Here's a Real Beauty Maker
Pimples, Blisters, Blackheads, Bolls, Muddiness and Redness Disappear When You Use Stuart's Calcium Waters.
If your ambition is to have the loveliest of complexions here is a real beauty secret - use Stuart's Calcium Waters. It is no secret.

however, to thousands of pretty girls all over the U. S. who have relied upon these wonder waters to keep their complexions perfectly beautiful instead of wasting time with cosmetics. These waters go directly after those embarrassing pimples, blackheads and other such blemishes. It is not a round-about way. You get results every minute. You are sure of it in a few hours. They clear the blood, they drive from the system the impurities that cause pimples. The calcium goes to the skin, acts as a tonic, stimulates the tiny nerves, pores and blood vessels to renewed activity, and lo! before you realize it the skin is peachy, firm, clear, and the picture of a sweet, rosy complexion. Get a 50-cent box to-day of Stuart's Calcium Waters in any drug store and you will have a real beauty maker to clear your skin of pimples, redness, roughness and such destroyers of beauty.

Faithful Bull Pup Dies With Master
New York, Sept. 28.—Faithful to his master until death, a bull pup stood by the side of John Bracken, watchman, trapped in the Long Island Waste Company's plant in Long Island city yesterday until flames and smoke choked the master's shouts and the dog's barks for help. They were found dead, the dog's head on his master's chest, by policemen who came too late. John Derrick, a friend of the watchman, was severely burned in a futile attempt to rescue the man and dog. He may die.

Strike Will Not Affect Lake Shipments of Coal
Washington, Sept. 28.—The Lake Carriers' association through its president, William Livingston, yesterday advised government officials that the strike of lake sailors, called for Saturday, would not materially interfere with the movement of coal to the northwest, where an acute shortage must be made up before lake navigation closes. The association informed officials that for the past week or ten days half of the coal-carrying vessels on the lakes, had been forced to leave port without full cargoes or wait at their docks for a cargo.

At Lake Opinicon.
Lake Opinicon, Sept. 28.—The farmers are busy cutting corn and filling silos. A number from here attended the Kingston exhibition. Mr. Shaver occupied the pulpit here on Sunday. B. Guthrie made a short call here on Sunday last. Mrs. Mabel Darling is spending a few weeks

the steamer Regina on Saturday, and will return to Montreal on the Magantic. He will return to the city early next week.

new for that part of the house you live in.

Cattle Only Average.
The judges of cattle at the township fairs complain of the quality of many exhibits. Where there is pure bred it appears to be better taken care of, and consequently is in condition for show purposes. There is much to do, in their opinion, before the stock of the country is brought up to the point of excellence found at many of the fairs.

"The Bird of Paradise."
"The Bird of Paradise," stated to be the most talked of play of the century, and truly a sensational staging, was shown at the Grand on Wednesday night. There was a well-lit house to witness the play and for those who enjoy emotional acting of a very high order there was little disappointment. The cast was a capable one.

Vessels Storm Bound.
The schooners that left for Orwego and Sodus on Wednesday morning to load coal were obliged to anchor in the lee of Simcoe Island owing to the heavy wind from the south-west all day. They were held up until this morning when they proceeded on their journey. Not in many years have the movements of these coal schooners attracted so much attention.

Mr. and Mrs. C. Tolson spent a couple of days last week in Kingston. C. Gibson, Seely's Bay, called on friends here recently.

HUNTERS FLOCK TO BRITISH COLUMBIA

Rocky Mountain Goat
He looks lanky, but oh, how he can travel
ing ducks, geese, pinnated and ruffed grouse, with some snipe and plover at various points. Kamloops is the gateway to a rich sporting region where goats, brown, cinnamon, black and grizzly bear, small deer, moose and occasional caribou and sheep (3 varieties) are to be found. From here expeditions to the Fort Fraser country may be arranged—including about 176 miles of canoeing—where deer, bear and other large game may be shot. A hunting area rapidly growing in favor is the Caribou District, reached from Ashcroft. It is off the beaten path, therefore big game is plentiful, and includes grizzly, black and brown bear, moose, caribou, goat and sheep. Fishing for gamey trout is another attraction of this region. Of course the Cassiar District to the north stands in a class by itself, for the cost of a hunting trip there prohibits a great influx of hunters, insuring good bags for those who hunt there. Thirteen hunters taken in by Frank Call-breath, the outfitter at Telegraph Creek, in 1921, shot 11 moose, 22 caribou, 21 goat, 22 sheep and 20 bear, ten of which were excellent.

Seventy-Six Year old hunter and Indian guide hunting in Cassiar District in B.C.
BRITISH Columbia offers the best still remaining, easily accessible big game hunting territory on the continent. It is not necessary to go far afield from the railway and some of the best hunting grounds are as follows: Beginning at the east, there is the East Kootenay district, reached from Invermere. Two ranges may be hunted here; in the Rockies on the east are to be found moose, mule and whitetail deer, mountain goat, mountain sheep, grizzly, cinnamon and black bear, while among the Selkirk on the west, are caribou, mule and whitetail deer, mountain goat, grizzly, cinnamon and black bear. Very satisfactory wild fowl shooting may be enjoyed on the lakes and flats in the late fall. Deer, grizzly and black bear, caribou and goat are found in the country around Chase. Deer are found from 4 miles of the town; bear from 20 miles; caribou beyond the 30 mile mark, and goat from 30 miles. Excellent game bird shooting is to be had here, includ-
