Livingston's 75-79 BROCK STREET If Off Your Route It Pays To Walk

PUT IN A FURNACE A DAY LOCAL NEWS.

Is Average of Lemon & Sons With the Famous Helca Pipeless.

Would you believe that a regular mark of one furnace installed per day could be maintained by a firm trading to Kingston and the district around? That is the average of Lemmon & Sons, well-known local plumbers, tinsmithing and heating experts, with the famous Helca Pipeless Furnace which is being used so much in this district.

The Helca Pipeless now being installed by Lemmon & Sons is fitted with a gas-burning device and the fused joints of the furnace insure no escape of gas.

The demand for these furnaces is truly amazing and it is reported to be growing all the time, when Lemmon & Sons first placed them on the market they expected that they would go well, but were hardly prepared for the run on them that has resulted.

LATE J. R. DONALDSON. Burial Takes Place at Cataract Cemetery Saturday.

Besides being prominent in fraternal organizations the late Mr. Donaldson took a keen interest in religious and educational matters, and was a former member of the Kingston Board of Education.

Plans Made for Social Events During the Winter. Now that winter is coming on, and the P.W.O.R. Regiment is, as far as training is concerned, inactive, arrangements have been made to keep up the social side of life for the members, and commencing with Tuesday of next week, October 31st, and continuing on Tuesday of each week, the armories will be set aside for the regiment for recreative purposes.

On Tuesday, November 7th, the regiment is to hold its second annual armistice entertainment on a larger and better scale than before, and with the practicing of the band and general activity of the officers and other ranks of the regiment in preparation for this event something really worth while is looked for and success is assured.

SATURDAY'S MARKET. There was a good market Saturday morning, with the lighter and more novel lines almost entirely run out and trading down to the staple lines of fresh meats, vegetables, fruits and dairy produce.
