GREAT SPEED SIRE ONCE IN DISGRACE

Late J. Malcolm Forbes Sold Peter the Great, 2.07 1-4, For \$5,000.

W. E. A. Stokes is authority for the story that the late J. Malcolm Forbes in 1903 used Peter the Great 2.07 1/4, as a buggy horse to drive from his home at Milton, Mass., in to his office in Boston, and that when the horse caught his shoe in a car track and pulled it off Mr. Forbes in disgust because he had stumbled, said to his trainer, "Sell the damned horse," and got out and walked to his office. Mr. Forbes had paid \$20,000 for him. He sold him at auction for \$5,000, a cast off from the select stud at Forbes Farm. Mr. Stokes, who bought the discredited stallion, used him in the stud with such unparalleled success that when he was twenty-one years old, S. A. Fletcher paid the New York breeder \$50,000 to obtain him for his Laurel Hill Farm at Indianapolis. This was seven years ago. That Mr. Fletcher "got his money back and \$100,000 besides" and that Peter the Great's descendants earned \$1,200,000 in purses and stakes before the old horse died are interesting statements made by Mr. Stokes.

Greeley Winings, the manager of Laurel Hill Farm, says that seven mares had been bred to Peter the Great, this season. Fully a dozen foals by him are expected in 1933. He seemed to be in the best of health until the day before he died. On Saturday he suffered a stroke of paralysis which made it impossible for him to rise, and he died on Sunday morning. He was buried at the side of his bungalow, and a suitable stone will mark his grave.

Far Eastern Olympiad Will Begin Next Month

The Sixth Far Eastern Olympiad to be held in Osaka May 21st to May 26th is arousing great enthusiasm in Japan, where increasing interest is being taken in all forms of track and field games.

Some idea of the importance attached to the forthcoming event by the people of Japan may be gathered from the plans that now are being pushed with great energy. A member of the Imperial family will act as patron and will invite all athletes and officials as well as leading citizens of Osaka to a grand banquet May 27th. The Imperial patron and a number of cabinet ministers will take part in the opening ceremony. Elaborate plans are being made for the entertainment of Chinese and Filipino visitors. Osaka municipality is extremely anxious to make the coming athletic event a big success. Special headquarters have been set up in the municipal office. The city is spending nearly a million yen on a stadium covering an area of 40 acres near Osaka harbor, with a grandstand to accommodate 100,000 people.

Grounds and court will be laid out for playing baseball and tennis.

To Fight Three Times Before Bout With Carpenter

Mike McTigue, light-heavyweight boxing champion, will engage in three no-decision bouts in the United States and Canada before defending his title against Georges Carpentier on July 14th, his manager, Joe Jacobs, announces.

McTigue, who is expected back shortly from Ireland, where he won the 150-pound crown from Battling Siki, is booked to box young Bob Fitzsimmons at Chicago, May 29th in the first bout after his return. His other matches are with Tommy Loughran at Philadelphia, June 8th, and with Roddy McDonald, Canadian boxer, on June 18th at Halifax, N.S., where McTigue won the Canadian middleweight title in 1929 by knocking out Gene Bousseau.

"MOST VALUABLE PLAYER" FOR ONE SEASON ONLY

The American league trophy committee has decided that no player, who has been awarded the honor of being the league's "most valuable ball player," is eligible to succeed himself. George Sisler, of the St. Louis Browns, is the only player on whom this honor has been conferred thus far.

The Giants established the 1922 record for the greatest number of hits in one game when, on July 10, they hammered three Pittsburgh pitchers for 23 hits.

The kids in this city are so crazy about baseball that some of them cannot sleep for thinking about it while others sleep but talk in their sleep about it.

The everlasting persistency of the Dempsey-Gibbons proposal can only be settled in one way and it will be a big relief to the sporting public when it is at last decided. Either some person should wallop Gibbons and then try out Dempsey or Dempsey should dispose of this challenger himself.

GIANTS SHOULD ROMP IF ROOKIES DELIVER

Bentley and O'Connell Should Make Winning of Pennant Certain.

Almost a million dollars' worth of young ball players will be tried out this season in the major leagues. Most of them will make the grade not so much because they are great ball players but for the reason that the two big leagues are in desperate need of young blood.

Duties other than baseball which fell upon young men during the war times set the process of developing young players back about three years and it is just now that the minor leagues are beginning again to turn out stars in large numbers for the faster company. Every club in the two big leagues has one or more young players holding down important jobs, and in several cases pennant chances depend in a large part on how they deliver.

This is particularly true with the St. Louis Browns, who have Robertson, a youngster, on third base, and Durst, another one, on first base. The fate of the St. Louis Cards also rests in a large part on how fast Holm, a college boy, comes in understudying Doc Lavan, and how well Bottomly gets along at first base. The Chicago White Sox also stake their chances on Willie Kamm, the California third baseman, and Cleveland has two important places occupied by youngsters—Lutz at third base and Summa in the outfield.

The New York Giants have two big gambles in Jimmy O'Connell, the \$75,000 outfielder, and Jack Bentley, \$65,000 southpaw pitcher. If they deliver, the Giants ought to be in by the middle of August.

Tendler has never been knocked out. He has lost three fights—to Johnny Noye (foul), to Rocky Kansas and to Charley Pitts (foul).

Included in the communication from Kingston was an invitation from the Kingston yachtsmen, extended to the local sailors, to take part in a regatta to be held at that city in August. It was decided to accept the invitation. Great merit, or great failings, will make you respected or despised, but trifles, little attentions, mere nothing, either done or neglected, will make you either liked or disliked, in the general run of the world. Men seldom think deeply on subjects on which they have no choice of opinion. They are fearful of encountering obstacles to their faith, and so are content with the surface.
