IF BACK HURTS TAKE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers.
Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.
You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.
Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean.
A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

It is not poverty so much as pretence that harasses a ruined man—the struggle between a proud mind and an empty purse—the keeping up a hollow show that must soon come to an end.

Kingston and Vicinity

The Bishop of Ontario will hold a confirmation service at Enterprise on Sunday next.

Repairing Sidewalks.
The employees of the Board of Works are busily engaged repairing sections of the city sidewalks which "heaved" last winter as a result of frost.

Everybody Ticked.
The re-opening of the locomotive works has aroused a feeling of optimism concerning the return of prosperity in Kingston, and the working-men, especially, are delighted with the turn of events.

Thinks They're Funny.
"I have seen the freshies' outfits in a good many colleges in the United States, but I have never seen anything quite so ludicrous as the 'get-ups' on the boys here," said a merry visitor to the city.

"Kingston, the Beautiful."
An American visitor remarked upon the beauty of the shaded streets, public parks and buildings in this city, and stated that this city should bear the title of "Kingston the Beautiful" as well as the "Limestone City."

To Unveil Memorial.
The unveiling of the memorial fountain in Prescott will take place on October 5th, in the afternoon. Rt. Hon. Arthur Meighen, Hon. Geo. P. Graham, Hon. G. Howard Ferguson and Senator J. D. Reid, are expected to speak.

The honor goes to Miss Evelyn Day, youngest daughter of Mr. and Mrs. W. Day, of Cataract, for winning the highest number of points at the school fair on Sept. 14th. This entitles her to another certificate of honor. This is the second year in succession she has won the prize.

MacLean, St. John's and Sand Hill, Pittsburgh, has been chosen as one of the speakers for the provincial Sunday school convention which is to be held in Massey hall, Toronto, Oct. 23rd to 28th. Died at Belleville.
Mrs. Esther Campion Lingham, relict of the late Job Lingham, passed away Monday morning at her home, 178 George Street, Belleville. The late Mrs. Lingham was the daughter of the late Col. Wm. Campion and was born at "Lily Crick Farm," near Marmora, eighty-five years ago. Miss Esther Wagner, attending Queen's University, is a granddaughter.

Slow in Buying Coal.
The warm weather of the past ten days has caused the people to forget that hard coal has been coming in by water cargoes. The sale of coal has not been brisk, but a cool wave will no doubt result in more buying. At present a fuel controller is not needed here. The dealers are quite able to make the required distribution of a ton a month to a consumer.

No Order to Disband.
Although there have been rumors and more rumors for several months concerning the disbandment of the regimental band of the R.C.H.A., nothing definite has been ordered as yet. If the economy measures of the militia department require any further curtailment of the permanent force, it is believed that strong efforts will be made to keep this splendid band intact.

Mapleton in Drydock.
Capt. John Donnelly, of the Donnelly Salvage and Wrecking Company, was informed on Tuesday afternoon that the steamer Mapleton had crashed into an abutment of a bridge in the Lachine canal. The steamer's bow was damaged, and she is now in drydock at Levis, Quebec, undergoing repairs. An estimate of the damage to the bridge and canal has not been given out as yet.

Brings Radium to Kingston.
Dr. F. Etherington, who returned from New York on Saturday, purchased a hundred milligrams of radium for use in his practice here, he having decided to open a consulting

office at 142 Wellington street. This is the first radium to be brought into Eastern Ontario, and needless to say a thousand dollars does not go very far in the purchase of such a rare and expensive article. Radium is chiefly used in the treatment of tumors and skin conditions.

Buried at Wilton.
Mrs. E. M. Hogle, died at Watertown, N. Y., after three months' illness. A Napanee writer says:—"She will be greatly missed around Wilton and Odessa, as she renewed acquaintances from year to year, generally spending her holidays there. Besides her husband she leaves to mourn her loss four brothers and one sister. Much sympathy is extended to her sister, Mrs. Don Thompson, Odessa, who was at her bedside twice during her illness, and also to her brother and his wife, who so devotedly cared for her, nothing being left undone for her comfort. The remains were taken to Wilton, and interred in the cemetery there on Sept. 18th."

Militia Training Programme.
Major-General Elmsley and his staff at local district headquarters are now working on the winter programme of training for the non-permanent militia units in the city and district. It is understood that courses of instruction will be held at various centres, as there are still a number of unqualified officers and non-commissioned officers on the strength of the units. A militia staff course for field officers may be held during the winter. This will require several weeks' attendance at a school to be established in the Kingston armouries, with an additional period to be spent in practical work at Petawawa camp next summer.
