### A YEAR OF PROGRESS WITH THE ROTARY CLUB

Directors Were Elected at the Annual Meeting Held on Friday.

That a splendid year of progress has marked the activities of the Kingston Rotary Club, was manifested at Friday's luncheon in the British-American hotel, when reports were submitted, covering the work of the year.

The president, Loman A. Guild, was in the chair, and there was a good attendance of members. A. E. Weller and I. E. Ivey, were introduced as new members, and were given a warm welcome. H. A. Millar, Ottawa, a former member of the local club was a guest.

Reports were given by Charles Anglin, chairman of the entertainment committee; L. T. Best, chairman of the committee on public affairs; Ray Van Laven, chairman of the transportation committee; Harry Breathwaite, chairman of the boys' work committee, and A. N. Lyster, and the president, on the membership committee.

An interesting report was submitted on the fund for shoes and stockings. It showed that 153 pairs of boots—had been distributed, also 44 pairs of rubbers and 124 pairs of stockings. These were provided at a cost of \$614.94. There is a balance of \$37.60 from this fund, while there are outstanding accounts for a little over \$100. The club was able to render a good service in the undertaking.

As regards the membership of the club A. N. Lyster paid tribute to the work of the president during the year, stating that he had taken a prominent part in the securing of new members.

President Guild stated that the club at the present time had a membership of forty. The club was growing steadily and it would not be long before the fifty mark would be reached. Mr. Guild added that his work as head of the club during the year, had been a great pleasure to him. He had the co-operation of every member of the club, without which he would not have been able to have "carried on" successfully.

The secretary, Roy Ward, submitted a financial statement for the year, showing the club to be in a healthy condition. The report on the membership showed that on April 30th, 1922, the club had 32 members. During the year 11 members retired and with 19 new members the total membership is now 40.

The club has been notified that Belleville will send twenty-five or thirty members to Kingston to attend the inter-city meet on May 15th. Smith's Falls will also send a delegation and it is also expected that Watertown, Renfrew and Brockville will be represented. More particulars regarding this event will be announced later.

Announcement was made that the opera, "In a Persian Garden," would be given at the House of Providence, on May 2nd, under the auspices of the Rotary Club.

It was also announced that John Nelson, late proprietor of the Vancouver World, who has been making study of the Oriental problem, will be the speaker at next week's luncheon.

The election of directors created much interest. The seven directors elected are Loman A. Guild, Charles Anglin, R. H. Ward, A. N. Lyster, Bert Abernethy, H. Breathwaite and Dr. H. E. Day.

Rotarian T. D. Minnes following the election of directors, moved a vote of thanks to President Guild in appreciation of the service he had rendered during the year.

In moving the vote of thanks, Rotarian Minnes states that Mr. Guild had taken hold of the reins of office at a time when the club needed some person to boost it along, and in this he had succeeded in a wonderful way. Roy Ward seconded the motion, stating that the club had certainly prospered under the president's leadership, and that it had been a pleasure to work with the president.

The members of the club manifested their approval with the singing of "He's a Jolly Good Fellow."

### They Are The Real Remedy

Quebec Man Found Relief in Dodd's Kidney Pills.

Mr. Placide Fortin Says He Cannot Praise Dodd's Kidney Pills Enough.

Laurierville, Que., Apr. 27.—(Special).—"For a long time I have suffered with bad kidneys. I have taken all kinds of remedies and none of them have relieved me. My illness continued day after day. I always had bad pains in my kidneys. I started taking Dodd's Kidney Pills, and after the first box, I felt that they were the real remedy that I was wanting. I am employed in a flour mill and my work is heavy and tiring for the kidneys. Now that I take your remedy I do not feel any fatigue after my day's work. I cannot praise your pills enough."

This testimonial is sent by Mr. Placide Fortin, who is well-known and highly respected here.

It is statements like the above that have made Dodd's Kidney Pills a household remedy throughout Canada.

No ordinary remedy could produce such results as these, because only Dodd's Kidney Pills contain the peculiar tonic and restorative elements needed by weakened and inactive kidneys.

The president returned thanks in a neat address, in which he spoke of the hearty co-operation given him during his term of office by every member of the club. The president, he pointed out, could not have accomplished much without this co-operation from the members. Rotary had accomplished a great deal during the year, but he felt that much more could be accomplished in the future.

Rotarian Harry Pense referred to the splendid work of the secretary, Roy Ward, who he stated, was at all times hard at work in the interests of the club. He moved a vote of thanks to the secretary, which was seconded by Rotarian Dr. C. C. Nash and carried amidst loud applause. Roy replied in a feeling manner, stating that his work for the club had been a pleasure.

Friday's luncheon was marked by one of the best "sing-songs" ever held by the club. "Jack" Elder came back strong again with his favorite, "The Old Grey Mare," and it again made a hit.

### TO FIGHT TUBERCULOSIS Meeting of Citizens in Council Chamber on Evening of May 4th.

The wonderful enthusiasms and sincere offers of help which have come from all classes of citizens to the appeal now being made on behalf of the neglected sufferers from that dread disease, tuberculosis, leads one to conclude that the city of Kingston is about to commemorate her 250th anniversary by a memorial that will live for ever in the annals of service to humanity.

On the evening of the 4th of May, the citizens of Kingston will be given an opportunity of uniting for the purpose of organizing and officially launching the campaign to obtain such legislation as will make adequate provision for the giving of free sanatorium treatment to all individuals throughout the province of Ontario who are unable to provide for same.

It is unfortunately an indisputable fact that in the province of Ontario there are thousands (Kingston has its share) of sufferers from tuberculosis, active and otherwise, living as best they can, unable to provide any of the requirements necessary for sufferers from tuberculosis, a misery and burden to themselves and their families, and a menace to the good health of the community at large. If it were possible for these people to receive proper sanatorium treatment, especially at the early stages of their disease, there is every possibility of their being restored to health and useful citizenship, added to which is the necessity of protecting the general public from the chances of infection.

This movement must not be taken as the slightest reflection on the medical profession or public health authorities. They are doing all in their power with the facilities at hand, which they themselves will be the first to admit are grossly inadequate when dealing with tuberculosis. The average tubercular patient is totally different to the sufferer from almost any other form of disease. The ordinary remedies at the disposal of the doctor are of little avail. Good food, rest, not only of body, but of mind, unlimited sunshine, etc., are the main remedies in tuberculosis and these the doctor can recommend but not provide. There is but one way to remedy this appalling state of things—the provision of sanatoriums, in which the patients who are unable to afford the expense can have free treatment.

It has been quite impossible unfortunately for members of the initial committee to interview personally all the citizens who would like to have put the matter before, but those not approached must consider themselves more than welcome at the meeting in the city council chambers on May 4th.

The committee are hoping to have every class of citizen represented. This is a movement which is confined to no particular class, sect or party. Already there are promises of representation and support from the churches of every denomination, the medical and other professions, labor, fraternal and benevolent and other societies.

If ever Kingston had the opportunity of performing an act which will make the name of the old Limestone City live in the grateful memory of thousands of sufferers throughout the province it is now; so let all citizens who have the health and prosperity of not only Kingston, but Canada at large, sincerely at heart, attend and do their part.

### GANANOQUE

April 28.—Mrs. Haig and son, Dr. Worth Haig, are the first summer visitors to arrive, and are occupying their cottage on the south side of Tremont Park.

Mrs. Ken Mullin and Mrs. Louis Pecor were in Kingston yesterday. Aubrey Lott, D.D.G.M., of Frontenac No. 14 Masonic District, and R. B. Gilbert, George Gilbert, C. C. Skinner, Robt. Tulloch, J. H.
