MILITARY HEADQUARTERS

May Be Moved to Buildings Occupied by Sydenham D.S.C.R. Hospital.

The headquarters of military district No. 3 may shortly be moved from the old collegiate building to the Sydenham hospital if the present plans now being discussed are carried out. The property belongs to the Canadian Militia and on Sunday was visited by members of the headquarters staff and the engineer. They were conducted about the premises and buildings, and according to reports were very favourably impressed. Indeed the Sydenham hospital is pronounced ideal in every way for the purpose of the district headquarters. The only problem is what to do with the spacious grounds. The site is a valuable one, being located on the water front, but it is not likely that it will be required for an industry being too far away from the railway, and the sentiment of the people would prevent the establishment of a factory there.

All that is necessary to put the place in the very best condition for the staff officers is the repair of the boilers of the heating plant and the erection of a shelter. The buildings in which the offices will be located are in first class condition and there is ample space for the records and all of the help necessary. It is reported that if the burned buildings were repaired, it would not be necessary for the government continuing to pay high rents and storage and office space, and as the government is endeavoring in every way to economize this course is commanding serious consideration.

DOG CATCHER'S TIME IS ALMOST UP NOW

Unless City Council Decides to Let Him Continue His Good Work.

As a result of the activity of the dog catcher, who was appointed in December, one hundred and fifty dogs, which were wandering the streets, have been gathered in and placed in the pound at the fair grounds. All the dogs with the exception of about twenty were reclaimed. The twenty dogs were disposed of by Dr. William Nicholas, veterinary of the city humane society.

At the time when the appointment was made, it was stated that the dog catcher would only work for one month. On Monday morning the catcher stated that he had a couple more days of work and then he would be through, unless the city council saw fit to re-appoint him for another month.

During the month that he has been on the job, he has had many exciting experiences, but nevertheless he is still keen to capture the stray dogs.

On Monday morning there were only seven dogs in the pound, and the catcher stated that five of that number would be claimed by the owners by noon.

It is necessary for the owners of the dogs to pay \$1 before the animals are released. Several people, who were anxious to get a dog, have waited upon the catcher and paid \$2 and got their pick of the animals in the pound. Recently a dog, with a Japanese, white one was taken to Elia Tree.

TWENTY-FIVE MEN ARE CLEARING THE ROADS

Board of Works Having Snow Removed on the Downtown Streets.

On Monday morning, twenty-five men were put to work removing the snow from some of the city streets. At a recent meeting of the Board of Works it was decided that the snow be removed from downtown streets so as to give work to men who are in need of employment. The idea is to take the snow from the side of the streets and throw it into the centre and thus make it possible for motor and horse drawn vehicles to drive up close to the sidewalk. It is the intention of the department to give men work at the rate of 35 cents an hour for a day of nine hours. The gangs will be changed at the end of the three days. It is a well known fact that practically all of the men who are out of employment are looking for work and not charity, and for that reason it was thought that instead of giving out charity it would be better to make the men work for what they got. If by chance a man is in need of food and coal, it has been arranged that the employment agent can secure for him what he needs and the cost of it will be taken out of his pay.

Mrs. Hazlett's Remains Interred.
The funeral of the late Mrs. William Hazlett, who died in Toronto, on January 11th, was held at Cataragui cemetery on Monday afternoon at 2 o'clock, under the direction of S. S. Corbett. Rev. Dr. Dyer, principal of Queen's Theological College, conducted the service at the home of the deceased, Clergy street West. The pall-bearers were Edward Spencer, Andrew Kennedy, William Anderson, D. A. Shaw, T. H. Ferguson and John Evans.

The nurses composing the Sydenham hospital staff on Monday vacated the building that has served the place of nurses' home since the hospital was established. The nurses resume civilian life after a long period of splendid service to Canada and the returned veterans.

OBJECT TO MOVIE BILLS BEING GIVEN CHILDREN

The Home and School Clubs' Council is Seeking Legislation.

The Central Council of the Home and School Club of Kingston met in Central school on Friday afternoon, G. E. Scott, presiding. This central council is endeavoring to do away with the distribution of moving picture hand-bills to the children around the school grounds and has the promise of a member of the house to introduce a private bill for that purpose.

A committee was selected to arrange for a concert in the near future to raise funds, each school is to be asked to take part in the programme.

The council is affiliated with the Ontario Federation of Home and School Associations, Toronto.
