AMUSEMENTS
What the Press Agents Say About Coming Attractions

"OLD DUMBELLS"
IN "FULL O' PEP"
There are a thousand and one things to say about the latest revue of the "Old Dumbells" which will be presented at the Grand Opera House tonight and the rest of the week and which has already created a sensation with the Canadian theatre-going public. The cast comprises such noted Canadian overseas artists as "Red" Newman, the famous comedian; Arthur Holland, who is recognized as Canada's most versatile female impersonator; Alan Murray, the well known dancer; Jimmie Goode, the popular blackface comedian; Charlie McLean, the famous character comedian; Ted Charter, the originator of "Kit Inspection"; Fred Fenwick, whose female impersonations need no introduction to the Canadian public; Jack McLaren, the "Scotty" in the famous skit "The Duchess Entertain"; (which the boys have revived again by popular request); Ivor Ayr, the company's popular musical director; Bob Anderson, former s.o.b. comedian of the first division concert unit; Percy Campbell, the far famed Old Dumbbell quartet, with Jerry Brayford, Bill Tennant, Tom Young and Bertram Langley, the quartette appears first in a group of sea songs, and later in several popular numbers.

The new show is admirably staged, with curtains of velvet in old blue, brown and red, which are doubly effective as a background for the elaborate sets of the costumes, which are said to be a fashion show in themselves. Beautiful settings in the skits and concerted numbers. Brilliant lighting effects and many new and novel ideas to make "Full O' Pep" the most successful production the boys have ever given their thousands of patrons.

"The Light in the Dark."
A motion picture that marks another milestone in the progress of the silent dramatic art will be the piece de resistance for patrons of the Allen Theatre starting today.

It is the screen version of William Dudley Pelley's great story, "The Light in the Dark," presenting not only a plot of great dramatic vigor and fascinating romance but introducing several scenes in color. Hope Hampton is the charming star of "The Light in the Dark," and with her will be seen such famous players as E. K. Lincoln, Lon Chaney, Theresa Maxwell Conover, Dorothy Walters, Charles Mussett, Edgar Norton and Doris Davidson. The star portrays the role of Bessie MacGregor, an orphaned country girl, who goes to New York to make her living. She obtains a position as a check-room girl, but an automobile accident takes her from rather drab surroundings to a home of wealth and social standing. There J. Warburton Ashe is fascinated by her charm and beauty and makes love to her. She believes him, but when she learns of his deception she leaves. The finding of a strange cup in an English forest, however, leads Ashe back to the girl in the slums of the East Side. Around this cup is woven a powerful story, in which romance, tragedy and stirring adventure figure. The bold thief in a courtroom of the goblet, which is rumored to be the Holy Grail, and the dramatic finish of the thief who goes to the bottom of the river with his precious loot furnish some of the big thrilling punches in this extraordinary production. "The Light in the Dark" is a First National picture and a guaranteed attraction.

"OUR MARY" CHARMS.
Strand Crowded to the Doors and S.R.O. Sign Out.
Never before have local theatre-goers shown such favoritism for Mary Pickford as they have thus far this week at the Strand theatre, where this illustrious star is appearing in her new screen version of "Tess of the Storm Country."

There is no doubt as to the wisdom and good judgment of Miss Pickford in selecting this triumph of the past as worthy material for the making of a still greater film.

She has written an important chapter into screen history in the manner in which she has produced this picture for a second time in her brilliant career and, if it is true she essayed this revival with the idea of creating a classic which would live in posterity, there is every indication she has insured herself adequate success in the ambition.

It is confidently predicted by most of the best versed critics that this 1922 model of "Tess of the Storm Country" is going to be a popular attraction for decades to come and that future generations are sure to cherish the memory of this great artist through her striking histrionic work in this one production.

WILL SCRAP SUBMARINES.
Australian Government Adheres to Decision.
Melbourne, Australia, March 1.—Minister of Defence Bowden states that his government adheres to its determination to scrap the submarines belonging to Australia. The crews will be transferred to other branches of the naval service. He declared that the whole question of naval defence will be considered at an Imperial Conference to be held soon.

The Melbourne Age says Premier Bruce will attend the Imperial Conference. If one is held, as he regards questions which will arise as of exceptional importance.

BLUNDERS

Is this plan for pulling a tooth a good one?
The answer will be found among to-day's want ads.

TABLET TO BE ERECTED
In Memory of the Late Lieut. St. Clair Ward
The officers of the King's Company of the Grenadier Guards, to which Lieut. St. Clair Ward was attached at the time of his death in London England, and the officers of the Canadian Grenadier Guards, Montreal, have erected a bronze tablet to Lieut. Ward's memory in the Montreal armories. This brilliant young officer, son of Mrs. John L. Whiting, Clergy street, went through the Somme fighting and was invalided back to England and later became A.D.C. to General Meighen at Bramshott. Though urged to remain in England, he considered it his duty to return to France and was there three weeks when wounded in the right arm at Boulon Wood, and sent to England. He had just returned to France when the armistice was signed. He returned to Canada and finished his course in engineering at McGill, and was then chosen to go to England for a course with the English Guards. So well did he do that he was asked to remain with them, but preferred to return to Canada. He was about to do so when blood-poisoning developed in his arm which still had the shrapnel in it, and though the best London physicians were called in he passed away after an illness of a few days. The tablet reads:

IN MEMORY OF
McVillie Ernest St. Clair Ward
Lieutenant Commanding Grenadier Guards
Born, July 7th, 1894
Died in London, England, while attached to the King's Co. Grenadiers Guards.
This memorial was erected by the officers of the King's Co. and the officers of the Canadian Grenadier Guards.
AVE ATQUE VALE
The tablet is of solid bronze surrounded by the Oak Leaves of England and the Maple Leaves of Canada.

FOUND UNCONSCIOUS FROM BULLET WOUNDS
Oshawa Ticket Clerk May Die—Reason For Shooting Unexplained.
Oshawa, March 1.—Hawley Byron, chief ticket clerk in the Oshawa street railway uptown office, lies in the hospital hovering between life and death, the result of bullet wounds, one just below the heart and the other in the head.

Tuesday afternoon he boarded the street car leaving uptown at 2.40 for the lake to visit his summer quarters. Nothing was thought of his absence as it was his night for duty at the office, but when he failed to report his fellow office employees became uneasy, as he was known to be troubled with weak spells through heart trouble and at once they went to the lake front to make inquiries. The door of his room over the pavilion was locked and admission was forced, when he was found lying on the bed in an unconscious condition and was taken to the hospital.

On account of the auditors being in town for the day, rumors spread around town of a shortage in his accounts, but these were set at rest on the officials issuing the statement that his books were in A1 condition.

No reason can be given for the tragedy. He came to Oshawa from Gananoque some years ago. His father and brother have arrived from the east, but as he lies in an unconscious state no word has been given out for the cause of his condition.

MANITOBA RURAL SCHOOLS.
Convention of Trustees' Association in Winnipeg.
Winnipeg, March 1.—Substitution of the municipal system for the school district method of administering rural schools, reduction of teachers' salaries and the establishment of a bookroom for distribution of all authorized text books to rural schools are among the resolutions to be discussed at the annual convention of Manitoba school trustees association, which opened here today. More than 500 delegates are in attendance.

J. Allison Glen, of Russell, Man., president of the association, advocated the municipal system of administration, in his presidential address, the question of making it compulsory to be submitted to the people by way of referendum.

Lord Weardale, ex-president of the Inter-parliamentary Union, died Thursday in London, at the age of seventy-six.

THE WINDS OF MARCH THREATEN THE DRIVE
Of Rotarians With Failure—More Help Urgently Needed.

March is always one of our roughest winter months. Whether it comes in like a lamb and goes out like a lion, or whether the opposite is the case, there is always rough weather in abundance, and we can afford to be warmly clad and the need of our warmest garments.

Imagine your mother, your wife, or your babies, facing the winter weather with flimsy cotton stockings, shoes whose only "virtue" is that they are well ventilated, and other clothing also in a very dilapidated condition. It is rather a thought for any man. Yet there are mothers, wives and children in Kingston who have no shoes of any sort and many of them have no prospects of getting any this winter. In some cases heroic mothers have given such protection as they have had to their children, and the mainstay of the household is thus left in constant danger of sickness. It is not their fault. The desperate efforts of some of them to secure employment of any kind has been evidence of that—but the big question is, are they going to be left that way?

There are hundreds of young men and young women in Kingston, many of them working, many others not working, who can well afford to give a dollar to their less fortunate fellow-humans. A dollar means but very little to most of them—a movie show, car-fare and a hot chocolate—and an evening spent in the house would easily provide a contribution to the Shoe and Stocking Fund of the Rotary Club.

There are still others, too, leaving out the young people altogether, who could make the Shoe and Stocking Drive a big success without inconveniencing themselves. Regularly they attend church and pass in their mission contributions, but if they ever think of their own needy ones, here in their own city, it is with indifference that should be joined into activity.

The Rotary Club's committee for this work paid out nearly two hundred dollars more than it has received. It is imperative that the work be carried on until spring and any donations will be gladly received by Harry Braithwaite, of the Weber Piano Company, or at the office of the Daily British Whig. The following donations are acknowledged:

Rotarian "Tom" Minnes \$2.00
Rotarian "Charlie" Jack-son 5.00
Miss McGillivray 2.00

A SMALL VOTE IN NORTH ESSEX
Is Expected at Bye-Election—Conservative Appeal to the Liberals.
Windsor, March 1.—Polling is taking place in North Essex to-day. The morning was dull and damp with snow falling. The poll at the general election totalled 22,000 but the expectation has been that it will be lighter this time, with perhaps about 6,000 casting their ballot. Indications are that there will be a large vote in Windsor but it is anticipated there will be a falling off in the country.

Both sides yesterday reserved themselves for to-day and dispensed with the holding of meetings. While Mr. Meighen arranged the King administration in his speeches in the riding, the local Conservatives apparently do not believe in this policy as a successful vote getter. In an advertisement inserted by the Robinson campaign committee on the eve of the election this is part of an appeal to Liberals:

"We brought out a candidate whom we knew you would like, a very clean and honorable gentleman who has never had a political axe to grind and who has no political sins to answer for, and we have tried to sink the party staff as much as possible. Had to bring down some of the big fellows, of course, to offset the same kind of thing on the other side, but in the main we have not hesitated to admit that this is not a purely political contest and we think you have appreciated that. We want you to know that if our candidate is elected, as we honestly believe he will be, we are not going to flaunt a success in your faces."

Net Profit on Liquor Is Twenty Per Cent.
Toronto, March 1.—Last night the legislature was told by Hon. Mr. Raney that the liquor dispensaries operated on a gross profit of 33 per cent, and returned a net profit of 20 per cent, that strong beverages were cheaper at these government stores than in Quebec or in British Columbia, and that, while the Liquor License Act had cost from \$150,000 to \$250,000 per year to administer, the Ontario Temperance measure cost from \$300,000 to \$475,000 per year for its enforcement.

Better Perish in Honor Than Live in Disgrace
Berlin, March 1.—Field Marshal Hindenburg is quoted by the Tagess Zeitung as having said at the meeting of the Hanover agricultural league that they must never forget they are Germans and, if necessary, fight until the last flag is torn to shreds and the last sword blade shattered. "It is better to perish in honor than to live in disgrace," he said.

Sydenham Residents Fined.
Three residents of Sydenham appeared before County Magistrate Bradshaw in the court house on Thursday morning and pleaded guilty to fishing by other means than angling and trolling, contrary to the game laws of Ontario, and were fined \$5 and costs. The information was laid by the game inspector at Tweed.

James Johnston, Sandwich, employed on a night shift at the General Motors plant at Walkerville, was attacked with heart trouble after he boarded street car Thursday morning on his way home from work, and died within a few minutes.

Ambassador Harvey Denies United States insisted that Britain guarantee allies' war loans.
Canadian dollar strengthened on Wall street market.

DOZEN CARLOADS OF COAL
Have Arrived in City During the Past Week—Quickly Delivered.

A survey shows that during this week a number of car loads of coal or substitutes have arrived in the city and it is not expected that any home will suffer from the cold. The coal dealers state that they have been able to get a number of carloads of fuel during the past few weeks, but it is very quickly delivered.

Charles Anglin, of S. Anglin & Co., when speaking to the Whig, stated that his firm has received seven cars of fuel this week and they expected more in the very near future. Some of the cars were loaded with hard coal of different sizes, while the others had substitutes such as coke and briquettes.

William Drury, coal and wood dealer, said that he had received one carload of hard coal this week, and he expected that he would have four more during the month.

James Swift & Co., stated that they have been able to get a carload of coal each week, but there was no surplus on account of there being so many back orders.

The Sowards Coal company has not received any cars of hard coal this week, but received some soft and canal coal.

The firm of R. Crawford Company has been able to get a few cars of coke, but as far as hard coal is concerned their bins are practically empty.

Some of the coal dealers, when asked if they thought the opening of navigation would help things stated that it might but they were of the opinion that there was a great shortage of hard coal at the mines. One dealer stated that the people could not expect to get as much hard coal this year on account of the miners being out of the mines for five months in 1922.

Until such time as hard coal commences to reach the city in any large quantities, the citizens are advised to burn wood or other substitutes.

TO BEGIN REBUILDING CHURCH OF ST. ANNE
Celebrated Shrine Edifice Will Be One of the Most Magnificent.
Quebec, March 1.—The plans for the reconstruction of the St. Anne De Beaupre church, which was destroyed by fire last spring, have been completed and by the middle of this month, work is to start on the new temple. The building will cost several millions dollars, but it will only be done gradually the plans providing first for the completion of the church sufficiently to handle pilgrimages and allow religious services to be conducted after \$700,000 has been expended. Progressively, according to subscriptions received, the sacred building will be enriched to such an extent that when entered in accordance with the final plans, it will be one of the most magnificent churches in America. The new church will resemble the old. Not only will it be vaster but its style will be a composite of Roman and Gothic. It will be erected nearer the St. Lawrence river than the old one.

There will be twenty-five side chapels. The Redemptorist Fathers plan to provide the church with organs of great riches. The plans will be given out in full in ten days by the architect, Col. Audot.

Bank Clearings.
The bank clearings for the week ending March 1st as reported by W. B. Browne, manager of the Kingston Bankers' clearing house, totalled \$482,275.64. For the same week a year ago \$648,418.67.

Sheriff R. J. Vair left for Toronto Thursday to attend the Ontario sheriff's convention. While in the city the sheriffs will be the guests of His Honor, the Lieutenant-Governor.

FEET HURT?
Are You Corn and Bunion Crazy? Do Your Feet Ache, Burn, Sting and Draw? Here's Instant Relief!
Torturing, joy-killing Corns and Bunions or sore, hot, tired, tender, swollen feet are unnecessary now for folks who know about very Wormwood Balm—the new foot joy. Why be irritable, cross and peevish, limping and dodging down the street—every step an agony? Try this: Before you go to bed to-night just rub on a little cooling, soothing, penetrating Wormwood Balm. Ah! what relief! Instantly your feet will feel cool and fine. It draws out all the aching, stinging, burning soreness like magic until your feet could dance for joy. No more dangerous corn-cutting or peeling, no more sticky, burning masses that eat off half your toe. No more rags or plaster. Just feel foot comfort day in and day out—simple, safe, easy and pleasant to use and not at all expensive.

At all drug stores. Get the genuine Geero Wormwood Balm.

Notice to Creditors
In the Matter of the Estate of Andrew John Potter, Late of the City of Kingston, in the County of Frontenac, Engineer, Deceased.
NOTICE IS HEREBY GIVEN, pursuant to R.S.O. Chap. 121, Sec. 55, that all creditors and others having claims against the estate of said Andrew John Potter, who died on or about the twenty-sixth day of December, 1922, are required on or before the first day of March, 1923, to deliver to T. Rigney, 89 Clarence Street, Kingston, Solicitor for the Executors of said estate, their names and addresses and full particulars of their claims and of the securities, if any, held by them, and that after said last mentioned date, said Executors will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard to those claims only of which they shall then have had notice, and that they will not be liable for any part of said assets to any person of whose claim they shall not have had notice at the time of such distribution.

T. J. RIGNEY,
Solicitor for Executors.
Dated at Kingston, this 21st day of February, 1923.

Hotel Frontenac
Kingston's Leading Hotel
Every room has running hot and cold water. One-half block from Railway Stations and Steamboat Landings.
