THE SNOW FALL HELPED THOSE UNEMPLOYED

The Men Engaged at Work Will Be Paid at End of the Week.

The snow fall during the past few days has helped to relieve the unemployment situation in Kingston, was the statement of the local representative of the Ontario Labor Employment Bureau. The Board of Works department was able to give work to a large number of men on Tuesday and Wednesday mornings. A large gang was on hand on Wednesday morning and as soon as Thomas Timms, city foreman, arrived at the City Buildings he put the men to work cleaning the snow off the city crossings. The men also removed the snow from the city walks in front of city property. There are many vacant lots in the city and the owners have the city authorities remove the snow and the cost of the removal is charged up against the owner. An arrangement has been made whereby the men who do the snow shovelling for the city will get paid by the week instead of having to wait two weeks, as has been the system for years.

The demand for farm laborers is increasing daily. As fast as the applications for laborers are received at the local office the agent is able to send men to the farms. In many cases the men who accept the positions have been previously on the farms and are glad to get a chance to get work.

On Wednesday morning an application was received at the local office for fifty men who were willing to go and work in the bush in Northern Ontario. The lumber company was willing to pay \$35 a month and board and advance the railway fare. The cost of the transportation will be deducted from the men's wages.

On Tuesday and Wednesday a number of citizens made application for men who were willing to remove snow from roofs. In most cases the men asked fifty cents an hour to work on the roof as it was dangerous work. The general wage paid for laborers is thirty-five cents per hour.

A large number of men, with the usual complement of shovels, sleighs and teams were employed by the city on Wednesday morning removing the snow from the market-place and other sections of the city. The fall of snow, together with the great amount of "drifting" has made large "banks" through the business section.

Married in Toronto.

On Wednesday afternoon, at the home of Mr. and Mrs. John McLeod, Cottingham street, Toronto, the marriage was solemnized of their youngest daughter, Marjorie, to Edwin Millman Davidson, Kingston, Rev. R. Newton Powell, of St. Paul's Methodist church, officiating. The bride, given away by her father, wore brown tulle with hat to match. Her only attendant was her small niece, Miss Marjorie Elizabeth Mills, Brooklyn, N.Y. Later in the afternoon Mr. and Mrs. Davidson left for New York and on their return will reside in Kingston.

OBITUARY

The Late Mrs. C. McSorley.

Mrs. Theresa Agnes McSorley, widow of the late Charles McSorley, passed away on Tuesday, January 9th, after a lingering illness. Deceased was born in Kingston and has been a life-long resident of this city. She was a Roman Catholic in religion and an earnest member of St. Mary's cathedral. Before her illness, which confined her to her home on Johnson street, she was greatly interested in charitable work, and her passing will be deeply regretted by a large circle of friends.

A Regretted Death.

Mr. and Mrs. G. Arthur Martyn, Clergy street west, have the sincere sympathy of their friends and acquaintances in the loss of their little son, Lloyd Utus, aged three years and nine months who passed away on Wednesday morning after an illness of only one week. The little fellow had been in good health but the inclement weather of the past two weeks developed a bad cold for the kiddie and he was carried off. The funeral was held on Wednesday afternoon, under the direction of John Cornelius, to St. Mary's cemetery.

Do Not Shovel Snow On the Street Hydrants

Fire Chief James Armstrong has requested that all citizens take heed where they are throwing their surplus snow. In many cases the men behind the shovels are throwing the snow onto the city water hydrants, in certain instances covering the hydrants completely over. It should be understood that it is absolutely necessary for the safety of property that these fire hydrants should be kept clear, much less completely obliterated by snow piles.

Wolves In Prince Edward.

Consecon village had its share of sensation, when a big grey wolf was shot in that vicinity. It was seen on the Smoke's Point but eluded its pursuers. Next it was seen proceeding leisurely along the railway track on the north side of Consecon Lake. After crossing the ice, bounds belonging to Madison A. Phillips, gave chase and before long it was shot by Cecil Moreland. The animal is a small specimen, weighing only twenty-nine pounds.

Ten Years for Hold-up. Montreal, Jan. 10.—John Valcoff was sentenced to ten years in the penitentiary for participating in the hold-up last July, when the paymaster of the Dominion Textile Company was robbed of a payroll of \$29,000. At the time of the robbery the paymaster and an assistant were driving in a taxi, which was stopped in a downtown street by three men, who, after threatening them with revolvers, made off with the bag containing the money. The other Ruhr.

two members of the trio have not yet been apprehended.

Charles James Mathew, K.C., Labour member of the House of Commons for the Wiltchapel division of Stepney, London, died yesterday at Folkestone, following an operation. He was the youngest son of the late Lord Justice Mathew.
