A doctor writes:—
"Among patients who had been gassed in the world war was a young man of the Canadian 'Black Watch,' who on Armistice Day had the distemper of respiration. Some time ago I met him again and found his respiratory tract all right. On enquiry he gave the condition 'Mintine' for his improver." This Doctor further states: "I had long since had the opportunity of giving Mintine my faith in Broncho-laryngeal troubles."

MRS. MISENER'S ACHES AND PAINS
Vanished After Using Lydia E. Pinkham's Vegetable Compound
"Branchton, Ont.—"When I wrote to you for help my action was mostly self-prompted by curiosity. I wondered if I, too, would benefit by your medicine. It was the most profitable action I have ever taken, I heartily assure you, for through its results I am relieved of most of my sufferings. I have taken six boxes of Lydia E. Pinkham's Vegetable Compound and a bottle of Lydia E. Pinkham's Blood Medicine, and I can honestly say I have never been so well before. I had suffered from pains and other troubles since I was fifteen years old, and during the 'Great War' period I worked on munitions for two years, and, in the heavy lifting which my work called for, I strained myself, causing pelvic inflammation from which I have suffered untold agony, and I often had to give up and go to bed. I had doctors for several years without getting permanent relief, when I started to take your medicines."—Mrs. GOLDWIN MISENER, Branchton, Ont.

Col. Gillespie in London
The London, Ont., Free Press has the following:
"Lieut.-Col. George H. Gillespie, recently appointed inspector of cadets in Military District No. 1 has taken over the duties of his office at Wolseley Barracks succeeding Lieut.-Col. McCrimmon, who has been transferred to Toronto.
Col. Gillespie marks the beginning of his work by announcing that plans are under way for holding what will probably be the greatest cadet camp in Western Ontario's history, which will probably begin in this district in July. Every school in this district will be urged to send representatives.
The 1923 cadet camp will have for directors of his physical activities representatives of the Ontario athletic commission that has headquarters in Toronto. This is a distinct departure in cadet camp administration.
Col. Gillespie states that he is very pleased with the condition of the cadet movement in this district which has been so ably supervised by Lieut.-Col. McCrimmon.
Kingston is the new cadet inspector's home. He was born and brought up in that city and spent many years of his military career, to date, there. His work in connection with the Canadian cadet movement, has received the highest recognition both from official sources and from citizens at large."

STOMACH TROUBLE "INDIGESTION"
Relieved By
Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has to pick and choose his food is the most miserable of all mankind. Even the little that is eaten causes much torture, and is digested so imperfectly it does but little good.
Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.
Mr. Wm. Kruschel, Morden, Man., writes:—"Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even then I generally had pains after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. B. has done wonders for me after all other medicines failed."

B. B. B. is put up only by The T. Milburn Co., Limited, Toronto, Ont.
GRANDMA USED SAGE TEA TO DARKEN HAIR
She Mixed Sulphur With It To Restore Color, Gloss, Youthfulness.
Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.
While wispy, gray, faded hair is not stylish, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by brushing all gray hairs bare, disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
