PLANNING ENTERTAINMENTS

At the Mowat and Sydenham Hospitals—Notes About the Y.M.C.A.

Instructor J. Blake and Secretary F. G. Wilson, of the local Y.M.C.A. are planning several entertainments to take place at the Mowat and Sydenham hospitals within the next few days, and they intend to feature the events as Scotch, Irish and English night, with national songs and sketches appropriate to the occasion. They are now busy looking up local talent, and it is understood that a number of young people have already offered their assistance in this worthy cause.

The classes in the gymnasium are now rapidly getting under way, though the attendance at the business men's class might be much better. The seniors and younger boys are out in full strength and their training is coming along splendidly.

The swimming tank is a favorite spot every week-night, and after the classes are over the members take a plunge as a sort of "dessert" to the main part of the physical work.

Instructor Blake intends to start boxing instruction at an early date and already many applications have been received to start this interesting work. It is probable that a small tournament will be held in the spring if the training classes in the winter are successful.

Strong basket-ball teams are being organized at the "Y" and some splendid material is available.

Many new members have joined the local association during the summer and early fall, and as the activities of the winter get going, a number of applications are expected.

DEATH OF NOTED DOCTOR IN CONGO AUG. 22ND

Belated News Reaches Sister in Belleville and Comes as a Great Shock.

Belleville, Nov. 9.—Dr. Alfred Yale Massey, who had been for the past twenty years medical missionary in Africa, died at Coquilhatville, Belgian Congo, on August 22nd, according to word which has just been received by his sister, Mrs. S. E. Lane, 13 Dunbar street. Death was due to pneumonia and the belated news came as a great shock to his relatives.

Dr. Massey was born in the sixth concession of Sidney, Aug. 12th, 1871, the youngest son of the late Mr. and Mrs. Levi Massey. On his mother's side he was a descendant of the famous Yale family. He was educated at Albert College and at Toronto University. He taught high school at Warton for one year and then heard the call to the foreign field. He chose the work of medicine and went to Toronto and graduated at the medical school in that city, taking his degree of M.D. at that institution.

For some years prior to the time when he went out to Africa he was engaged in medical mission work in Labrador. In Africa, through his practical work, he was held in the highest esteem by the various governments and held posts of importance.

ANDREW J. VOLSTEAD, Speaker of the American dry law which bears his name, had a close run for re-election to Congress.
