

JUST PUBLISHED BY ZANE GREY

WANDERER OF THE WASTELAND

An adventurous and vivid romance of the habitation of an heroic outlaw of the wasteland, by the love of a young girl. The strong clean breath of the great American desert sweeps through these pages, the heat of glaring noons, the tang of burning sagebrush, and the crisp clearness of starlit night. For sale at:—

Laura Secord Candy Shop Shares Profits

Frank P. O'Connor Announces First Plan of This Kind in Candy Industry—Tenth Anniversary.

Kingston is the home of the first candy concern in the world to inaugurate a profit-sharing plan for employees. Frank P. O'Connor, the owner of the Laura Secord Candy Shop at 138 Princess street, first put his ideas for creating and supplying the public with these famous candies in actual operation in 1913. This year marks the tenth anniversary of the shops. They have won thousands of friends and Mr. O'Connor feels that nothing could be more suitable commemoration of the anniversary than sharing the profits with those people who have helped to build the business.

F. P. O'CONNOR

When interviewed in his shop opposite the Randolph Hotel, Mr. O'Connor said: "The first Laura Secord Candy Shop was opened on October 20th, 1913, so that on the same day this year we will be ten years old. I feel that the success we have enjoyed would not have been possible had it not been for the steadfast loyalty of my employees, many of whom have been with me for the full ten years. They have made not only our Kingston friends welcome in our shop, but they have made people from other places and other countries go home and tell about Kingston's Laura Secord Shop. I have adopted this plan for the sharing of profits for the entire year to celebrate our tenth birthday and as a mark of appreciation. As far as I know, we are the first candy concern in the world to put such a plan into operation."

WOMEN REBUKE COUNCIL FOR IGNORING THEM

By Not Appointing One of Their Number to Board of Health.

The local Council of Women administered a rebuke to the city council Monday evening for failing to appoint a woman on the Board of Health as had been done for the past three years. The following letter from Miss E. L. Mowat, president of the local council, was read: "On behalf of the local Council of Women, I desire to express the great regret that the members feel at the section of the city council at its inaugural meeting in leaving off the Board of Health the local Council of Women representative. The members feel that this was a retrograde step and that there is need of a woman on this committee. The local council representatives have been faithful in attendance and always ready to bear their share in any work to be done, and the members are at a loss to understand why the backward step of leaving out a woman representative should have been taken. We would therefore respectfully urge that should a vacancy occur, through the resignation of any member already appointed to the Board of Health, a woman, preferably a member of the local council, be appointed."

A delegation consisting of Mrs. John Macgillivray, Mrs. W. F. Nickle and Mrs. Kennedy waited upon the council to further press the claims of the Council of Women, Mrs. Macgillivray suggested that perhaps there might be a resignation from the present membership in favor of a woman representative. It was the desire of the women to co-operate with the men regarding matters of health, and she thought that a woman on the board would be most valuable.

Mayor Angrove said that he regretted the aldermen had overlooked appointing a woman to the board, but it was too late now to rectify the mistake.

On motion of Aids. Laturney and Kidd, the communication of Miss Mowat was referred to the Board of Health, it being suggested that one of the appointed members might give way to the ladies. It was stated that one of the doctor appointees had stated that he did not think he would have the time to devote to the duties of a member of the Board of Health.

About Garbage. Ald. J. Holder brought to the attention of the council the question of carting garbage through the streets in open wagons and piling dead dogs on top of them. He objected to this procedure.

Ald. Driscoll said he would take up the matter with the inspector of the collection. He thought that all

WHY STAY FAT? YOU CAN REDUCE

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. Marmola Prescription Tablets overcome all these difficulties. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A case is sold at one dollar by all druggists the world over, or sent the price direct to the Marmola Co., 212 No. Howard Ave., Detroit, Mich. Now that you know this, you have no excuse for being fat, but can reduce readily and easily without going through long series of tiresome exercise and starvation diet or fear of bad effects.

the city's covered wagons were utilized.

Ald. Boyd stated that the people questioned very much having to carry their garbage cans to the front street. It was unsightly to leave them on the streets for hours after the collection had been made.

Ald. Peters did not think the people should be asked to put their cans on the front walks if they had yards handy.

Ald. Driscoll replied that all that was asked was to put the cans at some convenient place on the premises so that the collectors would not have to lose time hunting for them.

Some Resolutions. On motion of Aids. Sargent and Laturney, the council expressed itself in favor of the causway construction at Collin's Bay under the direction of the suburban road commission according to the plans submitted, providing the cost to the city for this and other suburban road work during 1923 did not exceed the usual half mill that the city paid.

The council, on motion of Aids. Nash and O'Connor, directed that \$25 out of every thousand dollars voted by the council to the unemployment fund be paid to the Victorian Order of Nurses for the purchase of milk for children in need.

Ald. Chown moved, seconded by Ald. Anglin, that the property committed be authorized to alter the ballot boxes by making the present hole into a large narrow slit like a penny bank.

Ald. Johnston rose to say that the "city's" ballot boxes belonged to the Ontario government. Ald. Kent said this was not so, and thought that it would be better to go slow.

Ald. Peters could see no benefit of the proposed change, as the ballots had to be folded anyway.

Ald. Boyd said that the small hole was a protection against fraud.

The motion was lost and the ballot box holes remain as they are.

The following reports of committees were adopted:

Finance and Accounts. That the following temporary appropriations be made, Board of works, \$3,000; fire and light, \$1,500; city property and markets, \$500; city health, \$1,500; contingencies and printing, \$1,000; unemployment, \$1,500; police, \$200; industries, \$300.

That the mayor and city treasurer be authorized to arrange for the city's fire insurance and pay the premiums.

That the refunds as approved of and recommended by the Court of Revision be paid.

That the mayor, Ald. O'Connor and the city treasurer be a committee with authority to purchase debentures with the moneys in the sinking fund and to sell the city debentures to be issued this year on the best terms available, subject to the approval of finance committee.

That the application of the Kingston General Hospital Alumnae Association to hold a tag day on Easter Saturday, March 31st, be granted.

That no action be taken on the application of the Hospital for Sick Children, Toronto, for a grant.

That the application of the Union of Canadian Municipalities for membership fee be not granted.

That the sum of \$100 be granted to the Kingston Curling Club for entertainment of the Scotch curlers.

Board of Works.

That Clause 6, Report No. 50, Minutes of Council, 1923, be rescinded, reading as follows: "That a charge of three per cent. inspection against all local improvement work and a charge of fifteen cents per square yard on all permanent pavements be used as a maintenance fund for repair of permanent pavement."

That commencing this date and ending April 15th, 1923, the labor pay lists shall be paid weekly, said list to close on each Saturday night, and to be payable the following Wednesday.

That the chairman be authorized to make purchases up to but not exceeding \$100.

That the city engineer arrange for making and flooding a rink at the

Orphans' Home for the benefit of the children at that institution.

City Property and Markets.

That whereas a communication has been received from John Balaityns, caretaker, warning this committee that on account of the prevalent practice of smoking and throwing down live matches and cigarettes there is great danger from fire in the city hall, that a regulation be made and notices posted that no smoking will be allowed in Ontario and Memorial halls, dressing room and corridors upstairs.

That authority be given the chairman to make purchases up to but not exceeding \$50.

City Health.

That the part of the by-law regarding collection and disposal of garbage, relating to the placing of the receptacles containing the garbage which is to be collected, be published in the city papers for the information of the occupants of premises, and that notice be given that all occupants will be required to conform to this regulation.

That the chairman be authorized to make purchases up to but not exceeding \$50.

That one uniform suit for the sanitary inspector be included in the firemen's tenders for uniforms.

Fire and Light.

That the chairman be authorized to make purchases up to but not exceeding \$75.

That tenders be called for summer uniform.

Industries Report.

That this committee co-operate and meet with the committee from the Board of Trade, that the chairman of the city council committee, the chairman of the committee from the Board of Trade and the industrial commissioner form an executive, this executive to receive and investigate all propositions, and when, in their opinion, said propositions should be recommended, to lay them before the joint committee for approval or rejection.

That Dr. W. W. Sands be appointed industrial commissioner at a salary of \$500 per year, and expenses in connection therewith, payable monthly.

In attendance were Mayor Angrove and Aids. Anglin, Boyd, Chown, Driscoll, Godwin, J. Holder, W. Holder, Johnston, Kent, Kidd, Kelly, Laturney, Mims, McCartney, Nash, O'Connor, Peters, Price, Robertson, Richardson and Sargent.

Five men were executed in Dublin for carrying arms.

"I Had Terrible Backache From Kidney Disease"

Mrs. M. A. McNeill, Canaan St., N.B., writes: "I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little result. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."
