C. H. Hahndorf, Toronto, was suffocated while asleep from the over-heating of a room by a gas burner, for which there was no ventilation.

AMUSEMENTS

What the Press Agents Say About Coming Attractions

Rex Stock Company. Florence Winters and Hazel Williams, two popular members of the Rex Stock Company, have the stellar roles in another of those typical Rex comedies which is to be presented at the Grand the last half of this week.

Florence Winters who excels in old lady comedy parts, appears in the part of Aunt Mary, and Hazel Williams 'The Little Red Head' in a part equally as funny, and as Hazel's role is one that is full of peppery comedy action, and 'Kitty Be Careful' presented this week did not call for her to have a part, it has given her a week's rest, and her many admirers can look forward to seeing her back, and jumping as if she was in the path of a cyclone.

'The Girl From Kalamazoo' is a comedy that requires the full strength of the company to present, and each has been assigned an important role in this highly amusing comedy.

The usual careful attention to the proper scenic background has been looked after by Rex, and Frank James, chief scenic artist for the company has designed and painted some beautiful sets for the production.

Two snappy vaudeville acts are announced for presentation between acts.

Will Patronize the Opera. The box office of the Grand started yesterday, the sale of seats for the gala performance of the De Feo Grand Opera on Wednesday. Judging from the large sale of seats on the first day, we can safely say that the Kingstonians and our neighbors from Napanee, Rideau, Gananoque have come out in numbers for this unique occasion to hear one of the best opera companies that ever visited Canada.

The choice of the opera 'Carmen,' the most popular in the operatic repertoire, has much to do with it. From Montreal and Toronto many of us have heard of the great impression the De Feo Opera Company has made on the public; it must be remembered that the artists are all members of the Metropolitan Opera House, New York, of the Covent Garden Opera, Paris, and of the Covent Garden, London. With interpreters of this high caliber we are assured of hearing a rendition of Carmen as we have seldom had the opportunity in our city. It is, therefore, advisable, to reserve your seats right now in order to be sure of not missing this great artistic event.

'The Four Horsemen.' When it was time to start the evening show at the Strand theatre last night every seat in the house was filled. Rodolph Valentino in 'The Four Horsemen of the Apocalypse' was the attraction. So tonight it is advisable to get at the theatre well in advance of eight o'clock. The box office opens at 7 o'clock and any time after that patrons are at liberty to secure seats. No seats are reserved. It was indeed a great tribute to this wonderful production. Rex Ingram's world famous picture will live in the minds of citizens of Kingston for a long time to come. Practically every day last night remained in their seats until the conclusion of the picture. It takes a mighty good picture to hold an audience in that way.

Tomorrow night will be your last opportunity to see the picture. Do not wait until then. Attend tonight's show and be early. Be at the matinee on Wednesday. The box office opens at 2 p.m. and the show starts one-half hour later. The prices in the evenings are thirty-five cents for adults and twenty-five cents for children, and in the afternoon fifteen cents for children and twenty-five cents for adults. Above all be early so you will have an opportunity of obtaining a good seat.

'The Storm.' 'The Storm,' the Universal-Jewel attraction which has won widespread commendation as the outstanding screen success of the year, comes to the Allen theatre on Thursday for an engagement of three days. An all-star cast, headed by House Peters, makes the screen version of Langdon McCormick's world famous play, an artistic triumph that holds the spectator spellbound. Virginia Valli and Mafi Moore play the chief supporting roles. In fact this stellar trio carry the burden of the majority of the scene. With the action of the storm laid in the northern Canadian woods, exceptional opportunities were offered for intense dramatic scenes, and Director Reginald Barker took full advantage of each chance to build up the suspense element. The forest fire scene, in which the flames sweep along in leaps and bounds, is magnificent and exceeds the thrilling mechanical forest fire given in the stage presentation. Photoplay critics in New York, Chicago, and other metropolitan cities have been unanimous in their praise of the greatness of this Universal-Jewel and Manager Smithers of the Allen theatre is to be congratulated upon showing it here.

'Heroes and Husbands.' Katherine MacDonald has seldom been surrounded by such a thoroughly capable and distinguished company as in 'Heroes and Husbands,' her latest First National offering, which is now playing at the Allen Theatre. Nigel Barris, who has played leads with Miss MacDonald more times than with any other actor, is again seen playing opposite

SPORTING NEWS

To Present Kiwanis Cup. The presentation of the Kiwanis cup awarded to the best high school cadet team in the annual competitions held on May 24th last is to be made to the Macdonald school team this evening, when the home and school club will give a supper and provide entertainment for all taking part.

High School Cadet Shoot. The annual shoot for the King's prize and the other trophies open to the High School Cadet Corps of Canada, will open in Toronto this week. Lt.-Col. G. H. Gillespie expects to have eight teams of ten cadets representing M.D. No. 3. The teams have to be in Toronto on Thursday. Arrangements have not been completed for the attendance of the teams from Kingston.

R.M.C. Working. The Royal Military College Rugby squads are working out quietly and steadily each day. The last big event in the sporting line took place on Friday last in the field sports and the next one will not be until Saturday, when the cadet seniors meet the collegiate secondary group, and the juniors and Queen's third team meet also. The college had nothing unusual to report in sporting lines today.

Momentary Cloud. A momentary cloud is being cast over Queen's rugby circles this week by a persistent rumor that the Registrar's office threatens to hold up some of the most promising men on the football squad over technicalities. Just what will develop, if the rumor be true, is hard to say, but it is hoped that those in authority will harken to the cry all over the University, which goes something like this: 'For the love of Mike, use discretion!'

'Boohoo' Disappears. Although it is known that 'Boohoo,' the Queen's bear, is somewhere in the dark recesses of the Jock Hartly Arena, his exact whereabouts are known only to 'Billie' and Hughes. After the manner of his kind, the good natured little fellow is preparing to dig himself in for the winter and as he is mighty tired after so much playing around with the football squad lately, 'Billie' is going to let him sleep in peace for a while.

Games Are Arranged. At a general meeting of the Kingston and District Football Association, held in the G.W.V.A. rooms on Monday evening, a number of business matters were attended to, including the arranging of a schedule for the fall playing season. The following games have been announced for next Saturday: Kingston City vs Queen's, 2.30 p.m.; Queen's Campus, 2.15 p.m.; 21st Battalion vs R.C.A., 3.00 p.m.; Cricket Field.

R.M.C. staff vs R.M.C. Cadets, 3.00 p.m. R.M.C. The following were elected as honorary presidents of the association: Major-General E. H. Elmsley, C.B., C.M.G., D.S.O.; Major-General Sir A. C. Macdonell, K.C.B., C.M.G., D.S.O.; Brig-General A. E. Ross, M.P.; Lt.-Col. C. F. Constantine, Lt.-Col. H. E. Pense, Major W. J. McManus, George P. Avey and S. Crawford.

All of the games will be played for the K.D.F.A. cup, otherwise known as the Milne trophy, and a good attendance is hoped for.

No alternative will be left for the crown but to put Rev. J. A. Delorme on trial again for the murder of his half-brother, Raoul, if the application to have him released from Beauport is successful.

Archbishop Thorneley, head of the Anglican diocese of Algoma, is making a tour of the fire-swept North Ontario district. It was for him that the now desolate village of Thorneley was named.

British government will not assist British shipping in action against U.S. liquor ruling.

The question of a 'Bible Society Sunday' was also discussed, and a number of the ministers announced that they would observe Sunday, October 29th.

The members of the association also promised to support F. J. Wilson, secretary of the Y.M.C.A. in his work at Mowat and Sydenham hospitals. They will visit these hospitals in cases of emergency. The association expressed its disapproval of the government in cutting off the chaplain service.

The members had the pleasure of listening to a most inspiring address from Rev. Dr. George C. Pidgeon on social service.

Supper was served by the ladies of St. George's cathedral, and the gathering was a most interesting and profitable one. A number of visitors were present.

Children came forward in costumes and rags, shivering with cold, when the Eaton relief train arrived in Hawkebury.

German mark has had another sharp fall.

Y.M.C.A. BOARD MEETING

The Directors Are to Conduct a Quiet Campaign to Raise \$2,000.

There was a splendid attendance at the regular October meeting of the Y.M.C.A. board of directors held Monday evening and proceeded by supper served by the women's auxiliary. Those present included Charles Anglin, R. H. Ward, H. W. Davis, E. P. Jenkins, F. W. Partridge, W. R. Allan, T. Ashmore Kidd, W. J. Saunders, Dr. C. C. Nash, H. W. Newman, General Secretary Wilson and Physical Director Blake, with President F. R. Anglin in the chair. The president extended a welcome to the new director, W. Roy Alan, and also to the new Physical Director Blake, the latter being well into harness and the classes going strong.

Among the communications read was from the public trustee at Osgoode Hall notifying the association of a bequest of \$2,000 in the will of the late Frederick Welch, which bequest when available will provide a yearly income of \$100 or more to be used in providing twenty-five needy boys with membership privileges in the 'Y'. In expressing their appreciation of this bequest, the directors also voiced that hope that this example of thoughtful generosity on the part of their late friend might inspire other friends of the institution to emulate this good deed when making or revising their own wills.

The finance committee reported through their chairman, R. H. Ward, that they would still be required to raise at least another \$2,000 in new subscriptions to take care of obligations. It was therefore decided to conduct a quiet campaign particularly among those not yet subscribing in an effort to raise some available funds.

P. J. Lee, a National Y.M.C.A. secretary, was present at the meeting and after presenting the various aspects of the national work, appealed to the Association to raise its quota of national funds which was set at \$300. The finance committee promised consideration.

W. J. Kayes, Toronto, was in town yesterday. Mrs. Stewart Lee spent the weekend in town with relatives.

Mrs. A. A. Welch closed the Gananoque Inn on Sunday and left for Montreal.

On Sunday afternoon an interesting time was spent by a number of local radio enthusiasts. Walter Stabler and a number of others were stationed on Snake Island with a receiving set and Mr. Lower transmitted from Mr. Staebler's house on Hay Island. Mr. Staebler played a number of piano selections which were heard and appreciated by the party on Snake Island. Happy conversations also livened the afternoon for both parties.

A petition signed by 16,000 ratepayers is presented Toronto council asking for submission of a by-law introducing single tax.

Government's unexpected change of the personnel of Hamilton harbor commission has led to protests. Poultry prices are working higher at Chicago.

MINISTERIAL ASSOCIATION. Discussed Several Matters at Meeting Held on Monday.

Several matters were taken up at a meeting of the Ministerial Association held at 5 o'clock on Monday afternoon, in St. George's hall. Prior to the meeting of the association, a chapel service was conducted by Dean Starr. Canon Vernon, Toronto, gave a splendid address on 'The Transfiguration of Christ.' Rev. T. W. Savary, the president, presided.

Dr. A. E. Ross was present, and made a strong appeal on behalf of the General Hospital, and asking that the churches set apart one day as 'Hospital Sunday,' when the question of support for the hospital should be taken more seriously. The matter was left with the executive to deal with.

The question of a 'Bible Society Sunday' was also discussed, and a number of the ministers announced that they would observe Sunday, October 29th.

The members of the association also promised to support F. J. Wilson, secretary of the Y.M.C.A. in his work at Mowat and Sydenham hospitals. They will visit these hospitals in cases of emergency. The association expressed its disapproval of the government in cutting off the chaplain service.

The members had the pleasure of listening to a most inspiring address from Rev. Dr. George C. Pidgeon on social service.

Supper was served by the ladies of St. George's cathedral, and the gathering was a most interesting and profitable one. A number of visitors were present.

'Cross to Sacrifice,' memorial to soldier dead, to be unveiled at Mount Pleasant cemetery in London. Big convention will be held in Fort William on Oct. 26th to consider secession from Ontario. United Farmers in Russell county will nominate candidate to counter by-election for legislature. Windsor Italian accused by coroner's jury of causing death of young Michigan man. Italy seeks to retain Dodecanese Islands in face of treaty. Ireland may have system for compulsory service in army. Smaller area of fall wheat sown this year in Ontario. Japan to evacuate Vladivostok on Oct. 31st.

The Healing Virtue of Herbs

VALUABLE SECRETS EXTRACTED FROM NATURE'S STOREHOUSE.

There is a power and reliability in herbal medicines that never belong to mineral drugs. The curative power of herbal remedies, too, does not wear off with constant use, as is the general rule with mineral compounds. These truths were more clearly realized in by-gone days when the famous athletes and gladiators of ancient Rome anointed their wounds and sores with secret herbal balms and vegetable oils of magical power. The secret and liking for these preparations perished with the fall of Greece and the burning of Rome.

BACK TO THE MINERAL AGE. In the age that followed, the people of Europe fell back on artificial salves and ointments composed of mineral oxides of lead, zinc, bismuth and other deleterious metals, without thought of the vast damage which these unnatural compounds undoubtedly did to the delicate under-skin.

The explanation was that herbal remedies, whilst admittedly ideal, meant more trouble seeking, refining and making-up. A return to natural perfect healing was never made until the discovery of zam-buk, which to-day is admitted to be the greatest and most perfect example of herbal compounding. The immense resources of modern science have been linked up in zam-buk with Nature's remedial herbs.

The rare and costly herbs used in the scientific manufacture of zam-buk are carefully selected, gathered at the right season, compounded in up-to-date and elaborate laboratories and closely

combined. Each ingredient assists the other in the curative work. NATURE & SCIENCE UNITE. The ultimate outcome of all this patience and skill is a rich super-balm, one as unique in conception and combination as it is successful in treatment of skin troubles of all kinds.

Whether it is a cut or scratch, that threatens to fester, a patch of eczema, cold sores or salt rheum, an obstinate ulcer or poisoned wound, or an attack of piles or disfiguring pimples, zam-buk is the one ideal herbal healer superior to every other form of skin medicine. It is a novel combination of all those healing, soothing, and antiseptic powers which Nature had hidden in the juices and the herbs of her virgin forests.

Judged either by its character or the cures it makes day by day, zam-buk is in every way a remarkable healing substance. With a box of this wonderful balm always at hand you have a ready means of dealing with a hundred-and-one common skin complaints.

PROVE THIS FOR YOURSELF. All you need do to obtain a free trial sample of this great herbal healer is to write to the zam-buk laboratory at Dupont St. Toronto. A small trial box of zam-buk will be gladly sent anyone if a stamp is enclosed to cover the return postage. Mention where you saw this offer when writing. Regular size boxes of zam-buk at fifty cents, obtainable of all chemists.
