Dann, married, aged 38 years, charged with having beaten the woman to death with a hammer and with afterward setting fire to the body, was arrested as he was leaving the vicinity of the house, and is charged with murder. Patrick O'Brien, who lives with Annie Fields, was also arrested by Detectives Greenlee and Dawn, and is being held in custody as material witness. Bad liquor procured at dives in the Ward, together with the mental strain of experiences overseas, is given as the cause for the crime.

### THE GOVERNMENT WOULD BEAR THE WHOLE COST

#### Of the Building of Highways Throughout the Province of Ontario.

Toronto, April 16.—By an amendment introduced into the Ontario Legislature the Drury Government proposes to take over the whole of the cost of future provincial highway construction. In the past the Government has assumed but 80 per cent. of the cost, and the county the balance.  
Hon. F. C. Biggs' decision that the Government should pay the whole cost of these highways is of some considerable political significance at this date, inasmuch as highways expenditures, and the local liabilities incurred by their construction, have been among the strongest items of criticism emanating from rural communities.  
If the House concurs in a move to pay 100 per cent. of the cost out of consolidated funds, it means that a big source of political dissatisfaction among the farmers of the province will have been removed.

Though flatly refused co-operation between the Dominion and Provincial governments on the matter of French River developments, the cause will not be abandoned.

Members of the Cataraqui Golf and Country Club, had their first game of the season on Saturday.
