Tickets for Football Game.

Queen's University athletic board of control found themselves in the position of having 150 reserved seats for sale on Friday morning. This was due to the fact that "Bobby" Hewitson, secretary of the Canadian Rugby Union, announcing that they had not asked for any tickets for their own use, and not one had been sent to Toronto to be handled through the C.R.U. The Queen's board had set aside 150 seats (the usual allowance for games in the C.R.U.) and as these were not wanted, they are now on sale to the first comers.

HERE'S THE SCORE.

United States Consul F. X. Johnson, who has been picking the scores of the Queen's games this season with great regularity has set to-morrow's score at 8-6 for Queen's. So far Mr. Johnson has not had a bad guess and everybody around the Market Square is waiting to see if he will finish the season's run true to form.

Letters to the Editor

Ald. Cohen States The Facts.

Kingston, Dec. 1.—(To the Editor):Someone having been unkind enough to infer that I am going to make something out of the deal if the purchase of the Division street property of the Kingston Brick & Tile Co. by the city is effected, I think I should make my position in the matter clear to every one, and therefore beg to give you the following facts:

In October, 1920, I bought from the Kingston Brick and Tile Company the iron buildings and machinery and later commenced negotiations for the purchase of the land. When the C.P.R. acquired a right of way across one corner of the land to divert their main line, it made the property even more suitable as a site for an industry or fair grounds. Being a member of the Industries' Committee and knowing the city's needs it occurred to me that it was worth more to the city than to an individual, so I turned over my option to the city. The purchase price is only $9,000, or about $220 per acre, as compared with about $1,000 previously paid by this city for industrial sites.

I have agreed with the city to leave the buildings and machinery intact as long as possible, so that they may be offered to a prospective manufacturer and to remove them in case the land they occupy is required.

All the advantages in the deal will thus be for the city. There is nothing in it for me except the satisfaction in knowing I have been able to offer the city something worth while.

Yours very truly,

—I. COHEN.

MISSION AT ST. GEORGE'S.

Rev. G. W. Hart of the Community of the Resurrection Mirfield, Eng., the Speaker.

Rev. G. W. Hart, of the Community of the Resurrection, Mirfield, England, is holding a two day's Mission in St. George's Cathedral. On Thursday morning there was a well attended corporate communion of the Young People's societies and church workers of the Anglican congregations in the city at 7:30, at which the missioner gave a brief address. At 10:30 there was the usual St. Andrew's Day corporate communion of the Woman's Auxliary of the city and neighboring country parishes, at which Rev. G. W. Hart was the special preacher. From 3 to 5 on Thursday afternoon the missioner spoke on Vocation or Calling, a subject fitting to St. Andrew's Day, taking the vocations common to all, the call to the love and service of God and the call to suffering and death. The latter he referred to as a wayside station on the journey through life, which is eternal, quoting the classic which he said contained a truth little realized, "John Brown's body lies a mouldering in the grave but his soul is marching on." Of the success or failure in the way through life he said, "Life is a series of beginning over again, the only real failure is ceasing to try." From 8 to 9 the address was continued on special vocations, marriage, Holy Orders and community life. To-day the services are especially for the clergy.

Back to the West Poorer, Sadder, Wiser

Saskatoon, Dec. 1.—Their land of promise, a sandy desert, three farmers from the Punnicy district have returned to Saskatchewan from Mexico, sadder and wiser men, according to Dr. Frank Hoffman, supervisor of the Presbyterian Hungarian mission for Saskatchewan. They belonged to a party of 100 which left the province for the Durango district on November 12th. All the others had sold out their farms and taken their effects with them, and were unable to get back, Dr. Hoffman said today. The party had been induced to go to Mexico by the representations of a colonization agency, Dr. Hoffman said.

In spite of all that has been said and done about citizens not securing tags for their dogs, there are still a few more cases to come before Magistrate Farrell. Three cases will be heard on Tuesday next.

The funeral of the late Margaret Mary Pullen, infant daughter of Mr. and Mrs. Arthur Pullen, took place from 40 Division street to Cataraqui cemetery on Thursday afternoon. Rev. T. W. Savary officiated.

MEIGHEN REPEATS STORY ABOUT HON. MR. DOHERTY

That Activities of Minister Embarrassed Lloyd George Over Cattle Embargo.

Almonte, Dec. 1.—Speaking here Wednesday night, Right Hon. Arthur Meighen, former premier, confirmed the story already published regarding Lloyd George's serious objection to Hon. Manning Doherty's activities in England when the latter spoke at public meetings against the British Goverment's policy on the cattle embargo.

"Mr. Lloyd George told me," said Mr. Meighen, "that the activities of a Canadian minister in England had made it very difficult for him to remove the embargo, which was his personal desire."

Confirmation by Mr. Meighen of the British official attitude towards Hon. Manning Doherty's interference in British home affairs is of unusual interest because at U. F. O. picnics in the province this summer Premier Drury has been expressing doubt as to the truth of the story of Lloyd George's disapproval of Doherty's extraordinary conduct.

HARD COAL SUBSTITUTES

1. BOULETS (Stove Coal size), the best Anthracite Briquet on the market.
2. DOMESTIC COKE (Nut size).
3. SMALL SIZE ANTHRACITE.

All these are good substitutes. We especially recommend the use of Small Anthracite, Split Pea Coal—to be used about half and half with the larger sizes. Hard Coal production is 50% short, consequently you can expect only half your usual supply in regular sizes.
