The National Game.

To Deseronto goes the honor of having paid the first 1923 fee to the O.A.L.A. They have entered junior and midget teams, and will send down a strong delegation to help elect their nominee, Harry Moore, who has done such splendid work in the interests of lacrosse down around that part of the country.

SPORT SNAP SHOTS

Catcher Jack Onslow, who played with Kansas City some years ago, has been reinstated by Commissioner Landis. He is a brother of Eddie Onslow.

Bob Forward, Yarmouth, N.S., a rookie pitcher, has been given his unconditional release by Manager McKechnie, of Pittsburg, at the Hot Springs training camp.

Frank O'Rourke and Manager Howley had no difficulty in agreeing on terms, the pair "splitting the difference." As in the Jones case, the Toronto club just completed the O'Rourke deal in time as the next day the player received an offer for an outlay league in Wisconsin for more money than the Toronto club are paying him. He would have accepted the outlay offer, he said, had he not heard from Manager Howley.

Marty Killitea, manager of Johnny Wilson, middleweight champion, Boston, has retired from boxing, saying he is disgusted with the way Tex Rickard and the New York boxing commission are running the game. He is going into business in Boston. "Wilson was never given a chance," he said.

Douglas Lawson, Williams line coach, has resigned and will act as assistant to Percy Haughton, new Columbia coach.

Farmer Lodge, Minnesota heavyweight, has been selected by Tex Rickard as the opponent for Luis Firpo, South American champion, on the charity card to be staged at the Yankee stadium May 12th.

Jess Willard in Fine Form For Johnson Bout

At Excelsior Springs, Mo., Jess Willard, conditioning for his bout with Floyd Johnson at New York, May 21st, now smiles at a day's drudgery, although it was a painful and tedious job when he started two weeks ago to work back to the form he fondly hopes will bring him a return bout with Jack Dempsey, who wrestled from him the world's heavyweight boxing championship.

Eight miles a day over the hilly roads of this region is an important bit of the daily grind and the former champion's ponderous legs are said to be showing the strengthening effects of that routine.

Willard is willing, he said, to meet Firpo, the South American, if necessary to obtain a match with Dempsey.

Will Not Permit Lodge To Battle With Firpo

The New York State Athletic Commission announced it would not permit Farmer Lodge of Minneapolis to box Luis Firpo, South American heavyweight, at the American League Stadium on May 12th.

The commission ruled that Lodge was not a suitable opponent for Firpo, and ordered that a selection be made from Jim Herman of Omaha, Neb., Jack Renaud of Canada, and Jack McAuliffe II, of Detroit.

Elect Golf Officers.

At the annual meeting of the Belleville Golf Club, Limited, the report showing that there is about \$500 in the bank. Officers were elected as follows: Honorary president, Dr. J. J. Farley; president, Judge Willis; vice-president, Mrs. S. A. Hyman; secretary-treasurer, A. Y. Snider; directors, Judge Willis, Mrs. S. A. Hyman, Mrs. S. Masson and A. T. Snider. The directors were authorized to renew the lease of the present grounds for a term of three years.

Shields, of Penn. State, won the mile and Higgins, of Columbia, won the two-mile at the Intercollegiate last year.

BooHoos Dine.

In Celebration of Their Successful Hockey Season. To celebrate the closing of a successful season in the Junior Juvenile Hockey League, the BooHoos Club recently held a turkey banquet in the Queen's cafeteria. The toast to the team was proposed by W. Bird, Melford Pennock, the captain, responded and appealed to his claims for a continuation of that sportsmanship for which they had already become known. The toast to the league, by Harry Bird, who recalled some of his own amusing experiences in connection with similar associations, was replied to by Harold Buck, the team's manager. He paid tribute to the hard-working league officials who had made the season such a success. George Stewart, the club's mentor, when making the closing speech of the evening, reviewed the short but eventful history of the club and ended by stating that the BooHoos Club was an entirely separate and self-supporting organization.

Sanford's Grand National Win

Stephen Sanford, who won the Grand National Steeplechase at Aintree, England, on Friday, with his thirteen-year-old gelding Sergeant Murphy, may well consider himself fortunate, for he has accomplished at the threshold of his racing career what many other enthusiasts of steeplechasing have failed to attain after a lifetime in pursuit of this most coveted of all the classics for jumping horses, says the New York Herald.

Young Mr. Sanford—he has barely passed twenty-one—comes naturally by his love of a good horse. He is the son of John Sanford, a member of the Jockey Club, the owner of the Hurrucania Farm at Amsterdam in this State, and grandson of that fine old sportsman the late General Stephen Sanford. General Sanford never raced his horse until the Saratoga meeting in August, and before sending them to the home training grounds he gave a day of sport to his fellow citizens of Amsterdam, closing the great mills of which he was the head and declaring the day a holiday.

That Sergeant Murphy, which was bought last year by Stephen Sanford, was the type of horse for a course like Aintree was shown in the race for the National in 1922, in which he was one of five to stand up to the finish, the other twenty-seven starters falling at some part of the four and one-half mile journey. The judgment of the young American was vindicated when the chestnut gelding won the Scottish Grand National two weeks before the Aintree contest.

Since then the Irish bred chaser has been brought along with a winning at Aintree as the ultimate goal. In defeating Shaun Spadad, winner of the National in 1921, Sergeant Murphy showed the staying power that might be expected from a grandson of Childwick and an Ascutie dam. While Rubic, bred in the United States, won the coveted prize

in 1908, Sergeant Murphy is the first American owned horse to capture the classic. There will be great rejoicing at

BOXING CHIEFS DECLARE WAR ON CHAMPIONS

Legislation Enacted Which is Aimed at Stalling Title-holders.

Characterizing its action as a declaration of war against the ring champions who persist in ignoring the challenges of logical contenders for their titles, the New York State Athletic Commission today adopted a drastic ruling compelling pugilistic kings to go through with challenge matches before taking part in any other bouts in this state.

The text of the ruling is a virtual ultimatum to a number of champions who have failed to recognize challenges for their honor.

The ruling, it was pointed out, affects two recent challenges filed with the commission, one by Carl Tremaine, of Cleveland, for a bout with Joe Lynch, bantamweight champion; and another by Sailor Friedman, of Chicago, for a match with Benny Leonard, lightweight title holder.

It also effects the challenge of Harry Wille, New Orleans negro, for a title match with Jack Dempsey for the heavyweight crown, but Mr. Muldoon explained that in this particular case both fighters had signed and that the proposed bout had been sidetracked by failure of any promoter to make a definite offer to put it on.
