GASSED OVERSEAS SHELL SHOCKED and RHEUMATISM

Mr. F. M. Blaquiere, Morinville, Alta., writes:—"After three years service overseas I returned to Canada almost a complete wreck. I had been gassed, and was suffering from shell shock and rheumatism, and was so nervous I could not sleep at night. I tried many medicines and doctors, but none of them did me any good for any length of time. I got so bad, in the Fall of 1919, my hands were so shaky I could scarcely hold anything, and it seemed as if I had a steel band pressing on my head. The least excitement would almost drive me into fits, and my whole system seemed to be in disorder. I had cramps in my legs nearly every night, and hot and cold chills running up and down my back nearly all the time. One day I decided to try Milburn's Heart and Nerve Pills, and after I had taken six boxes I began to feel better. I kept on using them and after a while I was completely relieved." Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Mr. Bromley in talking on tourist traffic in Frontenac says a man who ran a small place had to turn away a hundred persons during the season. One small hotel man making \$1,000 in other days, made \$3,000 last season. At another lakeside a caterer to tourists not only filled his hotel but accommodated scores in tents. The flow of tourists is on and should be encouraged.

Effect of Revival. At Spencerville, during the mission recently conducted there by Rev. D. T. McClintock, says the Presbyterian Witness, the skating rink was practically put out of business for two weeks. Two important hockey matches were called off in order not to interfere with the services. The business men closed their stores at night that people might have the opportunity of attending the meetings. At the reception service following the mission, fifty were received on profession of faith.
