EXECUTE SIX EX-CABINET MINISTERS OF GREECE

Former Premier Gounaris Among Those Condemned By Military Court At Athens.

It Is Stated That Great Britain Will Immediately Withdraw Its Minister From Athens As the Result of the Executions.

London, Nov. 28.—The Greek former ministers, condemned to death by military court at Athens, have been executed, says an Exchange Telegraph despatch from Athens this afternoon. It was stated here that immediate withdrawal of the British minister at Athens will result from the executions.

The British minister at Athens, F. O. Lindley, recently informed the Greek government that if the prisoners were executed, he would depart. Upon receipt of the news of the execution, the foreign office stated that Mr. Lindley had probably already left the capital.

Turks, have been ordered executed and two others sentenced to imprisonment for life. Goudas and Stratigos were sentenced to imprisonment for life. Stratigos, Hadjiapetis and Goudas were also sentenced to military degradation and the eight prisoners fined from 200,000 to 1,000,000 drachmas.

The Best Methods For Prohibition Enforcement

Toronto, Nov. 28.—The best methods for international co-operation for law enforcement on both sides of the boundary lines in which prohibition or partial prohibition is involved in either country. This was one of the more important subjects discussed at to-day's convention of the world league against alcoholism.

The feature of this afternoon's proceedings was the roll call of the nations a which representatives rose and in short sentences detailed the progress of prohibition in their respective countries.

Release Mary MacSwiney.

Dublin, Nov. 28.—Popular surprise over the release of Mary MacSwiney was largely because early declarations from government quarters were so unequivocal against permitting the prisoner's hunger strike to sway authorities from their course. It is pointed out, however, that she was really a military prisoner and that Minister of Defence Mulcahy was privileged to take whatever action he deemed expedient.

GAME COCK BATTLE STAGED NEAR DETROIT

Peterboro, Hamilton and Toronto Fanciers Enter Fight Against U.S. Roosters.

Detroit, Mich., Nov. 28.—Birds from Peterboro, Ont., Hamilton, Welland, Niagara Falls and Toronto have arrived in Michigan for one of the biggest maina ever pulled off in this state, to be held somewhere on Thanksgiving Day.

These birds will meet the game cocks which have been shipped from Kentucky and Georgia and are said to have been trained and conditioned to make merry in "one of the most cruel of all 'sport' campaigns. Elaborate plans for the staging of the chicken fights in one of the neighboring counties, probably Oakland county, are now complete and already thousands of dollars have wagered on the outcome of a dozen battles when two pieces of poultry fly at each other in a specially designed pit.

First to Visit Eastern Canada Then Tour United States and Australia.

Edmonton, Alta., Nov. 28.—Starting on their venturesome journey of 8,000 miles, during which they will visit most of the principal cities of Canada and the United States, the Edmonton G.W.V.A. band leaves the city tonight carrying with it the good wishes of the citizens. During the past three months the band has secured players from many of the military organizations throughout Canada, and now boasts a musical organization of a high order. The local members of the G.W.V.A. are making a special levy on themselves for initial expenses, while the citizens have contributed extensively by subscription. When the present trip is completed, the band expects to tour Australia and New Zealand.

Strange Disease Appears.

Montreal, Nov. 28.—Much consternation is prevalent in numerous Montreal families because of an inexplicable swelling that is making its appearance on the necks and faces of children. In most cases the afflicted children are girls about the age of nineteen, although one doctor states he has been greatly puzzled by peculiar lumps that have appeared on the necks of a few babies, he has been called upon to treat. Physicians are wrinkling their brows over the singular malady.

Federal minister of labor, has returned from Europe after attending the international labor conference at Geneva.

GUELPH'S COAL TROUBLES.

Dealers Won't Buy Coal as Selling Price Too Low.

Guelph, Nov. 28.—The coal situation in Guelph took on a new turn to-day when local dealers stated there was not over two days' supply of hard coal in the city. Local consumers were under the impression that there would be coal enough for their needs, and that the only inconvenience noticeable would be necessary purchases in small quantities at a time. Dealers state, however, that it is not a question of getting coal delivered at the tracks here, but that they are refusing to place orders because they contend they cannot make a profit at the retail price fixed by the Ontario fuel controller, which is \$16 per ton.

MAN WHO SHOT FIANCEE IS KILLED BY ANOTHER

Tragedy at Huntington, N.Y.—The Story Told by Edward Schuder.

Huntington, N.Y., Nov. 28.—The slaying of John J. Leitch, aged 29, after he was alleged to have shot and probably fatally wounded his fiancée, Rose Landrigger, aged 18, was probed by the police and the coroner here to-day. Edward Schuder, in whose home the double tragedy occurred, declared, according to authorities, that he killed Leitch after the latter had shot the girl during the lover's quarrel and had attempted to kill Mrs. Schuder. "We heard a shot in the room where Leitch and Miss Landrigger were, and rushed in and found her lying on the floor." The police quoted Schuder as saying, "I drove him from the house with a shot gun after he snapped the gun at Mrs. Schuder and the carriage failed to explode. After I fired once over Leitch's head, he dashed outside into his automobile and began to circle the house." Schuder said he then fired again, the charge striking Leitch in the head, according to authorities. Miss Landrigger lived at the Schuder home.

Fake Lord Rossmore Deported.

Montreal, Nov. 28.—On instructions from Ottawa, Richard Banbury, who assumed the name of "Lord Rossmore" for a trip to Canada, was placed on the C.P. steamship, Montclair, and will return to England. A reason for this deportation, in addition to the fact of the impersonation was that he had not the sum of money required for immigrants.

SHOULD JOIN THE LEAGUE

Koistana Senator Points Out Duty of United States.

CHAMPION OF CLEMENCEAU

Declares He Is Sick of the German Whine About Reparations.

Washington, D.C., Nov. 28.—France and Clemenceau found an outspoken champion yesterday in Senator Myers of Montana. Senator Myers declared that Clemenceau was right in saying that the United States should have entered the League of Nations and should do so now and ratify the triple-tight agreement under which Great Britain and the United States guaranteed France from invasion by Germany. France's fear of another attack from Germany was quite justified in Senator Myers' opinion, and unless other nations guaranteed her territorial integrity, France had no choice but to defend herself. He said he was sick of the German whine that they could not pay the reparations. If he had his way he would have the Kaiser every day in a treadmill, instead of eating, dining and making merry.

As the colored troops on the Rhine, Senator Myers pointed out that ten times the number of colored soldiers had been quartered for years on the people of his state. These colored soldiers on the Rhine, he said, had perpetrated none of the atrocities which German soldiers had perpetrated in Belgium and France. He reminded the senate that it was Germany, not France, which had submarine the Lusitania, and sunk numbers of American ships and killed thousands of alien citizens, while professing to be at peace with the United States.

FEARED ECCLES HAS BEEN LOST

Little Hope Is Held Out For the Safety of This Schooner.

Up until Tuesday noon, nothing had been heard of the schooner Katie Eccles, which was reported missing Monday. Local marine men hold very little hope for the safety of the schooner. The last seen of the Katie Eccles was when the captain of the Simon Davis, which went ashore at Wampoo Island, caught sight of her during the heavy gale Sunday evening. He stated that her boom was broken, and the boat appeared to be at the mercy of the waves.

On Tuesday morning, the Schuster Coal Company, Belleville, who owned the cargo of coal which the Katie Eccles was bringing from Oswego, stated that they had heard nothing about the schooner but they still held out hopes that Captain Mitchell, who was in command, was able to reach shelter and is waiting for the wind to drop.

There was a rumor that the Katie Eccles was at the Main Ducks, but this report is not credited in Kingston. Mrs. Cole, wife of Claude Cole, Cape Vincent, who owns the land at the Main Ducks, when called by telephone, stated that she knew nothing about the missing schooner, and she did not think for one minute that the Katie Eccles was up at the island.

There was a rumor current that the Eccles was seen Monday night ashore in McDonald's Cove dismantled. An effort was made by the British Whig to get in touch with the telephone at McDonald's Cove on Tuesday, but the nearest point reached was Milford. There no word had been received concerning the presence of the schooner Eccles at McDonald's Cove.

The Vessels Ashore.

The list of the crews of two other schooners, Mary Daryaw and Horace Taber, which went ashore, is as follows:

Mary Daryaw—Captain Frank Daryaw, Gordon McDonald, A. McCormack, William Forbes and Mrs. Daryaw, as cook.
Horace Taber—Captain Henry Daryaw, A. Peterson, James Taughton, S. Pradette, and Mrs. McCormack, as cook.
These schooners were loaded three weeks ago and were obliged to lie in Oswego harbor for fair weather. When they set sail on Sunday the weather was more favorable than it had been and the prospect of a safe journey was bright.
Captain Robert Patterson, who is owner and master of the schooner St. Louis, came home by rail on Saturday, leaving his schooner loading.
The Congrave Irish Free State government expects intense fighting.

MARRIAGE OF PRIESTS.

Ex-Clerics in France Seek Aid for Movement.

Paris, Nov. 28.—The Abbe Maxime Adrot, Director of Solidarite Sacerdotale, a society of ex-priests, has directed an appeal to the Comite Republicain of the Eighth Arrondissement, asking that association's aid in securing permission for French priests to marry.

The Comite Republicain is concerning itself at present with the question of France's falling birth rate, and the Abbe Adrot points out that marriage of priests would prove of considerable benefit to the nation in this respect. The object of the society of ex-priests is "to group all married Catholic priests and those who desire to marry, to safeguard and defend their just rights—for themselves as well as for their wives and children—and their situations."

At present any French Catholic priest who marries is unfrocked.

PATRIOTIC FUND TO END.

The marriage will be performed by the Rev. E. Hos Swan, a Baptist clergyman. After a short honeymoon the couple will sail for Big-noll's ancestral home in Italy to remain there until the circus season opens again. Miss Thompson's home is in Washington.

MUST NOT LIMIT POWERS OF BRITISH DOMINIONS

It Would Be an Unwise Move, Declares Premier Bonar Law.

London, Nov. 28.—The fact that the dominions have grown in stature as a result of the war makes it more necessary than ever before that nothing should be done in any way to suggest the limitation of their powers, declared Prime Minister Bonar Law in the House of Commons yesterday afternoon.

The prime minister spoke of the relationship of the dominions to the mother country in connection with the discussion of the future relationship of the Irish Free State with Great Britain. He declared: "I say without hesitation that if this parliament were to pass an act which attempted to limit the powers of the dominions according to statute it would have a reaction which would go all through the dominions and would be one of the most dangerous things that could happen."

EDMONTON RUGBY PLAYERS ON THEIR WAY TO KINGSTON

Moe Lieberman, a Former Resident of Kingston, Is the Edmonton Manager.

Esquimos Left Edmonton Early Tuesday Morning—Their Mascot Is a Fifteen-Year-Old Boy, Who Will Be Boo-Hoo's Rival.

(Special To The Whig)
Edmonton, Alberta, Nov. 28.—Bound for Kingston, Ontario, the stamping ground of the Eastern Canada rugby champions, the Edmonton Eskimos, boarded their private car at the C.N. station last night and at 6:45 a.m. this morning with their car attached to the Continental Limited steamed away in search of the Dominion gridiron title.

The party, twenty-five strong, embarked on their journey in fine fettle. Nineteen players are making the trip with the team, and all are looking forward to next Saturday afternoon when they tangle with the Queen's machine that was responsible for the downfall of Conacher and the Argos. Final arrangements for the trip were completed late last night by manager Moe Lieberman, and all the local lads have to do for the next few days is to hold down their cushions. The task of starting a party of twenty-five on a trip like the present one has its worries, and Moe was rushed off his feet yesterday. The only consolation for him is that he is bound for the scene of his school days, having graduated from the Kingston Collegiate.

The boys will not lack entertainment on their journey eastward, as a phonograph has been donated by a local company. Curly Gorman has been placed in charge as musical director and has gathered a variety of records ranging from the latest syncopated melodies to the "Settee from Lucia." Joe Phillip of the Canadian National Railway who made

everything comfortable for the boys on their trip east, last year, has again assumed this important post and was a member of the party that left this morning.

The Edmonton Party.

The following members of the team were aboard the Continental Limited when it commenced its trip eastward this morning: Blossom Seeley, Scotty Brown, Blake Brunson, Miles Palmer, Jack Carrigan, Curly Dorman, Art Creighton, G. Shiemann, Captain Jack Fraser, George Day, Walter Duke, Doc Dunsworth, Russ Burnett, Bat Spence, Vic Yancey, Jack Adams, and Red McCall, Jack Ferguson, Trainer, Moe Lieberman, manager, and Deacon White, coach.

Accompanying the team is none other than Daniel O'Connell Driscoll, fifteen years old, and the pride of the team. Dannie made the trip east with the Eskimos last year. Carefully guarded by every member of the squad, Dannie will give Boo-Hoo, the bear mascot of Queen's, a close race for the mascot honors.

Deacon White had all his proteges in their berths early last night, with the exception of Jack Adams who was forced to work at his job with the street railway until five o'clock this morning. Howard Kelly, sporting editor of Calgary Herald, is also a member of the party. George MacKintosh, sporting editor of the Edmonton Journal, will join the party at Winnipeg.

EXPULSION FROM IRELAND.

Rev. Father Dominick, Republican, on Way to Oregon.

Dublin, Nov. 28.—Father Dominick, who was the spiritual adviser of Terence MacSwiney, Lord Mayor of Cork, when he died on hunger strike, is a passenger on board the White Star Line steamer Adriatic, bound from Queenstown for New York. The destination of Father Dominick is Dominican House, in Oregon, where he has been ordered by his ecclesiastical superiors.

The Adriatic also has as passengers, Mrs. MacCurtain, widow of the late Lord Mayor of Cork, and her sister, Miss Walsh, both prominent Republicans. Father Dominick refused to give an interview prior to his departure, but Miss Walsh said that everybody knew the priest was expelled from Ireland, because of his political opinions.

MAY DROP VISITORS' TAX.

Paris Planning Levy on Apartments and Hotels.

Paris, Nov. 28.—The city of Paris recently established a visitors' tax, on the ground that the city was a tourist centre, but the government of France has not authorized its imposition. The city estimates that it is thus losing 30,000,000 francs a year.

To make up this loss the city now proposes to establish a tax on furnished apartments and hotels, which, it is estimated, will produce a higher yield than the proposed tax on visitors to Paris. It will also have the effect, it is believed, to check the increase of rentals on furnished apartments, which is said to have retarded the solution of the housing problem.

Lad Who Sailed on Schooner Katie Eccles Says Vessel Was Twice Reported Lost Before

"Where did you get the news about the schooner Katie Eccles being lost," piped a little voice in the editorial rooms at the Whig office late Monday afternoon.

SENATOR WILLIAM PROUDFOOT
He is seriously ill in a Toronto hospital, following a major operation.

Mild in Saskatoon.

Saskatoon, Sask., Nov. 28.—The appearance of mosquitos in Saskatoon on Saturday afternoon together with a number of grasshoppers proved rather a shock to visitors in the city who arrived expecting to find it wrapped in a mantle of winter.

Deposed Boy Emperor to Wed.

Peking, Nov. 28.—Hsuan Tung, 17, deposed by Emperor of China, will be married next Friday, according to the customs of the old Manchou dynasty, to a Chinese princess one year his junior, upon whose face he has never gazed.

The Reds begin intrigues in support of the Turks, at the Near East railways.

no further word about the Katie Eccles late Monday afternoon, when the Whig was in communication with that office. The company, however, was inclined to believe that the vessel was in shelter at some point. It is stated that the crew consisted of Capt. Harry Mitchell, of Portsmouth, and a young lad whose first name is Harry, and believed to belong to Belleville, and a young man. "Billy" Lloyd knows something about sailing, and intimated that the front boom on the Katie Eccles was spliced, but that the other was O.K., with a good sail.

"I think that possibly the vessel got in some place for shelter," said "Billy" Lloyd. "When I was on the vessel last year we were reported lost on two occasions. Once we put into Collins Bay, and another time we were safe at Horse Shoe Island when they thought we were lost." "Billy" Lloyd told the Whig that he has one brother Leonard, and five sisters, three of whom are married and the other two live at home.
