HELP ALONG THE WORK OF RED CROSS SOCIETY

Everyone Who Can Should Assist in Raising \$2,500 For Kingston Branch.

The Kingston branch of the Red Cross Society is making another strong appeal today for the campaign for membership, and it is hoped that citizens will be as liberal as they possibly can, in order that the sum of \$2,500 aimed at, will be realized.

The committee in charge realize that times are hard with many citizens, but they are hoping that those who can afford to give will respond with as large sums as they can, so as to make up for those who cannot give.

The story of the work which has already been carried on by the Red Cross Society is a wonderful one, and shows that the cause is one that should be given strong support. One item that should receive consideration is that the society is spending \$1,500 per year among the soldiers, in hospital work, while the sum of \$1,400 per year is being expended in maintaining a nursing hospital and relief work in New Ontario.

The campaign for membership will continue today and on Saturday, and by a united effort it is hoped to raise the sum desired.

A letter from Laura Holland, Toronto, director of nursing service, will throw the searchlight on some of the work the society has been doing in Northern Ontario. In her letter, the director of nursing service states that she has just returned from a visit to Halleybury and Englehart. At both places the society is doing a splendid piece of work and meeting a great demand.

Nurse Holland also makes special reference to the hospital work being carried on in Northern Ontario. Fire sufferers have been well attended, and it is hard to just what would have happened to some of the unfortunates had not the Red Cross Society taken up the work.

"I feel sure that your branch will be interested in hearing of the relief work that is being done here," says the writer. "I only wish that your members could see its results, for I know they would feel more than compensated for any efforts made in obtaining the funds to help support our outpost in the fire zone."

Letters to the Editor

The Need of a Farmers' Union Kingston, April 18.—(To the Editor): Pursuing the contents of your valuable paper the other day, I read Mr. McNamee's article regarding the Farmers' Union of Canada. I have had the privilege of being connected with this movement in Saskatchewan and cherish the greatest hopes for its success.

Have you ever considered what a profitable project it would be if all the farmers and farmers' clubs united into one organization? This project of organization has met with success in the government and in the business world, and could also be made practical among the farmers if they would only get down to study their conditions and then try and solve their problems. This is the chief aim of the Farmers' Union of Canada, recently started in Saskatchewan. Believing that the history of its beginning may serve to set other farmers thinking, I will attempt to give you a bird's-eye view of it.

Before entering into the discussion of the history of this movement, however, let me propose that every farmer ask himself: Can I run my farm on a paying basis, if not, why? Farming, which includes stock raising, is the basic industry of our planet in general, and Canada in particular. Is there no demand for the farmer's product? Or is it because the farmer does not know how to look after his affairs? It is high time that the agriculturist, like the business man, should get down to business. And like the doctor, examine and diagnose his case, find the cause of the disease and then apply the medicine. It is no use complaining, that does not get anyone anywhere. If you will not look after yourself why should somebody else?

Five large, modern condensaries in the finest dairy districts of Canada, are required to supply Canadian housewives with this every-purpose milk.

Four sizes—a size for every need. The Borden Co. Limited MONTREAL

due to the fact that when the farmer has to purchase something he asks: what is your price? and when he markets his goods he again asks what is your price? Let me illustrate this by concrete examples.

Last summer when negotiations with Turkey darkened, a rumor spread that war might break out once more. The price of wheat went up 5 cents per bushel, that of flour was raised to 39 cents. The rumors subsided and the following day wheat went down to the original price. The flour, on the other hand, remained at the new price for quite a while. Similarly, the butcher would come to the farmer, buy his best steer for 3 cents to 4 cents a pound—that was the Winnipeg price. The farmer would bring the animal into town, and all the butcher had to do was to kill and serve it out to the consumer at 13 to 20 cents a pound. Nobody could say a word; it was perfectly legitimate. I could go on giving example after example, but I would only be wasting your time. You meet them in everyday life.

Now, it is self-evident that if any producer, business-man or tradesman wants to be progressive he must have control of his products or goods as the case may be. Here the old "war cry" farming is different than "supply and demand," or "price is heard everywhere. If these cries would investigate the matter before accepting it as their law, they would find that the above statements cannot be positively demonstrated. They will learn among many other things, that last December the price of wheat delivered at Fort William was 18 cents to 25 cents a bushel, lower than the Duluth price. If supply and demand rules supreme on the grain exchange, how do you account for this difference in price in elevators only a few miles apart? Canadian wheat is as good as American.

Evidently there must be some other factors, other than supply and demand, controlling these issues; they may be governmental but more likely are the united efforts of the Board of Trade rather than Europe. Liverpool no doubt has an influence on the grain exchange but so has Minneapolis, Winnipeg and Buenos Aires.

As only united effort can compete with united efforts, farmers must unite and all pull together to solve their problems. This is the aim of the Farmers' Union of Canada and should be the aim of every farmer and true citizen.

A. S. SINCLAIR. Had a Narrow Escape. Charlottetown, April 16.—The sugar season is on after a long wait. Miss Julia Hudson has returned from Sarnia, N.J. Mrs. William Halliday returned from Toronto on Wednesday much improved in health.

Mr. and Mrs. Ford Moulton, Jones' Falls, are visitors at the latter's home here. While J. A. Flood was proceeding to Brockville with his truck and cans of cream he narrowly escaped fatal injuries or perhaps instant death. Mrs. Flood accompanied him and when they reached the C.N.R. crossing at Morgan King's, the train approached. They did not notice it until they reached the track. He quickly swerved the truck and escaped but the call was so close that the engine tore one side of the railing off the truck.

Serious Accident at Wagarville. Wagarville, April 12.—The weather keeps very cold and windy and the prospect for the run of sap is very poor. Frank Snider had his leg badly broken when the wagon which the gas engine was on upset on him. He was taken to Kingston General Hospital. All hope for a speedy recovery. Mrs. George Howes has been very ill, but is now some better. Bert Wagar, Verona, is recovering old acquaintances her. Miss Mildred Bertram, Parham, is visiting relatives here. Hugh Leslie spent a few days at Everton Cronk's.

A BIRTHDAY PARTY.

To Honor Edward Hagerman on His 51st Anniversary. Napanee Express. On April 7th, at the home of Edward Hagerman, Storms' Corner, a birthday party was given in his honor, it being his eighty-first birthday. About seventy relatives were present, nineteen of whom were grandchildren. After a bountiful supper Mr. Hagerman was presented with a beautiful quarter-cut oakavenport, which was upholstered with leather. Among those present were Mr. and Mrs. Ab. Potter and family, Kingston; Mrs. Sloan and family, Kingston; Mr. and Mrs. A. A. Hagerman and family, Mr. and Mrs. Harvey Sharp and family, Ernest Sharp Clark, Kingston; Mr. and Mrs. Eddie Clark, Kingston; Mr. and Mrs. Anson Hagerman and family, Mr. and Mrs. Fred Hagerman and family, Mr. and Mrs. Walter Hagerman and family, Mr. and Mrs. John Hagerman and family, Mr. and Mrs. Wm. Hagerman and family, Kingston; Mrs. Carrie Hagerman, Kenny Hagerman, Miss Helen Hagerman, Miss Reta Hagerman, Wm. Kenny, Mrs. Amey Snider, Mr. and Mrs. Hill and family, A. M. Parrott, Kingston. Mr. Hagerman was born eighty-one years ago on Lot 17, in the third concession of Ernestown, and lived there until his marriage, fifty-one years ago to Armontha VanNorman. They then moved to Centerville where they spent one year. He then purchased and moved to a farm on Lot 8, in the fifth concession of Ernestown, where he lived for ten years, after which he moved to the farm now owned by John Hagerman, it being situated on Lot 17 in the 4th concession of Ernestown. He resided there for about eighteen years and having purchased the farm on lots 12 and 13 in the 4th

Verona News. Verona, April 18.—Syrup making is the order of the day and is plentiful. E. M. Revell has purchased the property owned by A. Wilkins and is building a new barber shop and telephone office. Mrs. J. McKeever has gone to Oshawa where her husband has a position and Mr. McBain has moved into Mr. McKeever's house. Mrs. D. C. Snider intends taking up residence in Verona again.

Mrs. D. Richardson, visiting her sister, Mrs. A. Wells, has returned to her home in Kingston. Dr. Craig's many friends are glad to know he is so far improved as to be able to come home. Frank Goodberry, Sperry Snider and Elwood Kennedy left on Monday for Detroit where they have secured positions. Mr. Hartman has made one trip to Kingston with the stage.

Hermie Freeman has purchased the Vandewater property and moved in on Tuesday. C. F. Davy has purchased a car. Mr. Leadley has returned from visiting his sister in Toronto.

Miss Mary McKeever, Prescott, was found dead on Monday having passed away of heart failure. She was a prominent Catholic and charitable worker.

W. G. Ozmond has been re-elected president of the Brockville Rowing Club. Donald E. Lewis is secretary-treasurer and Arthur Findlay is captain. Death came with suddenness to Hattie E. McCurdy, wife of J. D. R. McCurdy, Belleville, at midnight, Tuesday, as a result of paralysis. John Borthwick, Lyn, aged seventy-seven years, is dead. He farmed near Frankville for fifty-five years.

B. V. McGEEIN BUTCHER Begs to announce to his customers that he is moving again to Princess Street. The address now will be— 338 PRINCESS STREET Opposite D. Couper, Grocer He will open in his new store with a full stock of choice FRESH AND SALT MEATS on SATURDAY, APRIL 21st, 1923 and trusts to be favored with a further continuance of your kind patronage. SAME TELEPHONE, 1182.

W. E. AUSTIN Makes Remarkable Offer to Any Person in Kingston Who is Weak, Sick, Nervous or Run-Down. It is Now Possible for You to Come to This Store, Get a Package of Genuine Nuxated Iron, Use It for Two Weeks, and if at the End of That Time You Have Not Received All, and Even Greater Benefits Than You Expect, Simply Bring the Wrapper Back to W. E. Austin and We Will Cheerfully Hand You Back Your Money. Kingston people may well ask how we can afford to make this remarkable "Satisfaction or Money Back" offer. Medical examinations by physicians all over the country show that an amazing number of people lack 100% iron in their blood. At a recent conference, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out Door Department), New York, and the Westchester County Hospital, said: "Without iron, the blood becomes weak, thin, pale and watery. In many people this so seriously troubles, because they often had pains and palpitation of the heart, sudden dizziness, faintness or spots before the eyes. In a great many of these cases, the moment iron was supplied, all of these symptoms disappeared." We make this offer because Genuine Nuxated Iron contains true organic iron like the iron in your blood. So many people are deficient in iron who would surely be benefited by this remarkable remedy that we recommend that you come right to W. E. Austin and get your bottle of Nuxated Iron. Use it for two weeks, and note the improvement in your own strength, energy and endurance. If you are not more than surprised at the results, just bring back the wrapper and we will promptly refund your money without question. One today is better than ten to-morrows.

Abbey's EFFERESCENT SALT A TONIC LAXATIVE GRAY HAIR BECOMES DARK AND BEAUTIFUL Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Every body uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking only a small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.
