**ELECTRIC IRONING**

**IT RESTS THE WRIST**  
When you take hold of a Hotpoint Electric Iron, and place your thumb on the special rest the pressure you use goes direct to the clothes you are ironing.

This feature reduces ironing to a matter of guiding rather than of heavy exertion.

Sold by all Electrical Dealers

**IF SKIN BREAKS OUT, IS FIERY, ITCHY OR ROUGH, USE SULPHUR**

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

**Broadway Foresees Season of Many Revivals**

**Old Songs, Old Plays, Old Stars to Delight New York Audiences**

New York City.—The wise acres are predicting a season of revivals for the Great White Way. Old plays are being brought out of the storehouse and dusted off for representation or for conversion into the movies.

Even old stars are reported to be grooming up the roles in which they first won popular favor. From intense modernism the tide is turning back to the old fashion.

Frances Starr's new play "Shore Leave" is not a revival, but it in-

**THE PRIZE WINNERS AT LANSDOWNE FAIR**

**For Crepes and Silks and Fragile Laces —to keep them fresh and new**

Prettier every time they are washed! Think of being able to say this about the crepes, silks and satins which used to be such a problem.

Think of being able to cleanse them conveniently and economically in sudsy water, thanks to the special soap science has perfected for the washing of dainty materials.

Wear your best things every day—put them on and enjoy them. They are cleansed in an instant without harm in the dainty lather of Palmolive Princess Soap Flakes.

**What are Palmolive Princess Flakes?**  
Mild, pure, whole soap, dainty enough for toilet soap, with a refining touch of perfume. In convenient flake form, wafer-like and curly so that they won't mat and lump, so that the action of water will dissolve them instantly. These curly white flakes make the stiffest of lather which freshens and renews while it cleanses. Palmolive Princess Flakes are the safe soap for fancy washing and the efficient soap for general use. And a convenience and economy into the bargain.

**Two big savings**  
Palmolive Princess Flakes go much farther than common laundry soap. This is because they are pure, whole soap, with no filler and little moisture. This saves soap money.

They also protect your clothes from effects of destructive soap ingredients. Broken threads and weakened texture usually are not due to poor material, but to the effects of common laundry soap.

**For washing woolsens**  
Palmolive Princess Flakes are ideal—no shrinking, no harsh stiffness, but washes sweaters, scarfs, leggings, blankets, all soft and wooly, warm as new.

**In the washing machine**  
Palmolive Princess Flakes haven't an equal. The thick suds dissolve dirt like magic and stands up so well it doesn't have to be renewed.

**Convenient and economical**  
Palmolive Princess Flakes come in a handy pound package. Once you learn the value of Palmolive Princess Flakes you will appreciate their superiority and convenience. You will use them for every laundry purpose and for general household needs.
