BRITAIN WILL IMPORT MUCH CANADIAN CATTLE

As Soon as the Embargo is Lifted on the Other Side.

Calgary, Alta., Sept. 25.—Britain will import most of Canada's surplus cattle to the extent of approximately 120,000 head annually when the Canadian cattle embargo is lifted, declared William Philip Chapman, president of the Live Stock Traders Association of Great Britain here Saturday. Mr. Chapman is so confident that the embargo will be lifted that he is in the west endeavoring to get an understanding with the cattle exporters regarding trade possibilities.

300,000 ARMED MEN UNDER TURK ORDERS

London, Sept. 25.—According to a statement given to the Glasgow Sunday Post, by Major-General Sir Charles Townshend, who has just returned from a visit to Kemal Pasha at Turkish headquarters, Kemal has no desire to fight Great Britain. General Townshend says that Kemal Pasha has nearly 300,000 armed men under his orders, nearly all of them "hard-bitten and well set up fellows."

THE OLD, OLD QUESTION: WHEN IS A MAN DRUNK?

Two Lawyers Argue—Justices of Peace Decided He Was Tight.

"Fifty dollars and costs" was the penalty imposed by Justices of the Peace Allison and Cannon in the case of Secord Storms, a resident of Verona, who was tried on Wednesday last on a charge of drunkenness. Judgment was reserved at the time but was given on Monday morning. The conclusion of the case saw a keen argument between Prosecutor Webster and the defendant's lawyer, A. B. Cunningham, K.C., on the question of intoxication. Mr. Webster contended that when any person shows by action or speech that he or she is under the influence of liquor, then there is a state of "intoxication" that calls for the penalties of the Ontario Temperance act. In this case one witness swore defendant was intoxicated, another that he was "under the influence," while prisoner himself admitted taking liquor for a toothache, some of it slipping down his throat.

NOT WISE TO SACRIFICE COPPER OR BRITISH LIFE

For Either Turks or Greeks, Says the British Labor Leader.

London, Sept. 25.—Right Hon. J. H. Thomas, M.P., labor leader, speaking at Brighton today, said he had no hesitation in stating that in the long history of British statesmanship there never had been an appeal made with less justification than that made to the dominions with regard to the Near East situation. The Labor deputation, he said, that waited on the premier last Thursday had made it perfectly clear that Labor in Britain was neither pro-Turk nor pro-Greek, and that the workers did not think it wise to sacrifice copper or British life for either.
