First Time To Be Seen
It is interesting to note that when the cadets of the Royal Military College paid a visit to the United States Military Academy, on Friday last, that this was the first time that the British scarlet tunic had been on the West Point peninsula since the Revolutionary days of 1776. Then the British regulars were fighting our American cousins, and the recent visit of the Canadian cadets, in striking contrast, was nothing but an invasion for the purpose of staging an exhibition of our National sport.

Want Young Liberal Clubs.
A meeting of the Ontario Liberal Association has been called by Wellington Hay, M.P.P., provincial leader, to take place in Toronto on Tuesday, 13th inst. One of the important matters to be dealt with is a proposal to form young Liberal clubs in all constituencies for the purpose of propagating Liberal principles. It is recalled that thirty years ago such organizations contributed in no small degree to the phenomenal success of the Liberal party in successive elections. Today it is felt that there is a great need for some method by which to engage the interest of the rank and file.

SCOLDING THE CHILDREN

Nervous mothers, worried from morning to night by the care of children and the duties of the household; nervous children, perhaps worn out by overstudy, unable to sit still or stand still, or keep their minds concentrated on anything, both need Dr. Williams' Pink Pills to build up the blood and strengthen the nerves.
Try a short treatment with these strengthening, tonic-pills and watch the color return to pale cheeks and lips; see how the worn, tired nerves recover their poise, note how much less irritating the children become and how much less scolding they need. Dr. Williams' Pink Pills are a blessing to nervous people everywhere, men as well as women, boys as well as girls, because they build up the blood and strengthen the nerves. They lighten the cares of life because they give you new strength to meet them.
In the case of nervous children the trouble should be corrected at once, as it is but a short step to St. Vitus dance. Give Dr. Williams' Pink Pills to build up the blood, and whether boy or girl they will become pink-cheeked and rugged.
Dr. Williams' Pink Pills should be kept in every home, as a precaution against the many troubles due to watery blood and weak nerves. You can get the pills through any dealer in medicine, or by mail at 50c. a box or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

The Late William B. Macdonald.
The passing of William B. Macdonald, an aged farmer of Wolfe Island, and one of the real pioneers of that vicinity, has been the cause of general regret among the residents of the island, who were warm friends of the deceased. The late Mr. Macdonald, though quiet and retiring in disposition was widely known as a "good neighbor" which is about the best tribute any man may be given at his death. Born on Howe Island eighty-five years ago, he had lived most of his life on Wolfe Island. His father was of staunch Scottish Highland stock, and migrated to this country many years ago. The funeral will be held on Thursday morning to the Church of the Sacred Heart, under the direction of the James Reid firm, interment taking place at Wolfe Island. Surviving are his widow and two sons.

Mother and Her Baby Are Relieved of Eczema

Mrs. Peter A. Palmer, Salt Burn, Sask., writes:
"Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."
