VETERANS' ORGANIZATION NOW RID OF J. G. EVANS

Dr. J. O. Macdonald is the New President of the G.A.U.V.

On Monday evening at 205 Princess street, at the old headquarters of the local unit, Army and Navy Veterans and the Boys' Naval Brigade, the new officers of the Kingston branch of the Grand Army of United Veterans were elected. It is reported to the Whig that these veterans are now rid of J. G. Evans and his chief lieutenant, F. E. Ling. Dr. J. O. Macdonald is the new president. Judson Gimblett is vice-president, while the duties of secretary and treasurer have been entrusted to William Murray and Alfred McCutcheon, respectively. This paper has also been informed that the misleading signs which it recently brought to the attention of the public, are to be removed.

With Evans out the Whig can lend its support to the local members of the G.A.U.V.

Evans was present at the meeting, and in his usual smooth style "paid his respects" to the Whig. He is no longer connected with the patriotic organizations under the cloak of which so much "Evans" aggrandizement" was made since 1914.

Evans made his retirement appear voluntary, but it was said before the meeting that a desperate attempt would be made to shut him out of the new organization.

Although the Whig favors one—and only one—returned men's organization for Kingston, it wishes the local branch of the G.A.U.V. every success. One present at the meeting said that Evans will vacate the building Dec. 1st.

TO ASK THE LEGISLATURE TO GIVE FERRY GRANTS

Anthony M. Rankin to Introduce Bill to Aid Island Municipalities.

Anthony M. Rankin, member for Frontenac, will introduce a bill at the coming session of the Ontario legislature to provide for assistance to municipal ferries. In many island municipalities throughout Ontario, the people find it difficult to get their produce to the mainland, and very antiquated ferry equipment is used. Mr. Rankin made a study of British Columbia's ferry systems when visiting that province lately, and is of the opinion that the Ontario government should give financial grants to ferries just as it does to roads.

While the Wolfe Island ferry steamer is able to about meet expenses, the people of Howe Island are not so well off, and a legislative grant yearly would be of great help.

DIRECT ACTION IS PLANNED BY FRANCE. Paris, Nov. 28.—A plan for direct action by France as the solution of the reparations question was submitted today to the full cabinet with President Millerand presiding. The plan provides for the seizure of state coal mines and the collection of export taxes in the Ruhr district, together with absolute control of that section of the Rhineland now occupied by French military. It is believed the plan was approved. The ministers would not discuss it.
