

"HAD A NARROW ESCAPE"

I never realized until a few months ago how risky it is to neglect a cold in the chest. I have always had such good health, that a cold either in the head or chest, while unpleasant, never gave me any worry. Outside an occasional cold, I had never known what it was to be laid up until for a day in all my life, until last December. One afternoon I got a chill and no matter how close I got to the stove, I couldn't seem to get warm. This chill was followed by a cold in my chest. As usual I neglected it and it kept getting worse and worse. Finally I had to go to bed and send for the doctor. His examination showed that I had pneumonia and a bad case at that. By careful nursing on the part of my husband, my children and some friends, I managed to pull through, but the doctor told me I had a narrow shave. And here's what my troubles began. While I was now out of danger, I was anything but well. I was still very weak from the effects of the pneumonia. Although I had lots of life and energy before my sickness, I was now worn out and tired all the time. I slept fairly well, more because I was exhausted. But my sleep didn't refresh me because, while I appeared to be asleep, I was conscious most of the time of what went on around me. Although all kinds of tempting dishes were prepared for me, I had no relish for food. This sickness had already undermined my health to such an extent that I was a living skeleton. I was getting discouraged as nothing I took seemed to do me any good. I wondered if Carol wouldn't build you up, a friend said one day, "it did me a world of good, I was completely run down and I look see for yourself how well I look today. Why don't you try it?" Thanks to this friend's advice I am in perfect health again, as healthy and as full of life and vitality as I have ever been. Carol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 9-622 For sale by The Mahood Drug Co.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out. Any breaking out of the skin on face, neck, arms or body overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream.

Try it right away if you suffer from colds and throat troubles and you'll be glad you run across this little bit of advice. Get from any druggist, one ounce of Eucalypti (double strength) add to it a little sugar and enough water to make one half pint. GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It To Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mix the Sage Tea and Sulphur right at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not what we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes naturally dark, glossy, soft and luxuriant.
