The Mail and Empire.

In the matter of penalties, Argonauts suffered much more than did their opponents, and Umpire Riddell came in for considerable criticism for the way he handled the game. Be that as it may, the two teams agreed on the officials, and no alibi can be claimed on the grounds of bad rulings. Referee Simpson handled the game well. If Queen's had lost, it would have been just as great a hardship on them as it was on the Scullers. The two teams were evenly matched-just as evenly as is possible and the breaks and fumbles decided the Eastern Canada champions.

The announcement that the Canadian final would be played at Kingston came as a surprise to the foilowers of football in Toronto at least. The local Stadium will hold almost twice as many people as does the Richardson Stadium, and the matter of finances is an important one when one of the teams travels as far as the Elks. It is certain that a Canadian final in Kingston w'll not draw nearly as well as one played in Toronto, and it would not be surprising if there are some empty seats next Saturday .. That Queen's is not adverse to getting as much as possible out of football is shown by the suggestion made by Kingston authorities several weeks ago that all the Intercollegiate gates should be pooled and divided among the three clubs. In addition, Queen's has won two games on Varsity Stadium and has only broken even at

Queen's victory will help football throughout Eastern Canada, as Arconauts, Varsity and Parkdale were beginning to monopolize the senior honors. Queen's defeat of Varsity did the Intercollegiate more good than any other event in the last decade, while the victory over the Scullers will encourage other teams that were inclined to concede everything to the Scullers before the start of the season. If Edmonton can give the Presbyterians a close game, Rugby will get an impetus this season that will reap a big reward next

Kingston has cornered a majority of the Rugby honors this Fall. The Queen's seniors won the Intercollegiate and Eastern Canada titles, and should annex the Canadian championship, while R.M.C. won the intermediate Intercollegiate honors.

Queen's victory was sweet for Billy Hughes. Five times in the last two years has he witnessed his M.A. A.A. squad go down to defeat before the Argonauts, but he was positive that he had a victory in his system and he produced it on Saturday.

Season Opens Jan. 10th

The Intercollegiate Union hockey section, held a meeting at the Hart House, University of Toronto, on Saturday, and drew up the season's schedule. Montreal University, admitted this season, will play McGill in the opening game on January 10th. Varsity's first game will be with Montreal at the Arena on January 13th. The season closes February 17th, with McGill playing there. The schedule is as follows:-

Jan. 10-Montreal at McGill. Jan. 13-Queen's at McGill; Montreal at Toronto.

Jan. 20-Queen's at Toronto. Jan. 27-McGill at Queen's: Toronto at Montreal. Feb. 2-Montreal at Queen's

Feb. 7-McGill at Montreal. Feb. 9-Toronto at Queen's. Feb. 13-Queen's at Montreal.

To Leadley goes the glory, for it was his educated boot that stemmed back the tide of black defeat that was slowly engulfing Queen's in the last period. It was Leadley who broke away when all seemed / lost for a forty-five-yard run, twisting and dodging and fending off tacklers with his swinging right arm while his flying feet ate up the ground that led to the Argo goal. It was Leadley who poised on the twenty-yard line minute later with 34,000 eyes focused on him, and his lion heart quickening its beat, who deftly whipped a drop goal off his toe straight and true as an arrow, for the three points that transferred the sable mantle of disaster from the triple striped shoulders of Queen's to the light and dark blue of the Argo gladiators. His field goal in the first period was also a dandy.

"Pep" Leadley will now occupy a niche in Queen's hall of fame along with Capt. Guy Curtis of the famous team in 1893. Pep is a product of Hamilton Collegiate Institute, which has produced many football stars. He is in second year science, and will be available for two more years. Few players in the history of Canadian football have ever risen to the occasion so heroically as Leadley did in Saturday's game. In the last quarter he ran, squirmed, side stepped and dodged the whole Argo team for forty-five yards until stopped by Conacher. Then with the whole atmosphere charged with expectancy he kicked a perfect drop kick from 20 yards out giving Queen's the three points to overcome Argos lead and
