Don't Let That Cold Turn Into "Flu"

Rub on Good Old Musterole. That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief. Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold. As effective as the messy old mustard plaster, it does the work without the blister. Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief. 40c and 75c, at all druggists. The Musterole Co. of Canada, Ltd., Montreal.

Depending on Wood. Very little coal has been received at Colborne so far this winter and citizens have to depend almost entirely upon wood for fuel. The latter is being brought in quite freely.

Cold and Stormy. Sunday was a very cold and stormy day. For the pedestrian it was one of the most disagreeable days of winter. As a result the majority of citizens spent the day indoors. It was a hard day on the coal bin.

Skated to Belleville. Captain Frank Connors, Pryner's Cove, widely known as the captain of the fish steamer "Shibley," skated to Belleville and back this week, and reports the ice on the Bay of Quinte as being in good condition.

Christmas Gifts. Did you receive a number of things you can't use or don't need. Duplicates of books you already have, for instance. Somebody would like them. Sell them through the classified advertisements, or exchange them.

How He Got A Beauty. First Cousin—"Oh, Nell, what did Paul give you for Christmas?" Nell—"A new car, if you please." First Cousin—"Not really." Nell—"Yes, really. He got a beauty through a classified ad. I'll take you out in it this afternoon."

Remains Brought to Picton. Many friends learned with regret of the death of Mrs. John Ilsey at the home of her son, W. J. Ilsey, Winnipeg, on Wednesday. Mrs. Ilsey was a sister of the late Andrew M. Buchanan, Picton. The remains were brought to Picton.

To Be Married Soon. The marriage has been arranged to take place early in February in Ottawa of Miss Margaret (Peggy) Armstrong, third daughter of Mrs. Edith F. Armstrong, Ottawa, to Harry Johnson VanVlack, Ottawa, only son of Mr. and the late Mrs. John H. VanVlack Milford.

Feed the Birds. Just clear snow from a patch in your back yard every morning, throw little bits of bread on it and enjoy the pleasure of seeing the little birds come swooping down and devouring the scraps. It will make you feel good the rest of the day. The birds of the air get hungry as well as human beings, and they have a hard time finding food in wintry weather.

Married in Texas. Relatives and a large number of friends, Cape Vincent, N. Y., have received invitations to the wedding of Mabel Anna, daughter of Mrs. Marie Fraser Grapotte, to Harold King Brown, on Wednesday, at San Antonio, Texas. Peacock, well known in Cape Vincent, and who has been engaged in the insurance business for the past twenty years, has been made vice-president of the Kelly, Halla, Peacock & Hughes corporation, recently organized in Detroit, Mich. Mr. Peacock married Miss Sarah Fitzgerald, a daughter of the late John D. Fitzgerald, Cape Vincent, N.Y.

Mrs. Fred Hutchings passed Away. A very sad death occurred in the vicinity of Chantry on Jan. 17th when Mrs. Fred Hutchings passed suddenly away. Mrs. Hutchings, whose maiden name was Miss Estella Trotter, was born near Harlem in 1879, a daughter of Nettiefield Trotter and the late Mrs. Trotter. She was married to Mr. Hutchings in 1911 and had since lived there, where she was loved by all who knew her.

A Telltale Letter. On Friday last a citizen who was writing at a desk in the post office lobby picked up a piece of note paper and was surprised to read the following: "Dear ---: I will be at your office at seven this evening. Be sure and be there. Yours ever, P.S.—A little wine for me." Men who open notes in the post office from their Tootsy-Wootsies should be careful not to leave them lying around.

At Rotary Convention. According to the tentative programme for the 1923 conference of the Rotary Clubs of the 28th Dis-

trict to be held in the Windsor hotel, Montreal, on March 2nd-3rd, the Brookville club is to furnish a speaker on "How We Get Acquainted in Our Club" for the afternoon-session of the first day. Addresses by Hon. Ernest Lapoint and other prominent speakers are promised for the gathering, invitations to attend which are being extended to over 3,000 Rotarians in Canada and the United States.

Veteran Railroader Retires. After having been for forty-eight years continuously engaged in railway service, Thomas Stack, section foreman for the Grand Trunk Railway at Mallorytown and one of the veteran employees of the sixth district, will retire on pension at the close of this month. Mr. Stack entered service as a trackman on May 17th, 1875, was promoted to be foreman at Mallorytown on May 1st, 1883, and to be roadmaster at Richmond, Que., in 1895. Three years later he resumed duty as section foreman at Mallorytown, where he has since remained.

Graduates Jubilant. The Toronto Telegram had the following: Queen's women graduates were particularly jubilant at Thursday night's dance. For congratulations were being exchanged that at last the dearest ambition of the alumnae is to be realized. A building commit-

tee has actually been appointed for the new women's residence for which the women graduates have been working for about twelve years. In that time they have raised no less than \$77,000, which they plan to have \$80,000 by spring. Then the Queen's trustees will give them an equal amount and they believe no college in Canada will have a finer residence for their women students. No college women in Canada have shown greater personal devotion to their alma mater than have Queen's during their campaign for their residence funds. Their large amount had but one large contribution of \$10,000. As for the others, they included donations of \$25 or \$50 from girls on such modest salaries as \$1,200 a year.

Art Pour l'Art. First Crook: Gyp is wedded to his art. He loves his crime just for the crime's sake. Second Ditto: I'll say so. Gyp would use lead slugs in the street car fare slot if they cost him fifty cents apiece.

A building without a basis cannot stand—faith is the foundation of character and every good action is a stone laid. Eratosthenes, head of the Alexandria library, first measured the circumference of the earth in 245 B. C.

"I Can Now Do My Work Without Feeling Tired"

Mrs. A. Moffatt, Roxton Falls, Que., writes: "I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling." DR. CHASE'S NERVE FOOD. 50 Cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto
