### OF INTEREST TO VETERANS

#### Dominion Council of Veterans' Alliance Has Become a Valuable Federation.

General satisfaction is being expressed by ex-service men throughout Canada at the results attained by the Dominion Council of the Dominion Veterans' Alliance in session at Ottawa last week. The first conference of representatives of all veteran organizations held in conjunction with the Dominion convention of the G.W.V.A. at Port Arthur a year ago has ripened into a federation which has functioned successfully.

The legislative committee of the Dominion Veterans' Alliance will assume the task of marshalling the ex-service men's case for additional re-establishment measures before the Royal Commission, appointed at the last session of parliament to enquire into the subject.

The Flanders poppy as the "Flower of Remembrance" bids fair to become a permanent custom, and the G. W. V. A. hopes to have the manufacture of the silken flowers for the Armistice Day anniversary preserved as a non-competitive occupation for the disabled men.

Many of the claims for adjustment of pay and allowances and other army payments which are still being presented to the Militia Department at Ottawa, are due to a lack of information as to regulations, etc. Claimants who have failed time and again to secure adjustments by writing direct have been agreeably surprised after they have placed the matter in the hands of the Adjustment Department of the Dominion Command, G. W. V. A. In instances where contentious points arise, the case is taken up direct by the G.W.V.A. adjuster with the Militia Authorities, and often the missing link of information is thus presented.

#### TRADED WIFE FOR FORD.

Tomaster Did Not Long Enjoy Possession of Car.

Syracuse, N.Y., Nov. 4.—According to a deed of barter made public by a prominent official in Oswego, F. R. Woodruff, a tomaster of Fulton, signed over his wife on July 18th, 1921, to Grover Coant for his Ford touring car and all "the considerations, including one tire, one pump and all the 'tools' in the car at the present time. I let all bonds drop on my wife this 18th day of July, 1921. 'Sind' Frank R. Woodruff, Grover Coant, Neda Woodruff."

The spelling in the foregoing deed is as shown here.

Woodruff did not long enjoy his Ford, for he failed to make payments due and it was taken away from him. The case came to light when Fulton authorities discovered that Woodruff's children were neglected and an investigation brought out the strange facts of the barter. Mrs. Woodruff is said to be in Utica, but her address is not known to the authorities. Coant is still in Fulton and said to-day that he was ready to

trade his present car for another woman.

MONTREAL'S CROSS OF SACRIFICE This memorial was unveiled this week in Montreal at a unique ceremony in which French and English united, with clergy from both Protestant and Catholic churches. The cross stands in the military plot between the Protestant and Catholic cemeteries, and has inscriptions in the two languages.

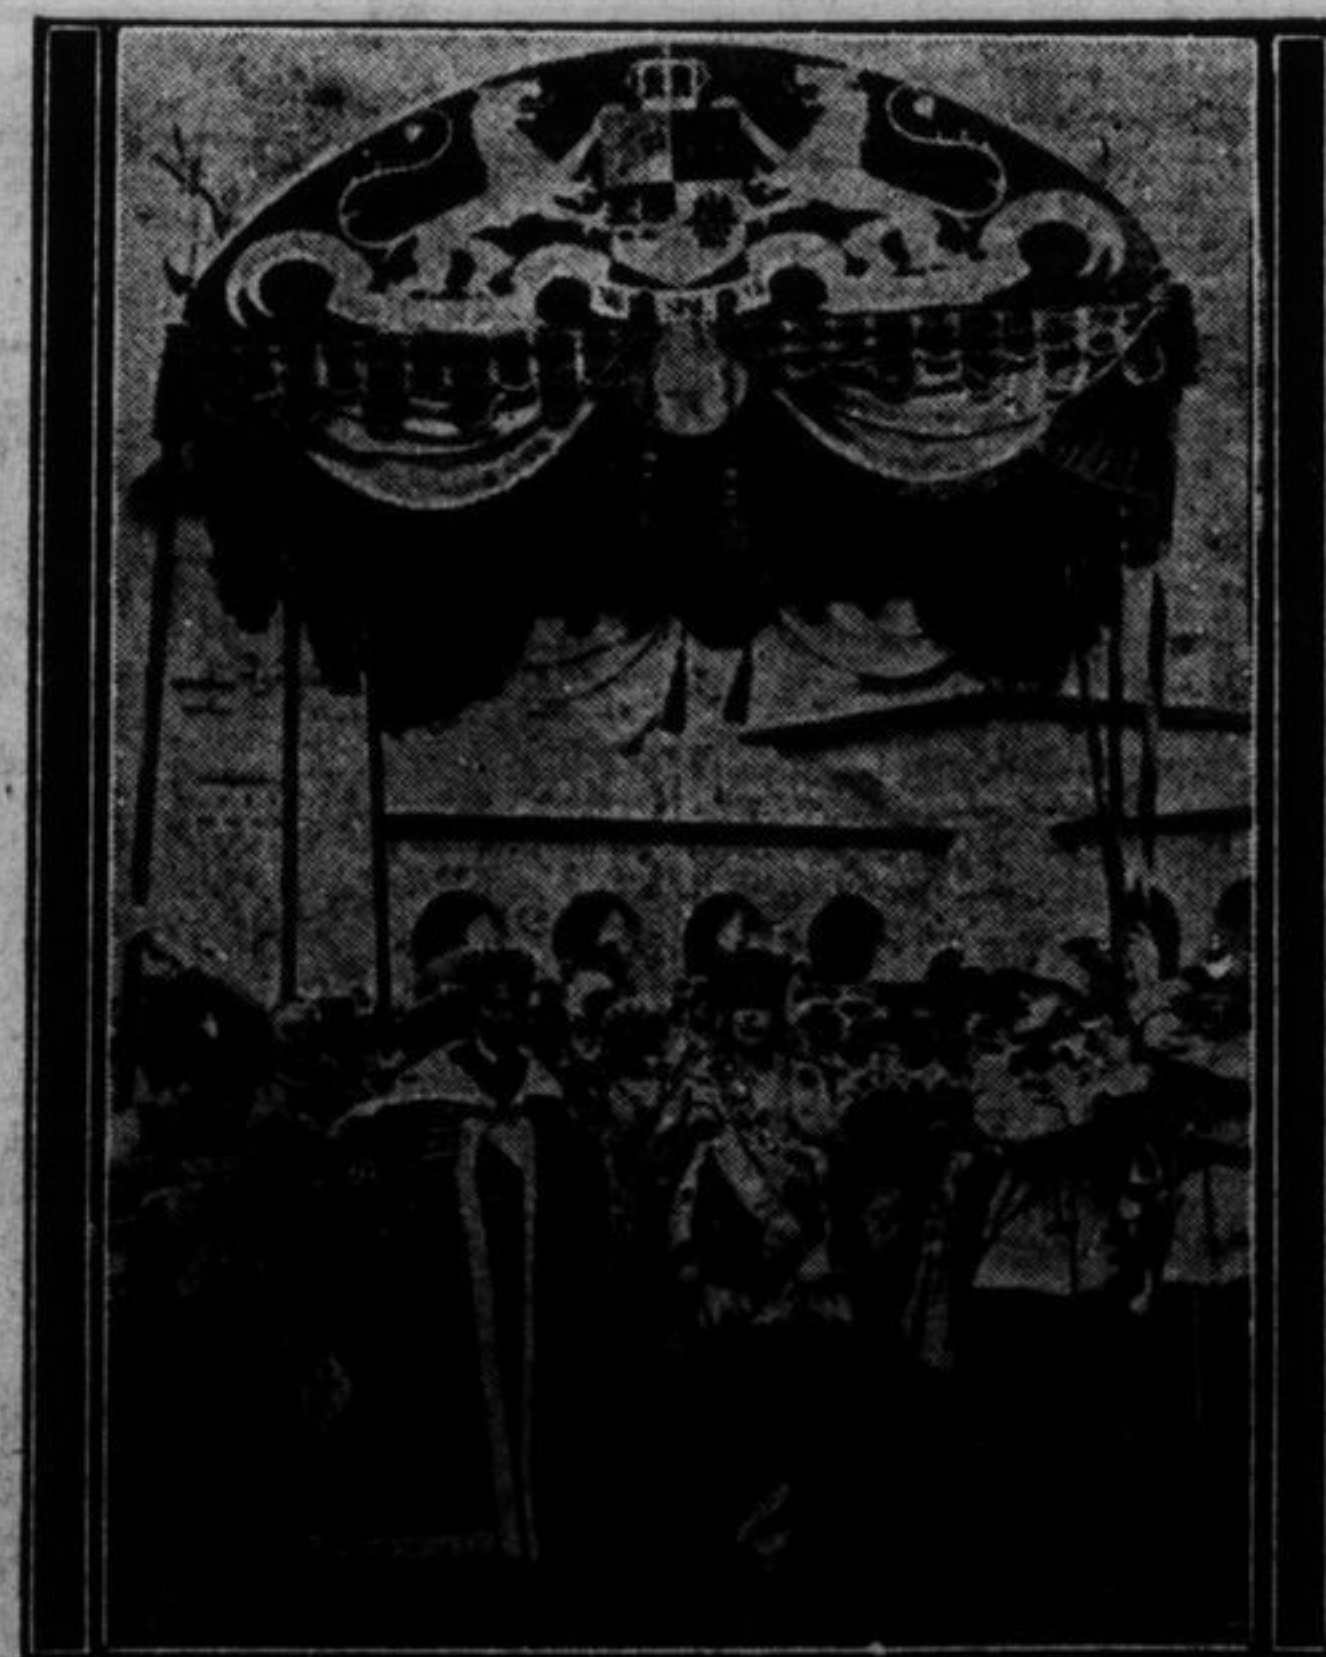

#### Thinks Project Too Costly.

Belleville, Nov. 4.—Because the Ontario Railway and Municipal Board felt that the proposal of the City Council to pave Station street with asphaltic concrete would, along with the sewer cost, lay too heavy a burden on property owners amounting to nearly 50 per cent. of the value of their property, it refused today its sanction to the city's plans, although it was recognized as imperative that the road be paved on account of the volume of traffic using it. A final order was, however, stayed for 30 days to allow the city council opportunity to draw up a scheme of financing the pavement, which will not fall so heavily on the owners of property.
