per 11 qt. basket. Plums and peaches were also very much lower.

Potatoes sold at 25 cts. a peck, a little higher than last Saturday. Evergreen corn is now very plentiful at 15 cts. per dozen ears. In the dairy produce section butter and eggs have gone up slightly. The best creamery butter retailed at 40 to 42 cts. per pound, while eggs went at 35 cts. a dozen.

The only change in the fish division showed white fish selling at 22 cents a pound, a slight increase. Meats and poultry, hay, straw and grains, and hides and wool all remained firm during the past week.

Debt

Debt, grinding debt, whose iron feet the widow and the orphan fear and hate; debt, which consumes so much time, which so cripples and disheartens, is a teacher whose lessons cannot be forgotten.

It is incumbent on all right-thinking people to do more than avoid debt. It is necessary to accumulate a competence for one's dependent years. If, with a definite earning power you find it hard to live within your income, how could your wife support the home in the event of your death deprived of your earning power? "Your salary stops with your pulse."

A Manufacturers Life policy provides for all these contingencies. Systematic saving will keep you out of debt, and build a competence for the sunset of life. Should you not live to old age, your life insurance will create an estate for your dependents.

Write, giving us your age at nearest birthday, and we will submit a proposition to you which will not place you under any obligation.
