**Why Corns?**

Just say **Blue-jay** to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it!) and in thin plasters. The action is the same.

Found Health by Taking **Lydia E. Pinkham's Vegetable Compound**

Pinkham's Vegetable Compound advertised for women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I and I am a different woman since then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

**Prof. G. W. Mitchell, Au. hor.**  
Toronto Saturday Night, of November 4th, has a book review that kind of took the wind out of Kingston people who know Professor George W. Mitchell, formerly of Queen's University. The review is a book entitled "The Drama of Life" by Rev. Thomas H. Mitchell, and the reviewer remarks that he suspects that Mr. Mitchell is the same man who wrote "Anthropology Up-to-Date." Now the Rev. Thomas H. Mitchell did not write that clever little book. "Anthropology Up-to-Date" is from the pen of Prof. George W. Mitchell, Kingston, who we would suggest might send Saturday Night a copy of his work, which is a study of the human race. It is humorous, and written with a dash and snap that arouses admiration. It was published in 1918.
