BAD ACCIDENT WAS AVERTED ON MONDAY

Auto Crashed Into Baby Carriage and Injured the Occupant.

Pure chance averted a serious accident at the corner of Princess and Clergy streets, on Monday afternoon, when George Wheelock, driving a large touring car, crashed into a baby carriage and injured the infant. Wheelock, who is a Chinese confectioner and fruit dealer on Princess street, was approaching Clergy street on the way down Princess street when he apparently lost control of the car and it speeded diagonally to the right. Mrs. John T. Craighead, 59 Colborne street, was wheeling her nine months' old child around the corner when the car crashed into the carriage and on to the fence beside M. Amodeo's up-town refreshment counter. The child was hurled forward for a distance of six feet where it fell heavily on the pavement. It began to vomit severely and was rushed to Dr. Campbell's office where a thorough examination was made. Fortunately no bones were broken but the infant has suffered severe bruises.

Performs What He Promises.

"I don't want any fellow to think that mine is a high-priced shop because I talk quality and stick to things that are well and worthy," said George Van Horns, of Princess street.

"Suits that I tailor to measure for \$35 are just as smartly designed as those I show at \$35 and \$40. The only difference is in the cost of the wool in the cloth. That is the basis of the label in the pocket. I have suits ready to try on and be finished in an hour, but when one desires a custom-made suit my promise of delivery in six days is a real performance."
