Don't Let That Cold Turn Into "Flu"

Rub on Good Old Musterole. That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief.
Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.
As effective as the messy old mustard plaster, it does the work without the blister.

Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief. 40c and 75c, at all druggists.
The Musterole Co. of Canada, Ltd., Montreal.

Advertising a City.
As water by its steady flow wears away the hardest granite, so does constant, steady advertising break away all barriers to steady progress, and wear smooth, well-travelled highways to those fortunate cities which have sufficient vision and faith to push ahead and utilize the resources of their city and trade territory.
In some cities, everybody's business is nobody's business.
The citizens owe something to a community besides the payment of taxes. Some people are citizens of a city, while others just live there. Their home city is worth their very best efforts. They should boost for it. Be proud of it, and, by so doing, make it a better city in which to live and make a living.
