## WHY?

Try to make yourself a new Hat out of materials that are as common as postage stamps. You spend from \$3 to \$5, spend hours in the making of it and what have you got when it is finished? Something your friends laugh at a block away.

No doubt you have a Hat you used to like but are tired of the shape. Let us reblock it up-to-date. You will have a Hat when it is finished. It won't cost more than \$1.50 and probably less.

"When my little son was three months old he broke out in sores on his chest and arms. We did all we could to heal those terrible sores, but nothing did him much good.
