FOR SALE

Sold His Property.
George Steacy has sold his general store and his farm in Warburton to Milton Burns, son of Edward Burns, Lansdowne.

Kingston and Vicinity

R. M. C. Cadets' Vacation.

The cadets of the Royal Military College will leave on their Christmas holidays on Friday night.

Returned From Seattle.

Mrs. J. W. Anderson, Moscow, has returned from Seattle where she went on account of the illness of her mother, the late Mrs. Jane Fratic.

Auditing Fair Accounts.

The annual audit of the accounts of the Kingston Agricultural Industrial Association is now proceeding. R. J. Bushell, manager and secretary, presented his financial statement on Wednesday.

That Forfeited Bond.

The bond for \$500 which J. G. Evans forfeited when he failed to appear in court last week is still in the hands of Chief Robinson. The money will be handed over to the administration of justice department.

Keeping Their Dogs Home.

The owners of dogs which have been wandering the streets without any tags have got wise during the past few days and are keeping them in the house lest by chance the dog catcher might get hold of them.

Sale of Suits and Overcoats.

For the balance of this month we have decided to put on sale every Suit and Overcoat that we have in stock at great reduction in price. A call will convince you. All our Christmas goods have arrived. Pre-vest, Brock street.

Entertainments Appreciated.

The concerts and other entertainments arranged by the home and school clubs in the city have been greatly appreciated by parents, teachers and pupils. An organization of this kind does a great deal of good in the community.

Wolfe Islander Alone Remains.

All the steamers, with the exception of the steamer Wolfe Islander, have gone into winter quarters. The steamer St. Lawrence, owned by J. M. Campbell, has been taken to Collins Bay and will be placed on the ways and undergo repairs during the winter months.

Good Christmas Cards.

Christmas cards made in Toronto are rated by the retail dealers as far ahead of the American brand both in price and in quality. And the Canadian cards invaded the United States with great success until the Fordney tariff boosted the duty from fifteen to forty-five per cent, practically barring out the Canadian goods.

Behind in Coal Delivery.

Coal dealers are somewhat behind in deliveries, owing to the late arrival of cargoes. It is difficult to get a ton of coal delivered within a week. The dealers are selling coal to purchasers at their yards at \$16 a ton, without delivery. Quite a number of people buy in this way and secure their own carters to make delivery to their cellars.

"Four Live Wires."

In the Whig on Wednesday the name of Dr. C. C. Nash was inadvertently omitted from the list of members of the Kingston Rotary club who are also "city fathers." Dr. C. C. Nash, Howard Kelly, Charles Anglin and Dr. Ferguson, J. O'Connor are "four live wires" in Rotary and also in the city council, and the Whig wishes them success.

Value of Earnestness.

The importance of being earnest cannot be over estimated. When you are in earnest and are sure you want to part with that handsome car, tell about it in our classified columns to the people who are in earnest in wanting it. That car is a joy, and you know it deserves an appreciative owner.

Awaiting Work To Start.

There is no critical change in the employment situation in the city. Many men are looking for the work on the new trunk sewer to start. This work is being held up at present, pending the receipt of formal permission to carry the sewer under the G.T.R. tracks. There will probably be about twenty-five men employed on this work at one time. The digging of the drain on Kent street has already been started.

Clean Your Sidewalks.

Many elderly persons are complaining about the way some citizens and merchants clean their sidewalks during the winter. It is noticed that many sections are cleaned right down to the cement, and when there is a thaw and cold snap again, this section is immediately turned into a miniature skating rink, which is a menace to all pedestrians. It is suggested that if the snow is not removed altogether from the walks that this action will work to the advantage of all pedestrians.

New Line To Open Soon.

The steel structure for the new C.P.R. bridge over the G.T.R. tracks has been shipped to Kingston in sections and upon arrival the work of erecting the two spans upon the piers will be proceeded with immediately. There will be a main span fifty-four feet long connecting the main piers, and a smaller span from the north pier to the embankment where it will rest upon a timber abutment. The track is otherwise all ready for service from the Perth Road to Montreal street, and as soon

as the spans are in position the C.P.R. and Canadian National trains will run over it.

Captured A Scull.

W. Exley, district license inspector, Napanee, made a big haul in Maynooth, when he discovered a still in operation and ninety gallons of mash. A horse had been bled in the swamp and a heavy copper worm had been used in connection with the still. The bootlegger was fined \$200 for the still and \$200 for the offence against the Ontario Temperance Act.

Raised \$900 For The Blind.

The collection carried on through the Daughters of the Empire for the Canadian National Institute for the Blind was a great success in Kingston. The collection took place following the recent address of Capt. E. A. Baker, in memorial hall. The amount collected through the boxes amounted to \$882.14 and following this, amounts were paid in, totaling \$20, making a total of \$902.14. The expenses, including 36 cents tax on cheques, amounted to \$2.75. The sum of \$900 will be forwarded to the Institute. The showing is a most creditable one, and those having charge are to be warmly commended for their work.

The Late William Dowdall.

On Dec. 10th, the great harvester, Death, visited the Dowdall home, Perth, and took away the husband and father in the person of William E. Dowdall, after a long and trying illness. Mr. Dowdall was a man of

bright, kindly nature, and an obliging disposition and will be much missed. He was born fifty-two years ago on the farm where he lived his entire life. Twenty-eight years ago he was married to Miss Margaret Thompson and to them were born a family of five, all of whom were present at the time of his death. Olive, Mrs. L. Leaver, Bathurst; Delbert, Stellman, Veda and Melbourne at home. Rev. Walker, Westport, preached the funeral service to a large number of friends and neighbors who gathered to pay their last respects to the deceased.

The Easiest Way.

My Love—"What are you going to do with the old piano since Dad gave you the Grand? It's perfectly good."
My Life—"Oh, of course it's good. That's one reason I sold it so easily. The other reason is that I put an ad in Our Paper's classified columns. The nicest couple came and they are going to send for the piano in the morning."

Conductor Retiring.

The commencement of the new year will bring with it the retirement from active railway service of Charles Claridge, for many years an efficient employee of the transportation department of the Grand Trunk and latterly conductor in charge of trains Nos. 20 and 21, operating as express freight trains between Montreal and Toronto. Mr. Claridge will retire on pension, as well as J. Scott, train baggageman on the suburban run out of Montreal.

Street Sign System Needed.

A very real need for this city, as pointed out by strangers and citizens alike, is a regular system of street signs, placed in conspicuous places so that all pedestrians and drivers may obtain their location at a glance. There is hardly a person in the city who, at some time or other, has not searched, many times vainly, for a mark of any kind that would indicate a certain street. At the present time, many corners have no markings at all, while others are marked on adjacent houses or on the sidewalks, the latter, naturally, of no use whatever in the winter. It would be very desirable if the city council should adopt some uniform and legible system as soon as possible, and a blue background with white lettering has been suggested by a prominent citizen. This improvement would be welcomed as a real asset to the city.

U.F.O. social evening in aid of fire relief fund, Cataract Hall, Friday evening. Dancing at 8.30. Admission, everybody, 25c.

Also made in 8 1/2 size, slightly larger than the 6 1/2 size, \$25.00

A Happy Christmas

TWO interesting ladies' watches—alike, yet not alike. The same famous Waltham movement inside—but dressed in different styles.
The one be-ribboned in pure black silk (changed at the slightest of cost)—the other a bracelet watch, convertible according to the wearer's mood or the "dress" occasion. Because of the disappearing "eye" in the case, you can wear it around the wrist or as a chatelaine watch or on a chain.
These jeweled, fashionable Waltham Watches will keep time for a life-time. Whichever one you prefer. They are sold by first class jewelers. Ask your jeweler to show them to you. He knows what fine watches they are.

Write for a valuable booklet that is a liberal "Watch" education. Sent free on request. The Waltham Watch Co., Limited, Montreal, Canada.
