Aldermen Elected.
 The aldermen elected to the council of 1923 are:
 Sydenham Ward—T. A. Kidd, Dr. F. J. O'Connor, H. Richardson.
 Ontario Ward—J. E. Johnston, R. E. Kent, H. N. Robertson.
 St. Lawrence Ward—H. Milne, W. P. Peters, H. F. Price.
 Cataraqui Ward—Charles Anglin, W. J. Driscoll, E. Godwin.
 Frontenac Ward—Howard Kelly, J. D. Boyd, W. Holder.
 Rideau Ward—J. Holder, George Laturney, Dr. C. C. Nash.
 Victoria Ward—P. B. Chown, F. H. Sargent, William McCartney.

Mayor-Elect Angrove's Address.
 T. B. Angrove, mayor-elect, received his returns at the Standard office and from the beginning he had all the way with the exception of two polls where Mr. Corbett obtained small majorities. When Mr. Angrove's plurality reached the 600 mark, and his election was conceded he yielded to the calls from the street for a "speech." He was received with cheers from the crowd when he leaned out of the window. Beaming his very great satisfaction he said:

"Ladies and gentlemen, I thank you very much tonight for the way in which you handled my case today. Unfair methods were employed, and this fact made me work all the harder. You were told that I broke faith with Mayor Corbett and, moreover, I did not appeal to any class and I intend, as mayor, to represent every class." (Cheers.)

Mayor Corbett Thanked Supporters.
 Mayor S. S. Corbett received the returns at the Whig office, and after it became known that Ald. Angrove had been elected, he thanked all his supporters. The mayor was suffering from a severe cold, and as a result was unable to speak at any length. He desired the Whig to thank all who had turned out at the polls and voted for him, and to all who had worked in his interests during the day.
 Mayor Corbett remained at the Whig office until all the returns were in, and warmly congratulated the aldermen-elect, who were in the office, and expressed the hope that the business of the city would be carried on in an able manner and that the city would prosper under the newly-elected council.

Council Comment.
 The city council consists of twenty-two members, and of this number fourteen have declared themselves as against political rule, and there may be some among the other eight who are of like mind.
 A tally was kept in Ontario ward of the "plumbers" in favor of the candidates and here was the result: Kane 71; Kent 42; Johnston 23; Graham 24; Robertson 22.
 Regret is expressed over the defeat of Ald. C. J. Graham in Ontario Ward and Ald. I. Cohen in St. Lawrence Ward. Ald. Graham has had a long period of civic service. He entered the council in 1899 and was once mayor.
 Ald. Peters was elated over his

 OPEN NIGHTS.

success in St. Lawrence Ward. He refused to allow the Tory machine to endorse him, and ran as an independent candidate. He is most valuable on the industries committee and Board of Works.

Ald. Kent enters upon his twenty-seventh successive year in council. He returns to his post as dean of the aldermanic body.
 Of the council members of 1922 who sought re-election, four were defeated—Mayor Corbett and Aids. Bawden, Graham and Cohen. There will be only six new aldermen in next year's council and of these Ald. Robertson and Anglin have served before. The real new aldermen are: T. A. Kidd, H. F. Price, J. D. Boyd and John Holder.

With a retired clergyman among the elect, there is no reason why the 1923 council should not have an honorary chaplain.
 The Anglicans and Methodists control the council. They can outvote the Presbyterians and Roman Catholics by two to one. So instead of a political regime there is the opportunity for a religious division.
 The council has one medical doctor, but has no lawyer in the fold.
 "Bill" Vince rises to remark that St. Lawrence Ward elected an M. P. P.—Milne, Peters, Price.

EMPLOYMENT CONDITIONS BETTER THAN YEAR AGO

Now 167 at Locomotive Works—Woolen Mill Will Employ Seventy-five.

When asked as to labor conditions in Kingston at the present time, Allan Stroud, local superintendent of the Ontario government public employment bureau, stated that a survey of the manufacturing industries showed a big improvement over the same period last year. The report which was forwarded to department at Toronto for the week ending November 30th is as follows:
 During the week there were only three farmers applying for help and only one applicant applied for farm work, who was placed. There was no demand for bushmen from this district, but there were a number of men who applied for work.
 During the week the Canadian Locomotive works have increased their working staff from 125 to 167. These men are working on repair work. Due to the completion of repairs to a steamer at the Collingwood Shipbuilding company's plant, the number of employees has been reduced from 90 to 28. Only minor repairs were done to a wooden steamer which was docked during the week.

The Weber Piano company continues to be busy and the staff in some cases is working overtime. Stanley and Aylward, who have recently opened a silver plating industry at the old cereal works, have 30 hands employed, and have orders ahead to keep them going well up until the New Year. The Crothers Electric company has had a very busy season, this plant giving steady employment to 154 hands, 54 of whom are male help. This plant has orders ahead to keep it running full time until after the new year. The Dominion Textile company has been quite active during the week with 200 hands on the pay roll. The Davis tannery is very busy and is employing 160 male help. Prospects are very bright for the next two months. The K. and D. company, wood workers, have 15 employed, while the Anglin Lumber company has 65 employed. The Frontenac Floor and Tile company report business good at the present time and they have 72 hands engaged. This plant is extending its plant and when completed will give employment to a larger number.

Kingston's newest industry, which will be known as "Collie Limited," woollen manufacturers, situated at the Grand Trunk outer station in the building formerly occupied by the moulding company, has 15 men employed putting in the machinery. This plant does not expect to manufacture before the new year, but then about 75 male and female help will be employed.

The mechanics in the building trade are quite active on the construction work which is being done by Queen's university and the Kingston General Hospital. Weather conditions have been very good for the season, and as a result very little time has been lost. A large number of unskilled laborers have been thrown out of work through cessation of work on the provincial and county roads under construction during the summer months. The men employed on the city paving and street work have been thrown out of employment and they are a problem which needs consideration. The local representative is looking to see that the local men out of employment get an opportunity of work on the proposed "fill" at Collin's Bay and the trunk sewer which is to be built by the city.

MOVIES AT THE GRAND DRAW CROWDED HOUSE

"Where Is My Wandering Boy Tonight?" Feature Film Monday Evening.

In the first of a series of "movie" nights at the Grand Opera House, "Where Is My Wandering Boy Tonight?" as presented on Monday evening was certainly a splendid start in the right direction. The play is one of the best ever shown on the screen and the crowded house was only a just compliment to the high order of the offering.
 The play is based on that age-old song of the same name, and the author is to be congratulated upon the splendid theme he has woven around those few words of the song, "Where Is My Wandering Boy Tonight?" perhaps an over-dose of tear and domestic tragedy, but in this play the sentiment is mixed in right proportions with laughter and love. Naturally the production has a very deep underlying lesson running like a fine silken thread through the story, but the plot as outlined is certainly true to life and should be seen by all.
 As might be imagined, the plot opens in a little country village, where the boy, his mother, his sweetheart, and his friends reside. The boy and the girl are very much in love with each other, and all is happiness until the arrival of a chorus girl from Broadway who seeks relaxation from her nerve-racking life in the big city. In a spirit of fun, she allows the country boy to become infatuated with her, to the intense
