AMUSEMENTS
What the Press Agents Say About Coming Attractions

Big Time Vaudeville Coming.
The management of the Grand Opera House has secured "The Cultural Vaudeville Circle" for all next week. The programme consists of seven of the biggest and best vaudeville acts ever offered in Kingston, including Tameo Kajiyama an early product of the mental evolution foretold by W. S. Jevons. A little reflection will show that knowledge in the highest perfection would consist in the simultaneous possession of a multitude of facts. To comprehend a science perfectly, we must write a book and we must read it successively word for word, but how infinitely higher would be our powers of thought if we could grasp the whole in one collective act of consciousness! Compared with the brutes, we do possess some slight approximation to such power, and it is conceivable that in the indefinite future, mind may acquire an increased capacity and be less restricted to the piecemeal examination of a subject. But I wish here to make it plain that there is no logical foundation for the successive character of thought and reasoning unavoidable under our present mental conditions. We are logically weak and imperfect in respect of the fact that we are obliged to think of one thing after another. The Principals of Science, Chapter 2, Page 34.

BERNHARDT PRAISED LAURETTE TAYLOR
While "Peg O' My Heart" was playing in New York—with Laurette Taylor in the stellar role, the divine Sarah Bernhardt arrived in the metropolis. After watching Miss Taylor act, Bernhardt wrote:
"One young artist in New York has not allowed herself to be blinded. She has worked hard and is still working, although she is already a very agreeable comedienne possessing humor, emotion, and a rare thing for her age—power. I speak of Laurette Taylor, who will become within five years the foremost actress of this country."
It is this same play, "Peg O' My Heart," which Miss Taylor has just completed immortalizing on the

INCOME TAX OFFICE HAVING BUSY TIME

Just Three More Days in Which to Pay the Dominion Levy.
This is the "open season" at the local offices of the Dominion income taxation department, and the Kingston staff are busily engaged in handling the scores of returns that are being handed in daily. The final date for the return of the forms is April 30th, just three working days away, and as the closing date grows near the general rush increases in a corresponding measure.
In conversation with Inspector C. E. Millar on Thursday morning, the Whig was informed that very little trouble was being experienced this year in obtaining correct returns—at least in comparison with the previous years during which the act has been in force. Citizens at large, merchants, professional men, farmers, and men and women in every other walk of life, have become educated into the mysteries of the income tax return and as a result the life of the tax statistic expert will be prolonged thereby.
The Kingston office has been open in the evenings for the past few days in order to assist those people who would find it inconvenient to attend to this necessary yearly routine in the ordinary working hours. The various members of the staff have worked untiringly in their efforts to assist in every way possible, and the numerous courtesies extended by the staff, from the inspector down to the "cub" clerk, have been greatly appreciated by the Kingston public.
In reply to a query as to the probable increased efficiency in book-keeping methods that might be brought about by the income tax necessity, Mr. Millar stated he was certain that many smaller business men and farmers had derived a real benefit by the new act. In the first years of its enforcement many of these men had no accurate account of their financial standing but now everything is different, and there are few indeed who do not keep books of a sort at the present time.
With only three more days remaining, it is expected that the returns will come in very fast now, as it is clearly stated on the forms that late returns constitute an infringement of the act.

NO CHEESE OFFERED.

At Opening Meeting of Frontenac Board on Thursday.
The Frontenac cheese board met on Thursday but no business was transacted, and it adjourned to May 10th when the factories in the district are expected to have a quantity to board.
This year it was stated, the cheese boxes will have to have the covers nailed or wired on, otherwise the railways will not accept them. The nailing of the covers with one-inch nails seems to be the method preferred.
Those present were Edward Brice-land, Wolfe Island, president, William Millar, secretary, Joseph Cramer, C. D. Cramer, Glenvale; George Smith and R. Hamilton, Parham, John Gibson, George Thompson and L. W. Murphy.

Hotel Dieu Euchre.

The weekly euchre given by the Ladies' Auxiliary of the Hotel Dieu in the nurses' recreation hall on Wednesday evening, concluded the series which had been greatly enjoyed by all those participating. There were fifteen tables, and the lady's prize was won by Miss Unneppa Caverly, and the gentlemen's by I. Plunkett. The trophy for the entire series, donated by Charles Donoghue, was won by Mrs. F. McGuire, 161 Raglan Road. The convenors of the committee Wednesday evening were Miss Nellie Kirke and Miss Madeline O'Connor.

Suffers Fractured Arm.

Mr. Cameron, who was engaged in repairing a gasoline engine for Howard Keyes, a farmer on the York Road, on Wednesday afternoon suffered a serious injury when his arm got caught in the gear. Both bones of the forearm were broken. He was conveyed to the Hotel Dieu where the bones were set.

SHIELDS PRESENTED.

To Members of Queen's Championship Rugby Team.
On Thursday noon the eighteen members of Queen's senior rugby team, which won the Dominion and Intercollegiate championships last fall, were each officially presented with a shield by the trustees of Queen's University. J. M. Farrell, the representative of the board of trustees on the athletic board of control, made the presentation.
At first it was thought of having the presentation take place in Grant hall, but on account of the students writing their examinations the event was held on the steps of the gymnasium. A large number of students were on hand.
The Canadian Rugby Football Union championship shields for 1922 presented to the members of Queen's team, consist of an oak panel with a large sterling silver "Q", inside of which is placed Queen's crest in enamel. Underneath on a silver plate the name of the player is inscribed. These shields were designed by the firm of Kinnear and d'Esteve, jewelers and silversmiths, Princess street.

DISSATISFIED OVER WAGES.
Number of Men Quit Jobs at the Collingwood Shipyards.
A number of men employed at the Collingwood ship building company's plant quit work on Thursday afternoon, and it is understood that they are dissatisfied over their wages.
A Whig representative called up one of the officials over the telephone and was informed that the company had no information to give out about the trouble. "The men quit their work and went home," said the official.

Entertained Young People
Junetown, April 24.—Mrs. Alvin Avery left last week to visit her daughter, Mrs. (Dr.) B. T. McGhie, London, Ont. Cedric Scott, Bath, is enjoying holidays at his home here. Charles Glenn, Escott, and Mary Scott, were quietly married in Brockville, on Tuesday. Several from here attended court at Mallorytown today.
Mrs. Haskins, Athens, made a business trip through here today. Charles Glenn spent today in Brockville. Farmers have completed shrap-making. This season was short with a continuous run of sap. W. H. Franklin was in Lyn on Tuesday. Mr. and Mrs. J. A. Herbinson very pleasantly entertained about thirty young people of Rockfield and Junetown. Warm sugar was served and a very pleasant evening enjoyed by all. Misses Agnes and Virlin Green spent Sunday at E. J. Kahut's, Caintown.

Widow of Late R. W. Fowler Sole Beneficiary.
Napanee, April 26.—"I leave everything, real and personal to my wife, Rachael Ann Fowler, and I appoint her sole executrix of this my last will and testament," says the brief will, drawn up on 15th of February, 1923, of the late Reginald William Fowler, M.P.P., Amherst Island, Fenian Raid veteran and Dean of the Ontario legislature, who died during the winter.
The will has just been probated at the local surrogate court and dispenses of \$13,000. The property consists of balance of the late member's sessional indemnity, \$1,100, promissory notes and book debts \$130, insurance \$1,256, cash on hand \$300, cash in the bank, \$46, agreement of purchase with M. Silverthorn of Cochrane, Ont., \$910, and real estate \$9,430. This last is made up of 175 acres on Amherst Island, \$5,600; another forty-six acres on the island, \$1,300; unimproved land in Lamarshe and Glamara Townships \$200; Fenian Raid grant in Crawford township, \$80; lot in Glackmara, \$50, and three parcels of land in Alberta, one valued at \$200 and the other two at \$1,000 each.
An inward sincerity will, of course, influence the outward deportment, but where the one is wanting, there is great reason to suspect the absence of the other.
