A CONTINUATION SCHOOL A BIG FIRE AT ODESSA

At Sharbot Lake Under Discussion—County Council to Decide.

The county council at its Wednesday afternoon session discussed the petition of Oso taxpayers who last June asked that School Section No. 9 of that township be set aside for continuation school purposes. The council members were not sure what cost would be involved, and in order to secure all possible information the matter was referred to the finance and educational committees jointly to report on Friday.

Councillor Clark read some sections of the act which states what portion of the cost the county shall pay. Councillor Spankie explained that the legislature intended to set aside certain grants for continuation schools. The county would be required to contribute an equivalent amount to that granted to its continuation schools. He favored the petition of the Oso residents.

Councillor Armstrong said that the school might be needed, but it would not be of use to his township, Clarendon and Miller, which was closer to the Denbigh continuation school. He was not in favor of increasing expenditures for schools along the border.

Councillor Storms thought the request might be granted if it did not increase too much the burden of the taxpayer.

Councillor Sibbitt asked if Oso had made any arrangements for the proposed school, and Councillor Gray replied that the school section had purchased a piece of land for \$600. He could not say how much it would cost to erect a building.

On motion of Councillors Sproule and Taylor, the council then referred the matter to the two committees for report.

The county clerk reported for the mothers' allowance committee. There were twenty-seven mothers and eighty-eight children on the list. Only two applications had been received from April 1st till October 30th. The amount paid out for September was \$367.50.

The clerk read a request from the department of mines asking to be supplied with the location of every water well in Frontenac. If the county council could not furnish the information, the request might be passed on to the township clerks.

A resolution of condolence with Mrs. Whiting in connection with the death of her husband, the late John L. Whiting, K.C., county crown attorney, was passed, on motion of Councillors Clark and Sproule. The resolution referred to the splendid service rendered the county by the deceased.

ST. GEORGE'S MISSION EVENT.

The Annual Sale was held on Wednesday Afternoon.

St. George's Mission Hall on Montreal street was a busy place on Wednesday evening when the ladies of the Mission sewing circle held their annual Christmas sale. The building was taxed to its utmost capacity and it was with difficulty the visitors even got a glimpse of the attractive wares displayed at the various tables. Mrs. H. Wolfe, the president and Rev. W. E. and Mrs. Kidd, were on hand with a cheerful greeting, and Mrs. Hallam took the small admission fee.

The work table, with its useful and ornamental articles for sale, was in charge of Miss V. Ryder, Mrs. Kearney Jones, Mrs. J. Delp and Mrs. F. Walker. At the red and white candy booth, Miss Hilda Fenning and Miss Marjorie Thompson were soon sold out, so great was the demand for their wares. The long home made table was presided over by Mrs. N. Newell, Mrs. Ward, Mrs. F. Thompson and Mrs. A. Kershaw. Aprons were sold by Mrs. A. J. Jarrett, Mrs. J. H. Parrish and Mrs. H. L. Hill, while Mrs. Roach and Mrs. W. Frazer ran the Fish Pond, a most attractive corner for the little folk. Tea, coffee cake etc., were served by a committee with Miss Ryder as convener, the other members being, Mrs. C. H. Fenning, Mrs. Phillips, Mrs. Cockburn, Mrs. A. Frizell, Mrs. E. J. C. Harvey, and the Sunday school staff.

Every one has a good time at the Mission so the sale was a success from every point of view. The proceeds of the sale amounted to \$170.

Bradshaw-Hart Wedding.

St. Michael's Church, Belleville, on Nov. 22nd was the scene of a quiet wedding when Mary Margaret, daughter of Mr. and Mrs. P. J. Hart, Point Ann, was united in marriage to Lawrence Bradshaw, son of Mr. and Mrs. Levi Bradshaw, Tamworth. The bride wore a coat of Hudson seal with Alaska sable and hat to match. She carried a bouquet of sweetheart roses and ferns. Mr. and Mrs. Pat Callaghan (sister of the bride) assisted the couple. After a wedding breakfast at the home of the bride's parents, Mr. and Mrs. Bradshaw left for Toronto and western points.

Dieck-Quite Suddenly.

Robert Hanna, principal of the College Hill school in Thurlow township was stricken in the furnace room on Tuesday and died an hour later. He was fifty-one years of age. The remains were taken to Elgin for burial. A widow and two children survive. He leaves two brothers, J. B. Hanna, Athens and W. A. Hanna, Edmonton, and one sister, Mrs. L. Marshall, Lya. Deceased was a Methodist.

Winter Bartlett and Winter Nellis.

Pears in baskets at 75c are fine eating. Thirty baskets only, at Carnovsky's.

Good deeds are good seeds.

(Continued from Page 1.)

In the Frink store was a very up-to-date Delco lighting system, which had been recently installed at considerable expense. Mr. Frink was very fortunate in saving most of his valuable books which had been placed in the safe. The only thing that was saved from Frink's shop was a good show case.

The Bell Telephone Company stated that two of the main lines were burned out as a result of the fire, but they were put in working order at an early hour on Thursday morning. Paul Shtagne, of the Kingston office, went to Odessa and superintended the reconstruction.

Although nothing official was given out, it is expected that the building will be rebuilt and the two men who lost so heavily will start up again.

Some weeks ago Mr. Oswald loaned the Whig a very valuable document, the property of the regiment, of which he was an officer for many years. On Wednesday morning this document was returned. Mr. Oswald was absent from the village when the Whig representative returned the article, so he passed it over to a friend with the result that it is safe and sound. Had it been left in the building it would surely have been lost.

MEMBERSHIP CAMPAIGN FOR KINGSTON Y.M.C.A.

Captains and Their Teams Make Arrangements For Canvass.

The annual membership campaign of the local Y.M.C.A. got off to a fine start Wednesday night when the Ten Team captains and their men met around the tea table at the Y.M.C.A., and after doing full justice to the ample meal provided by a committee from the Women's Auxiliary, were given their instructions regarding the canvass for members for the "Y."

The general secretary, who presided at the meeting, after extending a welcome to a number of the directors, who were present, called upon the president, F. R. Anglin, who responded with a neat address which contained a good deal of inspiration for the workers.

F. L. Newman, the Membership Chairman, then explained to the teams the conditions of the campaign, and asked the boys not only to endeavor to secure the renewal of memberships now expiring, but to put forth every effort to secure one hundred new senior and one hundred new junior members for the "Y" during the campaign, which would continue for scoring purposes until next Wednesday at 9 p.m.

Those engaged in the effort are the following: Seniors—J. Lomax, capt.; W. Bruce Mack, Venle, G. Soleski, M. V. Buffam, George W. J. son, capt.; J. F. Twiss, Thos. Mills, F. D. Vanluven, F. B. Pense, K. Leishman, capt.; D. A. Shaw, Van Mills, W. J. McCallum, G. Ball, E. Moncrief, capt.; John Spence, F. L. Newman, E. Madrand, D. Geiger; L. Wallace, capt.; E. Kennedy, S. Gibson, Alf. Drury, F. Wood, A. S. Duncan.

Juniors—W. Percival, capt.; David Harris, Robert Findlay, Willie Newman, Norman Smith, Jas. Carr; O. Kendrick, capt.; John Stephen, N. Robinson, Horace Norman; Don Nixon, capt.; Earl Pidgeon, Jack Reid, Russell Upton; Ken. Gimblett, capt.; Bert Vince, E. Waterman, L. Harper, H. Harper; A. Brunke, capt.; A. Pollock, K. Upton, W. Kershaw, Howitt Smith.

Individual and team awards are being offered for those securing the largest number of members during the campaign, and the finance committee have offered an additional prize for the best individual worker.

Little minds deal in deceit.

Letters to the Editor

Standard Time and Daylight Saving. Kingston, Nov. 22.—(To the Editor): As the time is drawing near for the citizens to vote for or against putting forward the public clocks an hour at the beginning of next May, I would like with your permission to express my view of the matter in your influential newspaper.

The real object wanted is to enable the working citizens to have an hour longer in the summer evenings for recreation and enjoyment. To secure this they must begin their daily work one hour earlier. What need, then, is there of changing clock-time from standard time? To do so is surely a very childish and foolish act. Have not our intelligent citizens the mental strength to retire at night and rise in the morning an hour earlier? If the school board arrange that the children come to school each morning an hour earlier, and the mayor of the city asks the working citizens to begin work an hour earlier, then the longer evenings for enjoyment and recreation will be gained without any interference with the clocks.

Further, the city would then be in agreement with the farmers (the backbone of the country), and with the railroad employees, and it may be in other spheres of work, e.g., the hospitals, where there cannot conveniently be any change in the hours of work. I say then: Vote against the elusive daylight saving plan, when in reality no daylight is saved, and let us keep to standard time, and, like men and women with common sense, begin and end work each day an hour earlier, so as to have longer evenings to spend as one likes, and so make life more enjoyable.

—D. H. MARSHALL, Elmtree House.

On Way From Odessa Firemen Have Second Fire

While on their way home from the fire in Odessa on Thursday morning, Chief Armstrong and his men discovered another fire.

A pole, alongside the roadway, about three hundred feet this side of the railway crossing, was found to be blazing, and was quickly extinguished. The fire had evidently been started from a spark from a train.

To Dredge at a Wharf. The department of Public Works, Ottawa, has let a contract for dredging in the Kingston harbor, as a result of strong representations of J. M. Campbell. The immediate object of this work is to increase the depth of the water at the wharf of the Canadian Locomotive Company

blazing, and was quickly extinguished. The fire had evidently been started from a spark from a train.

Portsmouth taxpayers save two per cent. by paying taxes on or before 27th November.

Lumber companies still offering jobs to able-bodied men in northern camps but report difficulty in securing hands.
