ANOTHER RELIEF TRAIN

With Fourteen Carloads of Supplies Leaves Cobalt For Devastated Area.

Cobalt, Oct. 11.—The list of dead in the northern conflagration remains at total of 44. This includes the body of one young woman at present at New Liskeard, unidentified, who was found in the ruins at Halleybury. On the return of the relief train here late Tuesday, Dr. Bouty, member of the committee who is officially recording the dead, stated that no further deaths had been reported, so that it may yet be one or two days before official notification of deaths in Hilliard township is received.

The relief train leaves here tomorrow morning for the devastated area with fourteen cars of supplies received from Toronto and other points. This is the largest single consignment of relief supplies sent north of here since the work commenced.

INDIA FOR PROHIBITION.

Natives Drink Very Little, Says Dr. Nyogi.

Victoria, B.C., Oct. 11.—India is falling in line with other countries flying the prohibition banner, and within a few years the British dependency, with a native population of 300,000,000, will be absolutely dry, according to Dr. J. Nansen Jan Nyogi, prominent Indian prohibition advocate, representing the Bengal Temperance Federation, who reached here from Calcutta via Hong Kong.

Dr. Nyogi declared that despite the enormous population the consumption of alcoholic liquors in India is practically negligible. "I would say that but nine per cent. of the native population of India drank intoxicating beverages," he said.

Continents, Not States, Will Wage Future Wars

Shanghai, Oct. 11.—Prof. James W. Garner of the University of Illinois, in a lecture here, said that wars of the future will be wars between continents instead of states. He asserted America never will be neutral in the future and will participate in all wars.

CAN GET 30 DAYS HARD COAL SUPPLY

As Large Quantities Are Now Coming Into New York State.

New York, Oct. 11.—Domestic sizes of anthracite may be delivered to consumers in quantities sufficient for 30 days' supply, beginning today, according to a general order issued from the office of State Fuel Administrator Woodin, following a conference attended by the district fuel administrators of the state.

General order number 1, which Mr. Woodin issued immediately after he took office, limited deliveries of hard coal in domestic sizes to a two weeks' supply for each consumer and that order is still in force.

The change is due to the conclusion reached by Mr. Woodin and his district administrators that the first emergency has been met and that fairly large supplies of anthracite are now coming into the state.

MUCH DEPENDS UPON CURZON

His Stock Has Gone Up While the Premier's Has Declined.

London, Oct. 11.—Keen interest is being evinced in the meeting of the National Unionists to be held at Cardiff on October 20th, and still more interest is being shown in the convention of the National Union Conservative Association which will be held in London on November 15th.

At the forthcoming meeting of the anti-Coalitionists propose to demand that the Conservatives shall shed the coalition connection. Much, however, will depend on Lord Curzon's attitude on the question. His stock in the last few weeks has gone up as steadily as the premier's has declined.

In any move which the premier may make it is generally acknowledged that he will seek for continued support from the members of the Government, especially the support of Austen Chamberlain and Lord Birkenhead, who have steadily countenanced his policy hitherto.

NEAR EASTERN ARMISTICE IS SIGNED AT MUDANIA

The Turks Not Permitted to Enter Thrace Before Beginning of December.

The Allies to Control For Forty-Five Days--Kemalists to Withdraw Ten Miles From British Position in Chanak Neutral Zone.

Mudania, Oct. 11.—The Near Eastern armistice was signed by the Allies at 6.35 o'clock this morning. The final meeting of the Mudania conference lasted but ten minutes.

The armistice terms represented the utmost concessions the western powers would make to the Turks. Previous to the conclusion of the armistice party, Sir Charles Harington, British commander-in-chief, notified Ismet Pasha, representative of the Turkish nationalists, fixed their signatures to the protocol.

The calling of the peace conference which is to bring permanent peace in the Near East is to come soon. As far as is known no action was taken on the suggestion of the French that the party be held at Scutari, Turkey, on November 1st.

The Terms Outlined. 1.—Greeks must evacuate Thrace. Hellenic forces must be out in two weeks and the civil force shortly thereafter.

2.—The Turkish gendarmerie may enter Thrace after an allied control.

"Come-Back" Hair Out. Chicago, Oct. 11.—The "come-back" haircut, which lasts but a week, has been invented by the barbers. It consists in merely snipping off the outstanding hairs and smoothing the rest down with a salve that gives the appearance of a smooth haircut. With some of the shops charging 75 cents a dollar for a haircut, this makes good business.

Retiring Message Given by D. B. Hanna. No Political Interference Tolerated in Working of Canada National Railways.

Toronto, Oct. 11.—"It has been our constant aim to keep the National system free from anything that could be used to support a charge that the government's railway, steamship, express and telegraph services, were being used for political purposes; I can only say for myself and those detractors who retire with me that nothing of the nature of political interference would have been tolerated while we were in charge. It is a necessary policy if efficient administration is to be obtained."

Increased Lumber Cut in New Brunswick. Mills Prepared to Run Day and Night if Enough Cars Are Available.

Fredericton, N.B., Oct. 11.—Latest estimates of the probable lumber cut during the coming winter in New Brunswick are said to include sixty-five million feet more to be cut upon the crown lands on the north shore of the province than last year. There are constant reports of activities at various mills, both large and small, some of which are prepared to run night and day if the necessary supply of cars can be made available to handle the shipments as manufactured. At present most mills have more orders than can be filled.
